Four years ago I was sure about Jenna. Jenna left but I kept my word. Jenna tried to get out of our corrupt town, but it pulled her back in again. Now she needs help. Everything that ever meant anything to me. Now the Lords of Carnage are my life. Anything I need, the club provides. Anything else is unimportant. Back when I had hope. Back when I thought life would give you what you asked for if you wanted it bad enough. But when I look in those deep brown eyes, I want Samantha. I want to possess every inch of her body to hear her call my name when she loses herself in pleasure. Do anything to make her hate me. Even if it destroys us both. And I want her in my bed. My inner caveman is in overdrive. Sex, crime, and power. But when I see the sexy, feisty little number, in over her head at the biker bar, I want to pummel the son of a bitch who threatens her. Taking Alix back to my club for protection is all I can do. Even though hell, I want to do so much more. Loaded question! But she needs my help anyway. And after that, Alix is mine. Whether she knows it or not.

Los Perdidos MC (Sons of Glory Motorcycle Club Romance) - Kindle edition by Daphne Loveling. Romance Kindle eBooks @ calendrierdelascience.com

One night, Jenny Chapman and her college friends decide to go to the local biker bar, the Black Dog. Jenny thought she knew what she was doing, but she was completely unprepared to meet Smoke, the vice-president of the Los Perdidos motorcycle club. This steamy erotic short features a budding romance between a biker bad boy and a young woman with a taste for adventure! His voice traced a path down my stomach to my core. I had never been in the presence of sex on wheels before, but this was definitely it. I smiled self-consciously and willed myself not to sound like an idiot. Smoke, like his smoky, velvety voice. Or are you just a tourist? Smoke stepped closer to me. His musky scent filled my nose; my lips parted involuntarily. The raw masculinity of this guy was intoxicating. Everything about him said power. None of the guys I had ever been with had affected me this way. He flashed a smile and I felt my eyes half-close in anticipation. I glanced over at Kara again. Her guy had her back against the wall now, and he towered over her as she smiled flirtatiously up at him. All my nerve endings were on edge; I felt alive, really alive, for the first time in forever. Smoke laughed, a deep, rumble in his throat, and wrapped one strong arm around me. Pulling me to him harshly, his mouth came down on mine. The smell of his leather mixed with the whiskey taste of him, and I opened my mouth willingly to his probing tongue. A little moan escaped me as he pressed me against him, possessing me with his mouth as his whiskers punished my face. Smoke pulled his lips away from mine and put his arms around my waist.
