Chapter 2 : School Days, by Robert B. Parker

School Days () is a good mystery, better than most later Spensers. It is perhaps a little dated, now that Sandy Hook and Marjorie Stoneman-Douglas have changed our attitudes toward school violence, but it perfectly captured at least one of America's moods in the decade after Columbine, when teenage shooters from affluent families were.

It was as if they had emptied the room of him. Tried to render it pre-Jared, as if they could return life to the time when they had moved here and it was mostly possibility. Parker took a shot at addressing the growing number of school shootings perpetrated by students. It gives this entry the feel of the early Spenser novels, before its aspirations were smothered by the shift in focus to Silverman and Spenser, and their cloying relationship. The actual case this time is very unusual, because Spenser decides early on that Jared was indeed one of the two students who walked into the private school and killed so many. His actions, or rather inactions, might have got more children killed. But that hardly makes it his fault. Garner, the school president, would also like to put the tragedy behind the school. She was born in and grew up to be a hippie. He has one conversation with her and pretty much writes her off as any help to her son, or his investigation. They moved to the area with a rosy picture of how things were going to be, and now appear to be more concerned about their place in the community post-shooting. Trying to track down how the two boys acquired the guns puts Spenser in the middle of a world he had long left behind, but remembers well: I could remember looking through windows like these at the world of the living outside the school. People actually going about freely. It gives Spenser fans a chance to recall another book in the series, when we meet Major again, years down the road. Finally a tip from a kid tells him how they learned to use the weapons. But why did they do it? The answer seems very elusive, and in a conversation with the overtly sexy and flirtatious Rita Fiore, who plays a big role in this one, he asks Rita that very question: It leads to discovering academic betrayals of trust, blackmail, and unplanned murders. Spenser himself makes a bad call by misjudging a kid named Animal, and his error gets a young girl killed. It is one of the striking differences between the pre-Susan-is-everything entries and the post-Catskill Eagle books. Much of the discussion and discourse here between Spenser and Rita, and others, is about personal responsibility, because no matter how much society wishes to understand causation, and blame someone other than the perpetrator, in the end it is an abstract, because someone must be held accountable or society crumbles. Parker, very knowledgeable about academia and never fond of it, again shows readers, even at a younger level, the tawdriness beneath. Toward that end, he recalls "perhaps not perfectly, a Henry James quote: It prompts him to call in Rita Fiore to help him. Her presence in this one is like a breath of fresh air to the reader. She has an impact on the outcome for one of the boys in this really fine entry in the series. In addition to a really good story, some nice exchanges " especially between Spenser and Rita " and some sad and insightful rumination on youth and school, we get a dash of dangerous confrontation, and finally some real violence. We also get some terrific writing: It collected and ran down, distorting reality and blurring the headlights and taillights and traffic lights and colorful umbrellas and bright raincoats into a kind of Parisian shimmer. The elegant writing, the artfully but never graphically described violence, the snappy and enjoyable dialog, the politically incorrect humor, and an uncanny sense of where to draw the line at all of the above, were lost once Parker died.

Robert B. Parker's "School Days" was a quick read, and my first for the "Spenser" series. As always, I enjoyed Mr. Parker's descriptions of Boston and the surrounding areas, being familiar with most of them.

Appaloosa Sixkill Robert B. The Godwulf manuscript is the first book in the Spenser series. It wit-fully introduces Spenser who happens to be a private detective based in Boston. Spenser gets hired by the president of a certain university. His task is to recover a stolen medieval manuscript whose historical importance far outweighs its value in terms of money. He is tipped to investigate a certain Student group which falls high on the suspect list. This situation convinces Spenser that Terry is actually innocent of stealing the prized manuscript. As he continues investigations, he is led to an English professor, Hayden, who is allegedly a member of the radical student group. Suspense and intrigue builds as Spenser involves a local crime guru, Joe Broz in his quest for justice. What follows is a series of events highlighted by more murders, exchange of gun-fire and unraveling of the true killer who happens to be Hayden in collaboration with Broz. God Save the Child is the sequel to Godwulf Manuscript. In this novel Spenser continues in his detective exploits. He is hired again, brought to task in finding a fifteen year old boy, Kevin who has gone missing. A ransom note appearing later answers the question whether Kevin had simply run away or had been abducted. Kevin believes that Vic is superhuman and refuses to leave his side until Spenser beats the sense out of Vic to prove Kevin wrong. Their plot involves making money together through drug peddling and prostitution. As Spenser seeks to bring truth to light, Vic is caught and put behind bars, Dr Croft is murdered by Chief Trask and Spenser threatens to tell on Trask. Jack Reacher is back! Family secrets come back to haunt Reacher when he decides to visit the town his father was born in. Because when he visits there he finds out no-one with the last name of Reacher has ever lived there. It leaves him wondering - did his father ever live there? Like most Spenser novels, School Days opens with action. A wealthy matron asks Spenser to investigate a prep school shooting, hoping to clear her grandson.
