

**Chapter 1 : Dreamland: The True Tale of America's Opiate Epidemic: Sam Quinones: Bloomsbury Press**

*Tales of the Ohio Land* By Jack Matthews *The Ohio Land* is a real and special place. Among its residents are an ancient, one-eyed Shawnee, an irrepressible citizen-soldier, and a homicidal confidence man.

*A Chronicle of Maine* About life at Chimney Farm, near Damariscotta Pond. Anthony Betts *Green Wood and Chloroform: Humorous reminiscences of rural medicine.* Hal Borland *Hill Country Harvest* This book invites the reader to spend a year in New England Connecticut, at the foot of the Berkshires with an observer who makes the countryside stimulate the senses. *This Hill, This Valley* A modern Thoreau in a year of country living in a Connecticut valley observing nature through the seasons. David Brill *A Separate Place: Confronted with a disintegrating marriage and a deep well of unhappiness, Brill decided to make go back to the land, buying some woodland in the Tennessee hills and building a 3-room cabin on the edge of the wild. This book recounts his adventures and occasional misadventures in self-transformation.* Louis Bromfield *Malabar Farm series s: In the spirit of Thoreau, the Pulitzer Prize winning novelist wrote on agriculture and environment from his Ohio farm.* Joyce Butler *Pages from a Journal* Carman Clark *From the Orange Mailbox: Notes from A Few Country Acres* Collected essays, covering topics ranging from the history of her year-old farm on Sennebec Pond to the use of narcissus bulbs in ancient Rome to the proper care of an asparagus bed. The author seeks to capture the spirit of her life on Chimney Farm in Maine, along with her husband, Henry Beston. *Autobiographical book about her farm. Anecdotes, tales, impressions of Maine country life. Tells of snowbound days in a remote farmhouse, of wildlife in woods and lake, of local Indians and legends, of neighbors who plow with oxen, of gallant and tough-minded seafarers.* Tristram Coffin *Lost Paradise: A Boyhood on a Maine Coast Farm* Memoir of childhood spent on Pond Island. David Colfax *Hard Times in Paradise: On 47 uncleared acres of a roadless mountaintop, without running water, phone service or electricity, they built a house and learned to live off the land. The Crosslands raised five children on their rocky hillside farm in western Maine.* Marnie Reed Crowell *Greener Pastures: Life in the North Country* Farm life in upstate, northern New York. She acquires one after a ten year search, and begins life there a rural innocent. *A small treasure about a Depression-era adventure at Wytopotlock Lake in the wilds of northern Maine.* Charming engravings by Siri Beckman. Barbara Drake *Peace at Heart: An Oregon Country Life* Here she reflects on 10 years of country living. *Tales of the Maine Woods: A truthful, funny, and heartfelt story of a couple learning how to farm.* Edmund Fuller *Successful Calamity: In Edmund Fuller bought himself a farm on Lake Champlain, pretty much sight unseen, in mid-January, when all acres were buried under four feet of snow. He lasted four years, and this is the story of it.* Lewis Gannett *Cream Hill: Discoveries of a Weekend Countryman* Catherine Goldhammer *Still Life with Chickens: Starting Over in a House by the Sea* Goldhammer -- middle-aged, newly separated, with downsized finances -- is forced to make some extreme changes, including moving herself and her year-old daughter from an affluent suburb to a seaside house in a more rustic New England setting, where she purchases six baby chickens. *A memoir about starting over.* Gould *A Maine Man in the Making* The story of growing up in Maine with a father who was a farmer and a Civil War veteran. John Gould *Farmer Takes a Wife* A humorous memoir of a man who brings his city-bred Bostonian bride to settle down on his farm in Maine. She takes to it like a duck to water, and learns to appreciate the people and the laid-back life in her new environment. *Neither Hay Nor Grass* Whimsical essays on the people and culture of rural Maine *This Trifling Distinction: Reminiscences from Down East* Maine life in the 19th century. Amusing experiences of life on the road as a salesman in New England during the horse-and-buggy era. *Storekeeper* tells of his four decades running a general store in Somerset County, Maine. *Historical facts and incidents. Observations on a Patch of Land* From *A Limestone Ledge* Essays and other ruminations about country life in Texas. A treatise on the pleasures and hardships of doing things for oneself, a nostalgic meditation on country ways. *Graves* considers every creature and aspect of country life that has lured or forced his attention during two decades of living on, and working, a battered and recalcitrant stock farm in the cedar-covered limestone hills of North Central Texas. *Nine Mile Bridge* Story of a young woman schoolteacher in the remote wilderness of Maine. *An affectionate look at life on an Iowa farm in the s and s.*

