Singin in the Rain piece for *OUTREACH THROUGH DANCE* Dancer: Romeo Cruz Anna Sarao piece.

May 9, May 12, After Lancelot saves the innocent people in the cage and sacrifices himself, the Red Whirlwind is believed to be dead, with only Romeo learning the truth that Juliet, still alive, is in fact the real Red Whirlwind. They arrive in time to protect them but just as Juliet is about to be killed by an assassin, a mysterious man on a Dragon Steed named Tybalt saves her. The next day is the Flower Festival, where flowers are given as a symbol of friendly or romantic affection. Standing Hermione up for seeing the fireworks to honour their engagement, Romeo pursues Juliet through the city streets to give her an iris she dropped. After Romeo catches up with Juliet, they share their first romantic kiss. Juliet leaves, but gives him a handkerchief she made for him. Romeo is later punished for breaking his promise with Hermione, and informs her that he is seeing someone. Francisco arranges for Juliet to escape with Tybalt, but not until Juliet goes into shock after accidentally stabbing a soldier. Meanwhile, Romeo finds leaves of the Escalus tree and inquires his father, who heads underground to meet with Ophelia, who later takes him to a place outside the city to find the dying roots of Escalus. Romeo makes a political speech to pardon the remaining loyalists of House Capulet to save Juliet, but to no avail. Blaming herself for being so naive and stubborn, Juliet goes out into the streets and collapses, but is saved by Lady Portia. Romeo then arrives after being summoned by her. In a rendition of the balcony scene, he declares that he will throw away his name to stay and be with Juliet and they decide to elope. Romeo tells the story about Cielo who was given to him as a birthday present after his mother left him and the Montague name and considers him to be like a little brother. They are attacked by poachers who are hunting a chestnut Dragon Steed, but they manage to force the men to retreat. Romeo decides to let Cielo go to be with the chestnut mare so they can both live in happiness with the ones they love. Romeo and Juliet arrive at a town where they get food and travel by an abandoned boat down the river. They come upon a dilapidated church overrun by irises and take the vows of marriage before one another and the Goddess. They stumble upon the Escalus tree, and find that its roots are dying. As Romeo and Juliet set out to stop the soldiers from destroying the nearby town, they find themselves greatly outnumbered. After both Romeo and Juliet show their true identities to the guards, Juliet is taken prisoner. Lord Montague tells Romeo that Juliet was using him and that she will be executed, regardless of how he feels for her. Hermione visits Juliet in her cell and tells her to stay away from Romeo. She is just about to be executed, but is ultimately saved from imprisonment by Francisco, Curio, and Antonio. She agrees, but is pulled away to the Escalus Tree where Ophelia touches her and proclaims that Juliet will return to Escalus. Juliet finds herself outside the castle and is surrounded by soldiers until Romeo saves her. They decide to temporarily part ways, vowing to be together again. He is not allowed to return until the mine doubles its production, but Romeo vows their fight is far from over. He arrives to find the mines filled with small-time criminals, and decides to work in the mines himself to increase production. He befriends a sickly worker, Petruchio. Meanwhile Juliet and her allies move out of Neo Verona to travel to Mantua. Over a small period of time, Petruchio gets sick, and dies. Romeo then learns the truth from Giovanni of how Petruchio was imprisoned. Juliet is resting, remembering the moments linked with the great tree of Neo Verona. At the same moment, an earthquake happens, causing a major cave-in at Gradisca Mines and injuring a majority of the workers. While the commanding officer of the mines orders the men to continue working, Romeo declares that all the labourers have done enough work to allow themselves to be free, declares the mines to be abandoned, and goes off to rescue some of the workers trapped by the cave-in. He rescues the remaining workers, and the other workers, who distrusted him for being a noble, now do trust him. Hermione is attacked by bandits and she grows darker by blaming Juliet for taking Romeo away from her. Embittered and jealous, she attacks Juliet before fainting in exhaustion. Juliet hears news of Camilo in town and moves to engage him. Surprisingly, they meet Tybalt who has taken residence there. He then tells Juliet that he is a son of Montague after Montague seduced a Capulet woman to look for information after abandoning her. Tybalt reveals to Juliet that Montague was the son of a prostitute and his father was a Capulet noble. Since his father abandoned him and his mother died, he was adopted into the Montague family,

