The significance of this day has blended with diverse cultures and ethnicity across the world, and is celebrated in varied forms. To me, a woman is symptomatic of a number of feelings, listening with patient, looking with love, swallowing the pain quietly, taking care of my dreams even when I am in sleep! Never lose the charm, keep it warm!! This day is just to celebrate your existence! I wish you blossom like a beautiful rose whose charm never goes!! May you stand like a stone, firm enough, not to get hit by any adversity! Any and every successful story would not have been complete without the presence of a woman! She always stands firm, by the side of a man when he embarks on his journey of success! She is courage, she is love, she is the future, she the present!! Cheers to the velour of women who have taken up the responsibility on her shoulders! Every bit of hard work and the affection that you put into it makes my life beautiful. Every little act of yours matters to me and has taken me from all the thick and thin. You are the angel who has transformed my life for the better. You are best; when you are with me I forget the rest! God created woman to add to the beauty of the universe, when he created the world, God must also be surprised with his own creation, The way, the whole woman fraternity have transformed the world is unbelievable! May you keep spreading the fragrance in the world! I hope that the sun shines in your world forever, May you keep on blossoming like a flower! May the soothing rain drops incessantly shower! A plant grows only when it is watered regularly with love, Similarly, a life becomes a life only when there is happiness, A woman is the water that makes our life blossom like a flower, Woman! Keep watering this plant of life! You hold me, when I need you, Same as the lovely flowers that holds the dew, You can only understand the power of a woman when she is put to work, Just like the power of the moon is known only when the day reaches to darkness! She tries, to make us rise, When a difficulty arise, She shines and makes us wise, May all her dreams gets realised, Cheers to the fortitude of woman! I am gearing up to give you a bouquet of wishes on your special day, I am gathering a couple of flowers for you, To make you realise, your smile is where my happiness lies.