Hasenpus *We Summer in Maine* Wonderful and nostalgic look at Maine. *A Year in the Maine Woods* Naturalist Bernd Heinrich sets out for a year in the wilds of Maine accompanied only by his pet raven, Jack. *Memoir of growing up on a Minnesota dairy farm.* Lewis Hill *Fetched-Up Yankee: A New England Boyhood Remembered* By focusing on his neighbors, his family, and the small details of everyday life, Hill shows how the twentieth century came thirty years late to the backwoods of his boyhood. This was a simpler time of square dances and school pageants, when women spent much of their free time listening in on the new-fangled party lines and men drove their first cars as if they were horses, stopping often to let them rest. *Hinckley Letters from Applehurst* An editor leaves his office to come to a little farm he calls Applehurst, first to build up his nervous system, and second to do his bit toward preventing a food shortage later in the year. *Glimpse of small-town life in Maine and Vermont.* Pleasures and excitement of rural life. Trolley cars, New England boiled dinners, old-fashioned remedies, etc. Also others, including some for children. *Adrian and Helen Hoover* gave up urban comforts for the deeper delights of the wilderness in *A vivid and absorbing novel of a proud, independent North Dakota wheat-farming family and their struggles against the relentless depression years* Graham R. *A Spiritual Journey* *Running a Smallholding* An honest and intimate account of the attempts of a city-boy and his partner at running a small farm as a hobby. As its subtitle suggests, it also describes some of the lessons learned during that ten-year once-in-a-lifetime experience. It is a journey that takes the author through some of the most harrowing experiences of his life -- such as when his pet house cow is diagnosed as having mad cow disease; some of the most amusing -- like the antics of a sex-mad drake and ram; some of the most frustrating -- such as having to burn two acres of soggy grass that should have been hay; and some of the most satisfying and rewarding. In its own way, the book aims to build bridges and promote understanding between city dwellers and country folk. *The Journal of an Improbable Shepherd* Raised to fear animals of all shapes and sizes, she only wanted to create a life for herself and her friends and family in her room shingle-style house. After a neighboring dairy farmer suggested they use her acres of hay fields and woodland to start a farm together, she contacted the South Central New York Resource and Development Center, and they applied for and received a grant of nine free sheep. They soon bought ten more. Then her partner quit *A Year of Country Life* A something suburbanite and his wife buy a farm in West Hebron upstate New York, stocking it with three border collies and a small herd of sheep. His new home is an aging farmhouse, several decrepit barns, forty-two acres of pasture and woods, the sheep, two donkeys, and a town full of people curious about the flatlander in their midst. *Dispatches from Bedlam Farm* From her 24 years of living the good life in the wilderness, Kidney spins yards of adventure about rescues on windswept lakes and lost campers, and tales of people and animals that have visited her wilderness cabin.

