

Chapter 1 : Savage Innocence - Brooklyn Public Library - OverDrive

First of all I don't understand why this book is titled savage innocence, The title has nothing to do with the content, unless there is something I don't get. This book is written by Anne Mather, she is a great writer, I grew up reading her book, or let's rephrase, I used to love her books when I was a young teen.

He wants her, and it can only be a matter of time before he discovers her whereabouts -- and the truth His wife aborted his child without telling him, she tried to kill him and she had an affair with her nurse. Yes his wife is a lesbian apparently and used our hero so as to cover her sexuality and keep it a secret from her father. Our heroine thinks hero will never leave his wife. But Jared wants her back and he will stop at nothing to find her and win her back. It was like watching a soap opera, so much fun! Vintage - The United States 1 Wed, 07 Oct Kind of boring story about a woman who is having an affair with a married man and gets pregnant and also is in search of information about her birth parents. So, basically you have a plethora of illegitimates running around and infidelity running a two generation special. The hero is supposed to be hunky but wears glasses. Hmm, no alpha arrogance here. The h can have four eyes, but not our stalwart heroes. Really fidelity should not be that difficult to understand. Plus there is an annoying sister and a told you so best friend who is both the voice of reason and bitchy. Okay, I just dropped this from two stars to one. Cheating on your spouse is wrong. If you are unhappy get out. She can write for sure, but that is the most boring story I have read. The Hero is a wuss, lame with no character. I like my Heroes Alphas, or at least with some sort of redeeming character, but this one has none. He is pushover he gets manipulated by his wife and his father in law. So I could deal with all that if there was at least amazing passion and Chemistry but the hero and heroine meet 3 or 4 times in the course of the book, the rest is just analyzing and over analyzing and some minor events that has nothing to do with the main story. I have nothing to say about the heroine because she did nothing eventful in this story. She was just there. The premise of this story was such that I started out despising the male lead and disliking the female one, and it never got resolved. Cheating and especially the way it is done in this book is such a turnoff Smiliar Books of "Savage Innocence".

Chapter 2 : Savage Innocence (ExLib) by Anne Mather | eBay

Discovering the savage truth Pregnant and single, Isobel Dorland yearns for a real family life. But though she's head over heels in love with the father of her child, she knows that he's in no position to offer her marriage.
