

**Chapter 1 : Promise You Won't Tell? | Youth Ministry Unleashed**

*I got this book free from amazon, so I can't complain about money lost. I can't really complain about time being lost either since I kept turning the pages.*

Jul 25, Bev rated it did not like it I kept seeing this book being mentioned on lists. It was described as exciting and different. So I tried it. The story is about a P. Dani Ripper who is asked to investigate a college girls story of sexual molestation. Dani as a former victim rushes in find the needed evidence. Can I start by saying that this falls in the self published category. Which is not always a bad thing. The author sells loads of downloads and is obviously popular. It was a load of utter tripe. Garbage that bordered on th I kept seeing this book being mentioned on lists. Garbage that bordered on the offensive. The author makes light of Dani Ripper supposedly a past rape victim and talks constantly about breasts and gay sex. Riley the sweet college girl turns out to be a scheming female and morality is nowhere to be found. The story was predictable and the characters all acted like 15 year old boys, swearing and talking dirty for effect. Awful writing and a poor portrayal of women from every angle. The author really needs to reassess his views on the opposite sex and young women buying this trash should really give this rubbish a wide berth. To view it, [click here](#). The main character is the most underdeveloped, flat main character I have ever read about. Abducted, raped, and locked up as a teen is the only piece of info we ever get about her past, but outside of the author outright stating it you would have never had a clue. The characters are incredibly unrealistic. Teenagers who are conniving and intelligent enough to stage a sexual crime that takes out multiple hated people but leaves them untouched, yeah right. And the ending is seen coming a mile The main character is the most underdeveloped, flat main character I have ever read about. And the ending is seen coming a mile away. Except, of course, by the main character who happens to be a Private Investigator I was interested enough to finish it. That said, there were parts that were simply not needed. It was as if the author felt the need to throw in some homosexual activity that really had nothing to do with the story line. This book evokes a "meh" response from me.

**Chapter 2 : Smashwords " Promise You Won't Tell? " a book by John Locke**

*'Promise You Won't Tell?' had a good premise. It had a lot of potential to be a good story. And it was, mostly. There was humor, a smidge of intrigue, and an.*

Tv dad and compeer s daughter I wont tell mommy and promise to follow your every word. To a bed, Cole, Mr. Ankh said before he could reply. You know, Marcy Stephens bragged quite horribly about the nights you and Cameron spent in her bed. She swears Cameron was the one who escaped moments after his release and you were the one who petted her through the night. She must have managed to get the two of you mixed up. He, too, looked at the newcomer with a bit of wonder. There was something very unusual about the man. Actually, with his looks and talent, Stephanie thought, it was amazing that he was here. The road to fame and fortune via Hollywood and the movies might be difficult, but this guy could probably have been raking in the bucks just doing underwear commercials. Noah looked over at Allie. She was startled to see that Matt looked just a little concerned. Do you promise to do everything I tell you to do? ## Chapter 3 : CupcakKe - Pedophile Lyrics | MetroLyrics

*Promise You Won't Tell by John Locke is a wacky mystery that follows along as Dani turns over rock after rock, uncovering dirty laundry and secrets aplenty, with an ending that will smack you between the eyes like a Louisville slugger.*

Log-in to write a review or add a video review Review by: Hannes Birnbacher on March 9, This said, it is not what I expected and loved from John Locke. It is very funny but your heart will miss some beats with horror sooner or later. It is about sweet young girls remember his "Goodbye, Enorma", the sexy years-old? But man, how exciting and tricky the plot does develop! It is a crime story more complicated as those from Agatha Christie. But what I love with E-Books, it plays in our time. There are no carriages and no wood-fired stoves, there are smartphones and computersoftware for secure deleting files. This author knows his business. Usually, I do NOT award ratings. Charles Fudgemuffin on July 27, However, after initially coming up with many clever ideas, at the very end the point of believability gets pushed too far. Nevertheless, despite the unbelievable ending this was still an enjoyable book, but it could have been even better if it had featured a more realistic conclusion. Lillith Dunn on July 25, I read this based somewhat on the previous review and am pleased I did. A very good story. Readalot on May 6, Very well written story about a female P. Editing is good but not perfect. If you like smart mouthed, sarcastic characters read this.

## Chapter 4 : Promise You Won't Tell? by John Locke

*YOU ARE READING. Promise You Won't Tell? Teen Fiction "I think something might have happened to me Saturday night. Something bad." Private Investigator Dani Ripper's client list is nuttier than the Looney Tunes conga line, but she diligently solves one crazy case after another, waiting for a game-chang.*

## Chapter 5 : Promise You Won't Tell?

*Promise You Won't Tell features lots of dialogue which appeals to my reading preferences, and it's a definite page turner with several twists and turns as the plot develops. However, after initially coming up with many clever ideas, at the very end the point of believability gets pushed too far.*

## Chapter 6 : John Locke (Author of Promise You Won't Tell?)

*We have all been there. It is late you are with good friends and there is that little secret that you are dying to tell someone. And there are people sitting right there waiting to hear your delicious secret.*