### Chapter 2 : The Definitive Sleep No More Radio Log with Nelson Olmsted and Ben Grauer

*Jack Matthews (born ) is an American novelist, short story writer, essayist, and former professor. He has published 7 novels, 7 collections of short stories, a novella, and 8 volumes of essays. He is an avid book collector, and many of his book finds served as a basis for his essays and the.*

Traveling with a light heart! The Three Sisters The Highlands are filled with bens mountains , glens valleys , and lochs lakes , most of which have several hundreds of years of stories to go with them. Clans and kings, religious leaders and Viking conquests, faeries , heroic acts, betrayals, and lots of cattle thieving make for great storytelling. Many of the tales are true, but a great deal of them are not. Even so, they are a lot of fun. Elsewhere in the Highlands are the Five Sisters, another set of peaks, who were once known as the Seven Sisters – the youngest two were swept off their feet by two handsome Irishmen – but that is a tale for a different day. We stopped to take some photos. Just prior to our arrival, we had been told some of the more dramatic history of the region. Instead, we heard about the Glen Coe Massacre. Before I get to that, however, I need to tell you about this tradition called "Highland hospitality". It was held in much higher esteem than any law handed down by a distant monarch. Now, to the massacre! The way our guide told it, the clan chief of the MacDonalds got lost on his way to pledge his support for the new monarchs, William and Mary. It was January, so you can imagine the weather was not at its finest. He eventually arrived at the meeting place two days late. The bureaucrat types who were in charge of the signing said, "Oh, go on, then. Watch it on YouTube: Nevermind the pledge – they were late! In any case, a bunch of Campbells were sent to put an end to the MacDonalds. On the night of a terrible blizzard, the Campbell soldiers were given their orders and set about killing the MacDonalds while they slept. There is speculation that some of the soldiers warned their hosts, as breaking the code in such a manner was considered absolutely appalling. The next morning, 38 MacDonalds lay dead, while most of the others fled up a pass to a hidden valley. Political careers were destroyed, the flames of the Jacobite uprisings were fanned for many years to come, and the Campbell name was forever tarnished. Third sister off to the left there. The valley between these two is where the Campbells fled, or so they say. One of the most amusing tales – possibly a tall one – is about that famous American singer, Glen Campbell. Campbell was visiting Scotland and the Glencoe area. He and his entourage pulled into an inn run by a man whose last name was MacDonald. Turns out he was, but not in the way you might think: Yep, the judge was biased, all right, but in favor of well known Scottish tradition. No MacDonald need ever shelter a Campbell! Gone head to head with any moral codes lately?

