When Abraham beats Eugene unconscious, Rosita stops him from hurting Eugene more, with her hand on her sidearm, ready to lift her handgun. In the episode " Crossed ", Rosita is first seen offering Abraham water, which he knocks away. She shouts at him and he stands up, looking threatening. Maggie makes him back away from Rosita at gunpoint. Later on her, Glenn and Tara trek to a river to refill their water supplies. While filtering water, Rosita talks to them about when she first met Abraham in Dallas. Glenn and Rosita bond and he welcomes her as a part of the group wherever they wind up. She uses a stick to take out a walker and saves Abraham from one. When they search the RV, Abraham finds some food the group used to eat and Rosita reminiscences on the past with him, and Abraham asks if Rosita believed he would hit her after what happened with Eugene. She says no, as she knows him better. She rides the RV on both legs of the journey to Alexandria, sitting in the passenger seat with a map. When they spot DC in the distance she calls to Abraham and remembers their former goal and he is happy to have finally made it. She then arrives at Alexandria. They both appear to be uncomfortable, but she relaxes after she mentions there is beer and smiles when Abraham goes off to grab some drinks. Later, she is seen enjoying herself while chatting with Glenn and Maggie. In the episode " Try ", Rosita tells Michonne that Sasha has gone missing from her post in the tower. Worried, they venture outside the walls to look for her where they discuss how different it feels to be outside, now that they have a home. They find several dead walkers and realize Sasha is actively hunting them. They track her down and help her eliminate a large pack of walkers. In the season finale " Conquer ", Rosita is tending to Tara when Abraham walks in with some flowers and tries to leave when he sees Eugene asleep in a chair next to her, but Rosita convinces him to stay. As Abraham tries to quietly sit without waking Eugene, Rosita deliberately drops some pots to wake him and the two men ultimately reconcile. Later Tara wakes up from unconsciousness while Rosita is sitting watch over her. In " Now ", Rosita stands guard at the gate, crying over Abraham, who has not returned home. Spencer approaches her and offers to take her place which she agrees to, and she commends him for stopping the truck earlier as it would have made their situation much worse if not for him. In " Heads Up ", Rosita gives machete lessons to several Alexandrians and Eugene, who is afraid of dying. In " Knots Untie ", Rosita is seen in bed with Abraham after having sex. Rosita snaps Abraham out of a daydream of Sasha. Abraham apologizes and the two begins kissing. Rosita gives Abraham a necklace. The next day out on the road, Rosita and Carol have a conversation about Morgan and her frustration over his views on killing. She admits she almost exposed the secret about the Wolf. Rosita tends to Eugene as they go back to Alexandria. In " East ", Rosita appears jealous and resentful of Abraham and Sasha, and goes after Daryl who seeks vengeance on Dwight, but this leads to her capture. In the season finale " Last Day on Earth ", Rosita is in the lineup as Negan arrives, killing one of the group. Rosita is taunted by Negan as he forces her to look at his bloodied bat. This causes Daryl to strike Negan who decides

to kill someone else as punishment. Rosita then witnesses Glenn be brutally murdered as well before Negan torments Rick and leaves with Daryl as a prisoner. She kills the reanimated Savivors present to get a gun and is later shown asking Eugene to make her a bullet. Rosita angrily calls Eugene a coward who is only alive because people feel sorry for him causing him to produce a sole bullet for her. They return to Alexandria to find Negan and the Savivors already there. In the mid-season finale, " Hearts Still Beating ," Rosita is still feeling vengeful, but Father Gabriel tries to persuade her to try to gain revenge when the time is right as the community will need her. She later reconciles with Spencer and the two agree to a date, however these plans are cut short after Negan guts and kills Spencer for trying to betray Rick and take over as leader. This causes Rosita to draw her gun and shoot at Negan though she only manages to hit Lucille. She shoots Olivia in the face as Rosita and the others watch in horror. As Negan demands to know who made the bullet, Eugene finally confesses and Negan has his people take him away. Rosita sorrowfully protests as Negan leaves Alexandria. Once everyone is gone she is shown to be physically upset by everything that has just happened. In " Rock in the Road ", Sasha tries to form a conversation with Rosita but is coldly shut down. Rosita shows the group how to dismantle explosives. Rick negotiates a deal with their leader Jadis to help them fight the Savivors in exchange for guns. Rosita immediately decides to go out looking, causing her to clash with Tara who thinks they should wait. In "Say Yes" , Rosita becomes frantic in her