Before you embark on the next step in your career, here are some of the most common questions people want to know when deciding to sign up for Salesforce certification training. What are Salesforce Certifications? The Salesforce Admin certification in particular is a great way to show that you understand the core Salesforce platform, how to manage it on a day to day basis, and extend its standard functionality by using declarative features. How are the Exams Formatted? Salesforce exams are almost always multiple choice, with some exceptions for the more advanced certifications. Salesforce is infamous for throwing curve balls, so although these exams are multiple choice, keep your wits about you and ensure you know your lookup relationships from your master-detail! Salesforce certifications require a large amount of knowledge around the platform in order to pass them. This adds up to a lot of revision and practical exercises in a developer environment! You should look to book an exam when you have confidently covered all areas of the study guide. This will include both fact-based questions, as well as scenario-based questions where you are required to suggest a solution. What do the Certifications Cost? If you are already working within an organization that wishes to support you with your Salesforce career development, then I strongly recommend asking them to support you with these and other training costs. How Should I Revise for the Exams? There is an increasing abundance of training material online that ranges in mediums and price ranges so that you are sure to find something that fits you. Here are a few great resources: One way I like to give back to the community is through my blog; this provides a lot of content on the topics of certifications and how to go about getting trained up. I also host some mock exams so you know what to expect. If you are looking to get some varied but not necessarily certification-focussed experience, then Trailhead is your best bet to learn about the general Salesforce platform. If you are looking for a full training course at a great price point, here at Simplilearn we offer comprehensive training materials that guide you through the entire Salesforce Administrator and App Builder certifications. How Long do I Need to Revise? As a rough guideline see below on my recommendations to revise depending on your skill level: Experienced - 1 Month.