poisoned the heir so he would become the next ruler of the family and killed the Capulets to fulfill his ambitions and to take revenge on the Capulets for what they did to him and his mother. Tybalt furiously promises to kill Montague for all that he has done, but Juliet says Tybalt is acting like Montague himself. Tybalt questions if Juliet hates him, but Juliet says she loves him, because of her love for his son. He later meets the Old Man that he and Juliet met when they encountered the dying roots of Escalus and he gives him some seeds that will withstand the most hostile environments and the village flourishes well. She plans to lead the citizens of Neo Verona not as the daughter of Capulet, but as the Red Whirlwind and that night Curio and Juliet discuss the story of how Juliet became the Red Whirlwind in the first place. After nearly getting shot in the head with an arrow, her true identity as a Capulet is revealed to the townspeople. Meanwhile the village Romeo is having trouble due to the soil; as the tree dies, the fertile land dies. Soon news about Juliet is sent to Romeo, and being supported by everyone in the village, Romeo rushes to meet Juliet. After meeting with Juliet, Romeo begs her to let him reason with his father once again. In the council of nobles, Montague proposes to burn the entire common grounds to flush the Capulets out. Only one was in favor, his adopted son Mercutio, while the others refused. He then proceeds to kill the chairman to persuade the others to accept out of fear. Romeo arrives to persuade his father to surrender, but, instead of surrendering, his father shows him Escalus, and he witnesses the tree dying as another earthquake strikes the land. At the grave, she meets with Ophelia, and here Juliet is shocked to discover that she is destined to save the tree by sacrificing herself to it. When Romeo learns about what his now insane father what he has ordered and after threatening to kill Juliet, he disowns his father and proceeds to stop Mercutio who runs away crying. Romeo and Juliet meet together. Although Romeo promises after this is over they can be free to be together, Juliet is unable to tell him about her sacrifice. Before that, Juliet attends the wedding of Benvolio and Cordelia. Juliet tells him of her connection to Escalus, but Tybalt already knows it, since the all the daughters of House Capulet have shared this fate. Romeo goes to his mother and says that he is going to kill Montague to put an end to his tyranny. Romeo comes and attacks Montague as the Prince realises that his quest for power and revenge has been for nothing and curses Escalus for stealing it from him. Juliet faces off against Lord Montague, and convinces him to surrender. A mad-stricken Mercutio stabs from behind and kills Lord Montague with a poisoned blade. Romeo tries to make amends to his departed father, but Tybalt comes and tells him of them being half brothers and that Juliet is sacrificing herself to save Neo Verona, Romeo dashes to find Juliet before it is too late. As the land starts to die and fall apart, Romeo catches up with her, they fight and Romeo convinces her not to sacrifice herself without him. As the continent starts to come down Francisco, Curio and Tybalt come to assist Romeo, but they are easily knocked down. In a final attempt to save Juliet, Romeo uses the last of his strength to cry out her name and she wakes up. Romeo is fatally stabbed by Ophelia, whom Romeo kills. Juliet sees Romeo dying on the ground and decides to follow her destiny, sacrificing herself to save everyone in Neo Verona. Afterwards, Neo Verona lands in the ocean between the tips of two continents. Retrieved June 17, Archived from the original on July 2,

Chapter 2 : Romeo In The Rain Poem by Brian Dodds - Poem Hunter

Romeo In The Rain by Brian calendrierdelascience.comly a rainbow had inked itself across the camargue sky seemingly sucking colours from the flat greyness cut by the ribbon of autoroute thrusting.

