

Chapter 1 : Shadows in Flight (Ender's Shadow, #5) by Orson Scott Card

Ender's Shadow explores the stars in this all-new novel. At the end of Shadow of the Giant, Bean flees to the stars with three of his children - the three who share the engineered genes that gave him both hyper-intelligence and a short, cruel physical life.

Will Robie is a master of killing. A highly skilled assassin, Robie is the man the U. A fellow assassin, equally professional and dangerous, Reel is every bit as lethal as Robie. To stop one of their own, the government looks again to Will Robie. Only a killer can catch another killer, they tell him. But as Robie pursues Reel, he quickly finds that there is more to her betrayal than meets the eye. Her attacks on the agency conceal a larger threat, a threat that could send shockwaves through the U. But Will Robie may have just made the first - and last - mistake of his career. It begins with a hit gone wrong. Robie is dispatched to eliminate a target unusually close to home in Washington, D. He refuses to kill. Now, Robie becomes a target himself and must escape from his own people. Fleeing the scene, Robie crosses paths with a wayward teenage girl, a year-old runaway from a foster home. He needs to help her. Zero Day Unabridged David Baldacci From David Baldacci - the modern master of the thriller and number-one worldwide best-selling novelist - comes a new hero: And Zero Day is where it all begins. John Puller is a combat veteran and the best military investigator in the U. His father was an Army fighting legend, and his brother is serving a life sentence for treason in a federal military prison. Puller has an indomitable spirit and an unstoppable drive to find the truth. Now, Puller is called out on a case in a remote, rural area in West Virginia coal country, far from any military outpost. Someone has stumbled onto a brutal crime scene, a family slaughtered. The local homicide detective, a headstrong woman with personal demons of her own, joins forces with Puller in the investigation. Facing a potential conspiracy that reaches far beyond the hills of West Virginia, he is one man on the hunt for justice against an overwhelming force. His books are published in over 45 languages and in more than 80 countries, with over million copies in print. He is also the cofounder, along with his wife, of the Wish You Well Foundation, a nonprofit organization dedicated to supporting literacy efforts across America. Still a resident of his native Virginia, he invites you to visit him at [www. Memory Man Unabridged David Baldacci](http://www.MemoryMan.com) With over million copies of his novels in print, David Baldacci is one of the most widely read storytellers in the world. Now he introduces a startling, original new character: The first time was on the gridiron. A big, towering athlete, he was the only person from his hometown of Burlington ever to go pro. But his career ended before it had a chance to begin. On his very first play, a violent helmet-to-helmet collision knocked him off the field for good and left him with an improbable side effect - he can never forget anything. The second time was at home nearly two decades later. Now a police detective, Decker returned from a stakeout one evening and entered a nightmare - his wife, young daughter, and brother-in-law had been murdered. He leaves the police force, loses his home, and winds up on the street, taking piecemeal jobs as a private investigator when he can. But over a year later, a man turns himself in to the police and confesses to the murders. At the same time a horrific event nearly brings Burlington to its knees, and Decker is called back in to help with this investigation. Decker also seizes his chance to learn what really happened to his family that night. To uncover the stunning truth, he must use his remarkable gifts and confront the burdens that go along with them. He must endure the memories he would much rather forget. And he may have to make the ultimate sacrifice. Memory Man will stay with you long after the turn of the final tick. If he gives the order, he has the opportunity to take down a global menace, once and for all. If the mission fails, he would face certain impeachment, and the threats against the nation would multiply. So the president turns to the one team that can pull off the impossible: Will Robie and his partner, Jessica Reel. They doubt their willingness to follow orders. And they will do anything to see that the two assassins succeed, but that they do not survive. As they prepare for their mission, Reel faces a personal crisis that could well lead old enemies right to her doorstep, resurrecting the ghosts of her earlier life and bringing stark danger to all those close to her. And all the while, Robie and Reel are stalked by a new adversary: But his freedom comes at a steep price: The assassinations he carried out prompt the highest levels of the U. Behind the scenes, master spy Macklin Hayes is playing a very personal game of cat and mouse. He, more

than anyone, wants Stone dead. With their friend and unofficial leader in hiding, the members of the Camel Club risk everything to save him. A combat veteran and special agent with the U. Army, Puller is the man they call to investigate the toughest crimes facing the nation. But all his training, all his experience, all his skills will not prepare him for his newest case, one that will force him to hunt down the most formidable and brilliant prey he has ever tracked: Its security systems are unmatched. None of its prisoners dream of escaping. His inexplicable escape from prison makes him the most-wanted criminal in the country. Some in the government believe that John Puller represents their best chance at capturing Robert alive, and so Puller takes on the burden of bringing his brother in to face justice. But Puller quickly discovers that there are others pursuing his brother, who only see Robert as a traitor and are unconcerned if he survives. Puller is in turn pushed into an uneasy, fraught partnership with another agent, who may have an agenda of her own. One man leads this aging, ragtag crew. He has no known past and has taken the name "Oliver Stone". After witnessing a shocking murder, the Club is slammed headfirst into a plot that threatens the very security of the nation, full of stunning twists, high-stakes intrigue, and global gamesmanship rocketing to the Oval Office and beyond. Soon the Club must join forces with veteran Secret Service agent Alex Ford, who becomes an unwilling participant in one of the most chilling spectacles to ever take place on American soil. In *The Camel Club*, best-selling author David Baldacci paints a frighteningly vivid portrait of a world that could be our own very soon, and the few people who have a chance to stop the chaos. *Hour Game Unabridged* David Baldacci A woman is found murdered in the woods with a very special watch on her wrist, and what seemed a simple case soon escalates into a nightmare. The criminal methods of some of the most infamous killers of all time are being replicated by a new predator who stalks and strikes victims with a cunning brilliance. Drawn into this violent affair are two Secret Service agents turned private investigators, Sean King and Michelle Maxwell. As the *Hour Game* barrels forward, Sean and Michelle face a macabre puzzle and uncover one horrifying revelation after another. Nearing the truth, they will find that their own lives are in danger. When you play the *Hour Game*, you have to play to win. But time is running out In *Hour Game*, best-selling master storyteller David Baldacci has created his most mind-blowing and satisfying thriller yet. Army Special Agent John Puller is the best there is. A combat veteran, Puller is the man the U. Army relies on to investigate the toughest crimes facing the nation. Now he has a new case - but this time, the crime is personal: His aunt has been found dead in Paradise, Florida.

Chapter 3 : Was the audiobook version of Shadows in Flight abridged? : ender

Shadows in Flight finally gets back to the story fans like me have been waiting for years. What happens to Bean and his children after they leave earth. Even though its a shorter book, it didn't seem like filler between novels but a new story that needed telling and OSC does it with his usual finesse.

By contrast Shadows in Flight which picks up the baton 6 years (subjectively from Bean's perspective) after the third book is lightweight, superficial, and unsatisfying. At best it seems to take the position of a reboot - resetting some of the "facts" set in the increasingly disappointing Ender saga, to provide a new branch to pump out new.
