

Chapter 1 : Shaniko, Oregon - Where the West still lives

Shadow of Shaniko (Ghostowners Mystery Series Book 3) - Kindle edition by Calamity Jan, Jan Pierson. Download it once and read it on your Kindle device, PC, phones or tablets. Use features like bookmarks, note taking and highlighting while reading Shadow of Shaniko (Ghostowners Mystery Series Book 3).

Suddenly I found myself involved in the adventure along with Meggie and Paige. I have been to the ghost town of Bodie many times and I could relate to everything the author presented. It was as though I was there and a part of the mystery. The way the author wove history and the story together made it compelling reading. I originally intended to read only one chapter at a time. However, when I came to the end of a chapter the story compelled me to continue reading. Before I knew it I was in the middle of another chapter. I am an adult male and have read many books on Bodie and never enjoyed one as much as this. I recommend this story for children of "all" ages. Paige is trapped in an abandoned well, and Meggie must make a rope from the ragged curtains hanging in the windows and rescue her. But why are the pain-in-the-neck kid, Jay Paul Leeberg, and an old man named Julian Cooksey following them? When they find themselves trapped in the Nighthawk Mine, they learn the shocking truth about the gold, the Ghost of Nighthawk, and the old man. A great book for all ages who love to read about the old west ghost towns.. Characters are close to actual inhabitants.. This building still stands and as you stand and watch the windows you may see the little girl reaching for the curtain rod to discover a long ago hidden secret.. Buy this book, it will leave you with a warm-fuzzy feeling.. I have three of her books and they all peak the interest of all of my grandchildren.. They are terrified when threatening messages begin appearing on the chalk board in the school, warning them to leave. Teaming up with Gabe Stackpole, a Native American runaway from the Warm Springs Reservation, the truth begins to emerge from the shadows. What haunts this small, wild horse that has been sighted for over a hundred years? Twelve-year-old Paige, and her best friend, Meggie are determined to find out, but a teenage drifter named Brooks involves them in an even more perilous web of high-stakes danger and intrigue. Is this ranch hand a mustanger involved in an illegal horse smuggling operation intent on capturing the wild horses? The Ghostowners soon find out. So full of imagination and insight. Really takes you there. I am from this area and this story very much captivated me. Thank you Jan for writing such a fine story. Suddenly the legend becomes a reality for the three ghost town detectives when the beautiful young girl appears and beckons from the baggage section of Car No. Reluctantly, they follow her, finding themselves caught up in a wild and famous segment of western history circa This tension-packed story, laced with humor, blends with just the right amount of history to make this read both educational and fun.