That is, the visual chaos parallels the chaos created by the young lovers who throw caution to the wind during their whirlwind romance, an intelligent and supportable claim. For reasons understood retrospectively, Romeo is drawn to the ocean in his time of bewilderment and heartache. Shortly after this scene, the audience first meets Juliet Claire Danes underwater in her bathtub. Meaning is derived as the images of water turn into a pattern. The next time the audience sees water it begins to become clear water is in some way connected to clarity, rejuvenation, and truth. In pulling his head from the sink, Romeo leaves his mask behind, symbolically leaving behind the pretense inflicted on him by the drug. Thanks to the water, the influenced, artificial Romeo is now gone and the honest Romeo reemerges. In the brief, rather subtle moment, the audience is queued to notice how water pulls Romeo from a deeply affected mindset to a clearer one based in reality. Still relying on the water motif, Luhrmann stages the characters to first look eyes through an aquarium full of exotic fish. Building off the sink used moments before, water continues to serve as a repeated symbol of truth. In seeing each other through the water they are seeing each other clearly; not unfiltered, rather filtered as water is of the chaos and affected atmosphere surrounding them. Moreover, a particularly nice touch by Luhrmann is the way he shots Romeo and Juliet looking at each other through the aquarium. This shot is significant because it suggests Juliet finally sees herself and her own wants and desires in her love for Romeo; in some way, in seeing Romeo for the first time Juliet is also seeing herself for the first time. As the scene continues Romeo enters and the two end up in the pool professing their love for one another. Once again, as with the sink and aquarium, the water removes the pretense; in the water Romeo is not simply a Montague and Juliet a Capulet. Reality is clearer and simpler when water is present. As the plot continues, Tybalt John Leguizamo and Mercutio begin their fatal fight at the beach and Romeo enters their argument already in progress. In this scene and the one to follow the meaning of water as a motif of truth and clarity becomes more apparent. When Romeo first approaches the fight he is greatly influenced by the water surrounding him at the beach; Romeo is calm and unaffected by the conflict and pretense around him. Romeo refuses to fight Tybalt and attempts to end their long-standing feud. It is not until Tybalt kills Mercutio and flees the scene does the audience see a change in Romeo. The further Romeo gets from the water the more clouded and affected his mindset becomes further emphasized visually by the clouds beginning to build in the sky ; Romeo becomes fixated on revenge. Fatally wounded, Tybalt falls back into a giant fountain. Importantly, the water in the fountain is not shown until after Tybalt is shot. During these scenes the audience sees Romeo do a complete ; he goes from mental clarity to complete chaos and confusion to clarity once more. Once again, through the water Juliet can see clearest. First, Romeo is banished to the desert, a dry waterless environment, therefore complicating his perception of reality. And, later, in the tomb, far removed from water, Romeo and Juliet die confused and without knowing the truth about what happened to each other.

Biography[edit] Early life and career[edit] Christie was born Lugee Alfredo Giovanni Sacco on February 19, , in Glenwillard , Pennsylvania , [1] and grew up in suburban Pittsburgh. While attending Moon Area High School , he studied music and voice, served as student conductor of the choir and sang solos at holiday concerts. His teacher Frank Cummings wanted him to pursue a career in classical music, but Sacco wanted to cut a record to get on American Bandstand. At age 15 he met and befriended Twyla Herbert , a classically trained musician 20 years his senior, who became his regular songwriting partner and wrote hundreds of songs with him over the next 30 years until her death in . In , [4] Sacco approached Nick Cenci with some demo tapes. Sacco and Herbert used the song as a model to write an original song called " The Gypsy Cried. Cenci told Sacco that there was only one Italian Great singer and that he had to change his name. So, Lou Christie it was. Cenci contacted Morris Levy of Roulette Records , saying that he had a hit that needed national distribution. Levy released the single on Roulette, but initially nothing happened. Airplay slowly spread across the country, and "The Gypsy Cried" reached number 24 on the Billboard Hot chart, selling over one million copies. Cenci produced additional recording sessions for Christie in that generated two more hits. Christie and Herbert wrote the single "Egyptian Shumba" for the group, and although it was not a hit, it became a cult favorite in the Northern Soul scene in the early s. He also sang with Del Shannon. Christie would not have another charting single for two and a half years. The song featured his signature falsetto and included a female chorus Bernadette Carroll, Denise Ferri, and Peggy Santiglia shouting "Stop! When I see lips begging to be kissed Stop! And in this car, our love went much too far It was exciting as thunder Tonight I wonder, where you are? MGM insisted on a re-recorded version that toned down the lyrical content. The third and fourth lines were changed to: We fell in love in the rain And in this car, love came like a falling star Despite the edited version, many radio stations instead played two older songs re-released by other labels for which Christie had once recorded: Helped by backing vocalist Linda Scott and by two promotional videos distinctly different from each other, the song peaked at 10 in the US, but climbed to 2 on the UK Singles Chart and thus became his biggest hit there. In , Christie would try another new musical style, going country on his Beyond The Blue Horizon album. In the spring of Christie returned home to Pittsburgh to head the upstart record Label records, a branch of the and VIP nightclubs nationwide. Christie signed the band Sweet Breeze to their first recording contract and the band recorded a song written by Christie and Herbert called "Summer in Malibu" that was a regional hit for the band. The two singers, who each debuted on the Hot in , were touring together at the time, and the song was released only as a one-off single. Billboard labeled this new album "Most Impressive Comeback" album. Cub Koda said it was "loaded with AOR hits". In addition to the occasional new release, Christie remains a concert act on the oldies circuit in the US and UK. He has also hosted a series of programs on SiriusXM radio for the s channel. In , Christie released his first new recording in several years, entitled "Drive In Dreams", written by Gregory Scharpf, who is a former member of Sweet Breeze, the Pittsburgh-based band that Christie signed to their first recording contract.