We are bringing you the top things to do in Ohio this fall to keep you celebrating all season long. Get out, explore and share your Fallidays with us using FallidaysInOhio. From wine to aviation there is an Adventure Trail for every type of explorer! Catch a covered bridge tour and sample savory, fall food. Sample award-winning chili at the annual Chili-Fest September 29 in downtown Chillicothe. Find millions of blooms at the Barberton Mum Fest , September Presented by the Ohio Craft Brewers Association, this event is sure to bring no tricks, just treats. Eerie Encounters Descend into fear as you take on the Sandusky County Dungeon Tours – a nighttime adventure that uses technology to track the spirit world at the s Dungeon and Gallows Exhibition Hall. Including three breweries, attendees can choose to take the tour in a traditional limo, or opt for a spooky night out in a unique hearse limo. Listen to stories of the past at Fort Meigs in Perrysburg, where ghosts of dead soldiers will rise with the tales of years-gone-by during a frightfully fun stroll through grounds. Sample seasonal offerings like the Orange Eyes Pumpkin Ale from the Phoenix Brewing Company in Mansfield, housed in the haunted remains of what used to be a funeral home and mortuary back in the early s. Tour where many have stayed before at The Golden Lamb in Lebanon. A historic landmark, travelers, historical figures and even 12 United States Presidents have gathered here since Ohio first became a state. With delicious food and comfortable lodging, many guests have felt welcome at the inn and tavern – and some have never left. Opt to glimpse into the paranormal world on an overnight ghost hunt or a tour of The Ohio State Reformatory in Mansfield, part of the ever-spooky, Haunted Mansfield Trail. Feel the names carved into the woodwork of the abandoned building – and try to imagine what it was like to live or work there between the s to the s, its years of operation. Chase your fears at Camp Chase in Columbus, the site of a former Confederate prison and two-acre cemetery. A hotbed of ghostly sightings, it serves as the final resting place for more than 2, soldiers. Howl at the moon and visit Moonville Tunnel in McArthur, infamous for its paranormal activity. Be sure to catch their Midnight at Moonville event October 13 for music, crafts, spooky storytelling and more! Try one of their delicious, fresh-baked creations – and look out for their seasonal pumpkin pie. Click here to plan your next locally-sourced date night! Click here for more of our favorites. Devour game-day eats at these Columbus locales – great for a pre-Buckeye game bite! Embark on your next foodie adventure on the Eaterarian Trail throughout Marion County, full of unique and interesting eateries. Be the next top chef and take a fall cooking class at Flowers and Bread in Clintonville. Take your pick of 30 participating breweries. Taste pumpkin spice and everything nice at these local coffee shops serving up fall flavors. Showcase your Ohio spirit and appetite by touring the Buckeye Candy Trail. Sample the best buckeye candies the state has to offer! Family Fun Take in the fall foliage with a fall color driving tour! Click here to view the dozens of routes available, courtesy of ODNR. Reach for the stars at John Glenn Astronomy Park , a new addition in the Hocking Hills equipped with a huge sundial and telescopes for your budding astronomer. Find the perfect pumpkin at an Ohio pumpkin patch. Click here for inspiration. Touchdown to victory at an Ohio State Football game in Columbus. See the full schedule here. Visit your old stomping grounds and head back to your favorite Ohio college town. Click here for a list of our favorites. Swing away at Top Golf , a sports entertainment complex with a high-tech golf game that everyone can play. Now in Columbus, West Chester and Cleveland. Snag the perfect apples for your next fall recipe. Getaway from it all in the fall! Take a long weekend to enjoy the beautiful scenery throughout Ohio. Click here for our list of amazing fall getaways. Now through September Spark your imagination at the Decorative Arts Center in Lancaster. Learn the art of stained glass by taking an instructional class at Bernie and Max Stained Glass in Chillicothe. Explore an ancient culture and see sophisticated, moon-aligned earthworks at the Newark Earthworks and Great Circle Museum. Thrills Get the creeps at Kings Island! Take your season to new heights at Start Skydiving in Middletown, one of the top five largest drop-zones in the world. Get your blood pumping as you zipline

through the trees by moonlight at Camp Kern in Oregonia. Kid activities during the day and spooky surprises at night! [Click here](#) for more information. Snag breathtaking views at Treefrog Canopy Tours in Glenmont. Pick your next adventure here. Find your flower power in a sunflower field, like this one on the Tecumseh Land Trust in Yellow Springs. Channel your inner bowman and try your hand at archery at an Ohio State Park. [Click here](#) to find a range near you. Hop aboard an open-air train car on the Hocking Valley Scenic Railway – the perfect fall activity for leaf peeping. Inspire your future outdoorsmen with these family-friendly fall hikes – perfect for backpackers young and old. Open your heart to history and go behind the scenes during Ohio Open Doors, September. This week some of your favorite historic buildings and landmarks open their doors with special tours and activities, not typically available to the public. Be amazed at historical architecture and the stories behind it as you visit these seven Ohio historic homes and estates. Roll back the clock with Sandusky Segwave. Take a one or two-hour tour exploring the historical significance of this charming coastal town. Take a tour of the National Museum of the U. Air Force – but keep your eyes and ears peeled for ghostly figures throughout the facility. Unexplained footsteps, eerie figures, and strange occurrences – all have been reported at this museum. Travel back in time at Loveland Castle and tour the grounds, known for their fall beauty. Cruise on the historic Muskingum River with a relaxing ride aboard the Lorena Sternwheeler in Zanesville. Be sure to catch a fall foliage tour, late September through October! Head out for one of their many events throughout the fall. Plan a spooky stay at The Lafayette – a historic hotel in Marietta known for its dark history and paranormal experiences. With customizable routes and room for 10, your trip is sure to be out of this world. [Click here](#) for a list of our favorite spots! [Click here](#) to learn more. Peruse horse-drawn hearses and vintage funeral equipment at the Peoples Mortuary Museum in Marietta - a quirky museum meant to shed light on the unique and fascinating mortuary business. There you have it! How many can you check off your list this fall? For more falliday fun, [Find It Here on Ohio](#).

