Chapter 2 : Strategic Human Resource Management by Mello, Jeffrey A. | eBay

Mello writes a great introduction to the concept of Strategic Human Resource Management and has tons of case study examples, which is what makes this book valuable. Unfortunately, Mello's writing in each chapter is fairly short and journal articles comprise the bulk of each chapter.

Most human resources textbooks give you the theories without showing you the connections to real life. This textbook lets you see both sides of human resources: That way, you will not only get a great grade in class, you will be on your way to success after college as well. Weathers on Nov 03, The book covered a lot of ground. I believe it offered a lot of insight into the world of human resources, primarily, the challenges faced by HR today. Some highlights were the concept of valuing human assets, the implications of globalization, federal regulations, the importance of well-designed and applicable feedback systems, employee separation and compensation. Overall, it was a fairly easy read. I would recommend this book to professors, students, and entrepreneurs. Practically the entire first half of the book deal with strategic issues. My only concern however is that it is woefully out of date - four years old - and some of the materials show it! I have used this text for several years in graduate classes that I teach. Daniels on Feb 13, This is a good book and the only reason I did not rate it 5 stars was because the print seem really small. I needed reading glasses for this book. Other than that, the information contained in the book is very useful for HR professionals and those who strive to be great at what they do. Pretty good shape By Babegurl on Jun 28, It is a used book. See no problem currently. No highlighting or turned pages. Seems to be fine. Five Stars By Danny on Dec 31, In new condition, no blemishes, highlighting, or handwritten notes. By Gary Deitch on Jan 24, These sellers not only shipped me the wrong book, but had the audacity to ship it 3 weeks after order. The title and even the book cover were a match when I ordered it and even confirmed after the fact. Please do not use them!! Excellent quality By Christina Monteau on Sep 13, I purchased the textbook and it came to my house in a very short amount of time about 3 days or so in excellent quality. I can now use it for my graduate class. Thank you very much. This particular edition is in a Hardcover format. It was published by South-Western College Pub and has a total of pages in the book.