efforts to find guns for their fight against the Savivors. While Rick is able to buy them more time, Rosita, tired of excuses, goes to the Hilltop looking for Sasha. She convinces her to help her in a second attempt to kill Negan, with the condition that Sasha gets to make the shot. Sasha attempts to get to know Rosita asking how she acquired her skill set with explosives and vehicles. Rosita rebuffs her effort, with her only desire to complete their mission. Rosita begins to open up to Sasha revealing she was initially a helpless survivor before she met Abraham, but learned everything she could from the people around her. They reconcile shortly before Negan steps outside. When they miss their window at taking a shot, they wait until nightfall before breaching the fences. Sasha goes first, but then seals the hole with Rosita outside. Rosita is surprised by this turn of events, but Sasha insists their friends need her before charging into the Sanctuary. Rosita is equally frustrated and saddened by this, before being found outside the gates by someone wielding a crossbow. The end of episode " Something They Need " sees Rosita return to Alexandria with a visitor who is revealed to be Dwight. Daryl attempts to attack him, but Rosita claims he wants to help which Dwight confirms to Rick. She is saved by Tara and recovers in bed. The Walking Dead season 8 In the season premiere, " Mercy ", Rosita is seen at Alexandria, looking out her balcony, still healing from her wound, looking at the Alexandrians leaving for war. In " The King, the Widow, and Rick " Rosita is first seen at the car with Michonne, she asks if she can go with her, she goes along down the road and stops the car when they hear a woman singing. They go investigate and see Zia and Leo. While making an escape, Daryl and Tara cut her off with a garbage truck. They shoot her down quickly. Michonne and Rosita tells them they want to see the Sanctuary. Daryl and Tara claim they have a lot more work to do. Daryl parks his truck and shows Michonne and Rosita the overrun Sanctuary. Daryl plans to charge the truck into the building and send the walkers into the Sanctuary. Rosita, Michonne and Tara will cover him and distract the walkers. Morgan joins their conversation and offers to help. Rosita is against the plan, saying it is risky, and she vouches for Rick, says he is talking to the Scavengers to boost their numbers. Tara refuses to trust the Scavengers after they betrayed them. Rosita leaves, but not before stating she learned waiting is the best option sometimes and she had to learn as much from seeing Sasha walk out of the coffin. Rosita suggests they all flee to the Hilltop while the Savivors destroy Alexandria above ground. Dwight points out that the Savivors will soon run out of ammo and insists they stay put until the siege is over. After the explosions subside and the remaining Savivors leave, Rosita and the others prepare to head to the Hilltop for refuge.

Zoe , Abby Cadabby , and Rosita. Rosita plays the guitar. A new Rosita puppet introduced in , with much thicker fur especially on her head and upper lip. Rosita is a turquoise, bilingual monster who first appeared on Sesame Street in Season She is the second bilingual Muppet to recur on the show after Osvaldo the Grouch , speaking both English and Spanish. Contents [show] Rosita has often presented the Spanish Word of the Day , and features frequently playing her guitar. Her dad, Ricardo , served in the military and is in a wheelchair due to injuries related to his service. Wings Rosita originally had wings attached to her arms, reflecting her original concept design as a fruit bat. But mainly the big arms with wings were [designed] because she [used] to give very big hugs and to play the guitar. She was described to me as a "monster from the caves". I took it upon myself to reference a bat I also thought and hoped that it would have been characterized as a sign of female empowerment It was a sort of superpower built into her species. Add to that, it was a great solution to hiding the performers arms Another thought was that she would do great dance movements - like if she wanted to teach "flamenco". The wings were cut from the fur fabric in such a way to form pleats. One year, while I was no longer in charge of running SS for Henson, she had no wings. I was really pissed off and if I had the opportunity, would have had a meeting or two to defend their existence. I was so determined to make her different than the other monsters. The first day of Season It was Production at Sesame Workshop. What they told me was that the people in Merchandise took that decision. I really like the wings. It made her look like a different Monster. Like 20 years ago they wrote a very funny script. Prairie was helping Rosita with her flying and landing. At the end of the show Prairie was wearing a helmet because no matter what Rosita keep landing on her head. During the s and as listed in their profiles in The Sesame Street Treasury volumes 6 and 9 , it was Herry and Prairie who were often paired as best friends.