Early life[ edit ] Daniel Boone was of English and Welsh ancestry. There they built a log cabin, partially preserved today as the Daniel Boone Homestead. Daniel Boone was born there, November 2, , the sixth of eleven children. Daniel Boone spent his early years on what was then the edge of the frontier. Several Lenape Indian villages were nearby. The pacifist Pennsylvania Quakers had good relations with the Native Americans, but the steady growth of the white population compelled many Indians to move further west. Boone was given his first rifle at the age of . He learned to hunt from both local settlers and the Lenape. In one story, the young Boone was hunting in the woods with some other boys, when the howl of a panther scattered all but Boone. He calmly cocked his rifle and shot the predator through the heart just as it leaped at him. The validity of this claim is contested, but the story was told so often that it became part of his popular image. Because the young couple had "kept company", they were considered "married without benefit of clergy". Daniel Boone did not attend church again. He identified as a Christian and had all of his children baptized. This was in the western backwoods area. Historian John Mack Faragher cautions that the folk image of Boone as semiliterate is misleading, and argues that he "acquired a level of literacy that was the equal of most men of his times. He was often the only literate person in groups of frontiersmen. Boone would sometimes entertain his hunting companions by reading to them around the evening campfire. While on the campaign, Boone met John Findley, a packer who worked for George Croghan in the trans-Appalachian fur trade. Findley first interested Boone in the abundance of game and other natural wonders of the Ohio Valley. Findley took Boone on his first fateful hunting trip to Kentucky 12 years later. They eventually had 10 children. Almost every autumn, Boone would go on "long hunts" , extended expeditions into the wilderness lasting weeks or months. Boone went alone or with a small group of men, accumulating hundreds of deer skins in the autumn, and trapping beaver and otter over the winter. The hunt followed a network of bison migration trails, known as the Medicine Trails. When the long hunters returned in the spring, they sold their take to commercial fur traders. A tree in present Washington County, Tennessee reads "D. Bar on tree in the year ". Boone Kilt a Bar, Boone served in the North Carolina militia during this "Cherokee Uprising". His militia expeditions went deep into Cherokee territory beyond the Blue Ridge Mountains and he was separated from his wife for about two years. By the mids, with peace made with the Cherokee, colonial immigration into the area increased. The competition of new settlers decreased the amount of game available. Boone had difficulty making ends meet; he was often taken to court for nonpayment of debts. He sold his land to pay off creditors. According to a family story, Boone purchased land near Pensacola , but Rebecca refused to move so far away from her friends and family. Daniel Boone by Cecil B. Hartley Boone first reached Kentucky in the fall of while on a long hunt with his brother Squire Boone , Jr. Boone and Findley happened to meet again, and Findley encouraged Boone with more tales of Kentucky. At the same time, news had arrived about the Treaty of Fort Stanwix , in which the Iroquois had ceded their claim to Kentucky to the British. This, as well as the unrest in North Carolina due to the Regulator Movement , likely prompted Boone to extend his exploration. On December 22, , Boone and a fellow hunter, Benjamin Cutbirth , were captured by a party of Shawnees, who confiscated all of their skins and told them to leave and never return. The Shawnees had not signed the Stanwix treaty, and since they regarded Kentucky as their hunting ground, they considered white hunters there to be poachers. Boone, however, continued hunting and exploring Kentucky until his return to North Carolina in , and returned to hunt there again in the autumn of . On July 5, , Boone packed up his family and, with a group of about 50 immigrants, began the first attempt by British colonists to establish a settlement in Kentucky. Boone was still an obscure hunter and trapper at the time; the most prominent member of the expedition was William Russell , a well-known Virginian and future brother-in-law of Patrick Henry. Following the Treaty of Fort Stanwix, American Indians in the region had been debating what to do about the influx of settlers. This group had decided, in the words of historian John Mack Faragher, "to send a message of

