This text provides you with a comprehensive review of all of the nursing content areas specifically related to the new test plan for the NCLEX-PN examination, which is implemented by the National Council of State Boards of Nursing. Organization This book contains 20 units and 67 chapters. The chapters are designed to identify specific components of nursing content, and they contain practice questions, including a critical thinking question and both multiple-choice and alternate item formats that reflect the chapter content and the test plan for the NCLEX-PN exam. The final unit contains an integrated Comprehensive Test. The new test plan identifies a framework based on Client Needs. Integrated Processes are also identified as a component of the test plan. All the chapters address the components of the test plan framework. These Pyramid Terms are important to the discussion of the content in the chapters of the unit. Therefore, they are in bold blue type throughout the content section of each chapter. Pyramid to Success The Pyramid to Success, a feature part of the unit introduction, provides you with an overview, guidance, and direction regarding the focus of review in the particular content area, as well as the content areas of relative importance to the test plan for the NCLEX-PN exam. The Pyramid to Success reviews the Client Needs as they pertain to the content in that unit or chapter. These points identify the specific components to keep in mind as you review the chapter. Pyramid Points Pyramid Points are the little icons that are placed next to specific content throughout the chapters. Pyramid Alerts Pyramid Alerts are the red text found throughout the chapters that alert you to important nursing information. These boxes present a clinical nursing situation and the priority actions to take in the event of its occurrence. A rationale is provided that explains the correct order of action, along with a reference for additional research. What Should You Do? Questions Each chapter contains a Critical Thinking: These questions provide a brief clinical scenario related to the content of the chapter and ask you what you should do about the client situation presented. A narrative answer is provided along with a reference source for researching further information.
