And I should add, how much more enjoyable - especially now that the pressure is off to answer questions on it! The story is, quite naturally, the same as the original but it has been retold author not specified to match the splendid full colour illustrations by Stanley Maxwell. The French Revolution and the Reign of Terror is in full flow and the people were taking revenge on French noblemen, many of whom were going to the guillotine. One of the most hated noble families was that of the Evremondes, one of whom did not really want to belong to the family but he had been born into it. However, he did everything he could to disassociate himself with the family, treating his tenants most fairly and being generally well liked. But this still did not prevent some of the Frenchies wanting to track him down and see him off. They nicely took care of his father with a dagger in his back, guillotine not required. Madame Defarge was a prime mover in the persecution of the noblemen and she was constantly knitting, especially when she took a front seat at all the guillotine proceedings. And it was she who wanted to track down this particular Evremonde, who was the last of the line. Using the name Charles Darnay he had left France and gone to England where he had re-associated himself with Lucie Manette, whose father, Doctor Manette, had been imprisoned but whose freedom had been arranged by Darnay. In England he met up with Sidney Carton, who was a great admirer of Lucie but she preferred Darnay and she eventually becomes engaged to the latter. Suffice it to say that, against his better judgement, Darnay is enticed back to France where he is arrested and tried. The people all want him put to death but Doctor Manette speaks up for him and sways the people to support and reprieve him. This does not please Madame Defarge, who is intent on revenge on the nobleman, and she and her husband engineer a situation that requires the pardoned Darnay to be re-arrested and re-tried. The second trial hinges on an ill-fated note that Doctor Manette had secreted in his cell when held prisoner and this time Darnay is found guilty and sentenced to death. Lucie, who had gone over to France in support of her husband, is also in danger but an escape is engineered for her, her father and their servant but this still leaves her husband in jail awaiting execution. This Classics Illustrated edition has over splendid illustrations to support the nicely re-told tale of intrigue in 18th century France. Then, after these preliminaries, a carriage is stopped and one of the passengers, Jarvis Lorry, is given a message to meet Lucie Manette at Dover. And on the way across the Channel Lucie meets Charles Darnay and the pair fall in love and eventually marry. Before the marriage Darnay confides in Dr Manette that he is one of the Evremonde family but assures the doctor that he has renounced all his claims and has left his property in the charge of a servant. That servant is eventually arrested and Darnay goes over to France to speak on his behalf and arrange for his release. However the Deffarges are not happy and they trump up another charge against him and forge some documentation supposedly prepared by Dr Manette when he was in prison. This time, despite the please of Lucie and the doctor, who had gone over to France to speak on his behalf, he is found guilty of treason and arrested once more. But a friend that Darnay had met in England, Sydney Carton, also travels to France and in an exciting climax, he arranges for Lucie and the doctor, along with their servant, to flee in a carriage while he does the one thing that he feels he must do It is an entertaining end to an excellent and vibrantly illustrated re-telling of this classic tale.

Dickens upbringing was a mixture of happy times and sad: Nevertheless, Dickens was obsessed with reading, making him a natural journalist by the age of 20, when he began a career in journalism. Along the way, he also began writing his own short stories and materials, often serializing them in monthly installments in publications, a popular method of publishing in the 19th century. Unlike most writers, Dickens would not write an entire story before it began its serialization, allowing him to work on the fly and leave plot lines up in the air with each opportunity. By the time he died at the relatively young age of 58 from a stroke, he was already Europe's most famous writer. His obituary noted that Dickens was a sympathiser with the poor, the suffering, and the oppressed. Dickens was interred in Westminster Abbey, a rare honor bestowed only among the greatest and most accomplished Britons. Many of Dickens' novels were written with the concept of social reform in mind, and Dickens' work was often praised for its realism, comic genius and unique personalities. At the same time, however, Dickens' ability as a writer was nearly unrivaled, with his ability to write in prose unquestioned and unmatched. A Tale of Two Cities is often considered the greatest historical fiction of all time. Set in London and Paris before and during the French Revolution, the novel depicts the plight of the French peasantry at the hands of the aristocracy in the years leading up to the revolution, followed by the brutality of the Reign of Terror. Dickens juxtaposes French society with London's society during the same period while tracking characters in both cities, including Charles Darnay and Sydney Carton. The classic touches on social justice, romance, morality, good and evil. Great Expectations is widely considered one of the West's best classics and still acted out hundreds of times across the world each year. First published in serial form in , the novel is written in the first person from the point of view of Pip, an orphan. Pip encounters several different kinds of people of all classes, and he gets himself in and out of hairy situations, touching on themes such as ambition, crime, and social class. Of course, Pip's encounters are inspired by Charles Dickens' own experiences and observations of the people and the world around him in 19th century London. This edition of Dickens' two classic novels is specially formatted with a Table of Contents and includes pictures in both books.

### Chapter 4 : - Tale of Two Cities (Great Illustrated Classics) by Charles Dickens

*HarperCollins is proud to present its new range of best-loved, essential classics. 'It was the best of times, it was the worst of times!' Set before and during the French Revolution in the cities of Paris and London, A Tale of Two Cities tells the story of Dr Manette's release from imprisonment in the Bastille and his reunion with daughter, Lucie.*

In , Papercutz acquired the license and announced that they would begin publishing graphic novels starting with *The Wind in the Willows*. They were to combine reprints of some of the original titles with new modern adaptations, largely produced in France, the first of which was announced to be *The Adventures of Tom Sawyer*, with art by Severine Lefebvre. They published 19 volumes through *The Wind in the Willows* was not among them, and *The Adventures of Tom Sawyer* was the Mike Ploog adaptation from the First Comics series, as were all the others, although published in a different order and emphasizing some of the later, low circulation volumes. The issue number sequence is different from the original runs, although the Junior series was in the same sequence as the original, but with numbering starting at 1 instead of . In September , Classic Comic Store Ltd announced that although they would continue to publish the Classics Illustrated titles, they were no longer publishing the Junior series after issue 12, but rather importing the issues from Canada. This meant that the numbers used would be as per the Canadian issues . In October when issue 44 had been despatched , Classic Comic Store Ltd no longer continued with a subscription service in the UK, because of the costs involved. The company told subscribers that they were planning on producing 4 issues at a time, but not on a specified time scale. The first of these batches issues was produced in October . The second batch 49, 57â€”62 was available in August although the issues stated "First Published May ". The gap 50â€”56 was a result of the artwork for them being unavailable to Classic Comic Store in refreshed form â€” the intention being to publish them at a future date. In , Trajectory, Inc. New publications for Classic Comic Store editions[ edit ] July *Nicholas Nickleby* issue 32 became the first new title in the page series since the publication of No. The 39 Steps issue 44 became the second brand new title to the Classics Illustrated canon September . The *Argonauts* issue 48 was published â€” one of 13 which were never issued in the US collection, but only in the UK. References in popular culture[ edit ] In the film *Major League* , Jake Taylor Tom Berenger reads the Classics Illustrated edition of *Moby Dick* in an effort to impress his former girlfriend, Lynn Rene Russo in the hopes that he might win her back which he eventually does. At one point, the character Caesar Malcolm Danare is baffled by why a book report written by his friend Rooney Kevin Dillon contains continued references to W. Fields instead of Wilkins Micawber. Rooney responds by displaying the cover of the comic book, which depicts Fields as Mr. Micawber, based on his role in the film. Hero Sam Winchester, ill and delirious, recalls to his brother Dean the memory of Dean reading the story to him when they were both small children.
