They highlight major plot events and detail the important relationships and characteristics of important characters. The Chapter Abstracts can be used to review what the students have read, or to prepare the students for what they will read. Hand the abstracts out in class as a study guide, or use them as a "key" for a class discussion. They are relatively brief, but can serve to be an excellent refresher of A Tale of Two Cities for either a student or teacher. Character and Object Descriptions Character and Object Descriptions provide descriptions of the significant characters as well as objects and places in A Tale of Two Cities. These can be printed out and used as an individual study guide for students, a "key" for leading a class discussion, a summary review prior to exams, or a refresher for an educator. The character and object descriptions are also used in some of the quizzes and tests in this lesson plan. The longest descriptions run about words. They become shorter as the importance of the character or object declines. Daily Lessons This section of the lesson plan contains 30 Daily Lessons. Daily Lessons each have a specific objective and offer at least three often more ways to teach that objective. Lessons include classroom discussions, group and partner activities, in-class handouts, individual writing assignments, at least one homework assignment, class participation exercises and other ways to teach students about A Tale of Two Cities in a classroom setting. You can combine daily lessons or use the ideas within them to create your own unique curriculum. Fun Classroom Activities include group projects, games, critical thinking activities, brainstorming sessions, writing poems, drawing or sketching, and countless other creative exercises. Many of the activities encourage students to interact with each other, be creative and think "outside of the box," and ultimately grasp key concepts from the text by "doing" rather than simply studying. Fun activities are a great way to keep students interested and engaged while still providing a deeper understanding of A Tale of Two Cities and its themes. Students should have a full understanding of the unit material in order to answer these questions. They often include multiple parts of the work and ask for a thorough analysis of the overall text. They nearly always require a substantial response. Essay responses are typically expected to be one or more page s and consist of multiple paragraphs, although it is possible to write answers more briefly. But, they also cover many of the other issues specific to the work and to the world today. The short essay questions evaluate not only whether students have read the material, but also how well they understand and can apply it. They require more thought than multiple choice questions, but are shorter than the essay questions. Use these questions for quizzes, homework assignments or tests. The questions are broken out into sections, so they focus on specific chapters within A Tale of Two Cities. This allows you to test and review the book as you proceed through the unit. Typically, there are questions per chapter, act or section. Pass the forms out before you assign reading, so students will know what to expect. You can use the forms to provide general feedback on audibility, pronunciation, articulation, expression and rate of speech. You can use this form to grade students, or simply comment on their progress. This will help you establish uniform criteria for grading essays even though students may be writing about different aspects of the material. By following this form you will be able to evaluate the thesis, organization, supporting arguments, paragraph transitions, grammar, spelling, punctuation, etc. They pull questions from the multiple choice and short essay sections, the character and object descriptions, and the chapter abstracts to create worksheets that
