

Chapter 1 : Appliance Store | Houston, TX - Justified Appliance

Simplified home appliance repairs by Dan Browne, , Holt, Rinehart and Winston edition, in English.

This is just one of the reasons why I have been with Home Tech for over 10 years. I trust their work and I know the company is careful in their hiring of qualified people. I always feel good about having a Home-Tech employee come to service my home appliances. I appreciate your employees and how they are treated as employees of a great company in SW Florida. Keep up the good work! Schwindt Today I met Matt, who was very efficient, fast, courteous and neat. I have always been more than pleased with whomever comes. I have been a customer since day 1 35 years ago and will never change companies. Alfie came early and completed the service in a speedy manner. He was very courteous and did a great job. I am so happy to have Home-Tech and whenever I have needed service they are always prompt and do a wonderful job. When my fridge in my old house packed up, I called them immediately. Steve was pleasant and efficient. He offered me a years contract that would include the repair I had just called him out for. Great service and saved money too! He was working next door, I told him my problem. Nick provided timely, courteous, thorough service to replace my ice-maker today. I have been a Home-Tech customer for 5 years and consider this service plan a great investment for my condo. With this plan I get a positive return on my annual payments! Anthony D. We have been using your service for the last four years. Your service is consistent, professional, courteous and expedited at the earliest available date depending on urgency. Langslet Your people are very nice and have great attitudes. Thank you for your great service! Haffy Brad worked on my garbage disposal and washing machine.

Place of residence Dwelling size Type of home Families have the flexibility to choose between total and basic plans depending on the type and number of appliances they would like included in their plan. There are also optional coverages that will add features like a pool or septic system. You can get a quick quote online that will give you a better idea of how much your home warranty plan will cost. Make a wish list of what systems you want covered before you sign up. What is a Home Protection Plan? Your home protection plan is essentially the same as your home warranty. Our customer service center is available 24 hours a day, 7 days a week, days a year. We will connect you with qualified repair professionals in your area. The repair process is simplified for your convenience. Other than a trade call fee and any applicable deductibles, the cost of repairs are covered. When your service provider arrives to handle the repair, there is nothing more you need to do. If your equipment cannot be repaired, your home protection plan may even cover a full replacement. A home protection plan offers peace of mind throughout the year. CHW offers service contracts which are not warranties. It acts as a service contract, to lessen the financial burden of owning household items that have an estimated life expectancy. The warranty may be utilized in the absence of sudden or accidental damage to the home. The following items would fall within this category, depending on the extent of your coverage: HVAC air conditioning system Water heater Pool pump A homeowners insurance policy only covers elements of the home that might need to be serviced or replaced due to unexpected damage, such as hurricanes, lightning strikes or fire. The incidents where a homeowner attempts to use a household appliance, only to find out that it is not functioning properly, would not be covered under a home insurance policy. In short, a home warranty will cover home systems and appliances that fail due to normal wear and tear coverage extent based on contract whereas homeowners insurance will not. For this reason, a home warranty is a good investment considering it will be used at some point as all home systems and appliances will eventually fail.