their opposition to settlement". In the summer of , Boone volunteered to travel with a companion to Kentucky to notify surveyors there about the outbreak of war. Upon his return to Virginia, Boone helped defend colonial settlements along the Clinch River , earning a promotion to captain in the militia, as well as acclaim from fellow citizens. In the treaty, Henderson purchased the Cherokee claim to Kentucky to establish a colony called Transylvania. Afterwards, Henderson hired Boone and Cutbirth to blaze what became known as the Wilderness Road , which went through the Cumberland Gap and into central Kentucky. Along with a party of about 30 workers, Boone and Cutbirth marked a path to the Kentucky River , where they founded Boonesborough. Other settlements, notably Harrodsburg , were also established at this time. Despite occasional Indian attacks, Boone returned to the Clinch Valley and brought his family and other settlers to Boonesborough on September 8, Native Americans who were unhappy about the loss of Kentucky in treaties saw the war as a chance to drive out the colonists. Isolated settlers and hunters became the frequent target of attacks, convincing many to abandon Kentucky. Boone and a group of men from Boonesborough followed in pursuit, finally catching up with them two days later. Boone and his men ambushed the Indians while they were stopped for a meal, rescuing the girls and driving off their captors. James Fenimore Cooper created a fictionalized version of the episode in his classic novel *The Last of the Mohicans* Boone was shot in the ankle while outside the fort, but he was carried back inside amid a flurry of bullets by Simon Kenton , a recent arrival at Boonesborough. With the food supply running low, the settlers needed salt to preserve what meat they had, so in January , Boone led a party of 30 men to the salt springs on the Licking River. Instead, Boone promised that Boonesborough would surrender willingly to the Shawnees the following spring. Boone did not have an opportunity to tell his men that he was bluffing to prevent an immediate attack on Boonesborough, however. Boone pursued this strategy so convincingly that many of his men concluded that he had switched his loyalty to the British. Daniel Boone, by Cecil B. As was their custom, the Shawnees adopted some of the prisoners into the tribe to replace fallen warriors; the remainder were taken to Hamilton in Detroit. Boone was adopted into a Shawnee family at Chillicothe, perhaps into the family of Chief Blackfish himself, and given the name Sheltowee Big Turtle. Boone responded by leading a preemptive raid against the Shawnees across the Ohio River , and then by helping to successfully defend Boonesborough against a day siege led by Blackfish, which began on September 7, After the siege, Captain Benjamin Logan and Colonel Richard Callaway —both of whom had nephews who were still captives surrendered by Boone—brought charges against Boone for his recent activities. In the court-martial that followed, Boone was found "not guilty", and was even promoted after the court heard his testimony. Despite this vindication, Boone was humiliated by the court martial, and he rarely spoke of it. He began earning money at this time by locating good land for other settlers. Transylvania land claims had been invalidated after Virginia created Kentucky County , so settlers needed to file new land claims with Virginia. While he was sleeping in a tavern during the trip, the cash was stolen from his room. Some of the settlers forgave Boone the loss; others insisted he repay the stolen money, which took him several years to do. A popular image of Boone which emerged in later years is that of the backwoodsman who had little affinity for "civilized" society, moving away from places like Boonesborough when they became "too crowded". In reality, however, Boone was a leading citizen of Kentucky at this time. When Kentucky was divided into three Virginia counties in November , Boone was promoted to lieutenant colonel in the Fayette County militia. In April , he was elected as a representative to the Virginia General Assembly , which was held in Richmond. In , he was elected sheriff of Fayette County. Apparently thinking that they had killed Daniel Boone, the Shawnees beheaded Ned and took the head home as a trophy. In , Boone traveled to Richmond to take his seat in the legislature, but British dragoons under Banastre Tarleton captured Boone and several other legislators near Charlottesville. The British released Boone on parole several days later. Boone returned to Kentucky and in August fought in the Battle of Blue Licks , in which his son Israel was killed. In November , Boone took part in another Clark expedition into Ohio, the last major campaign of the war. Back in Limestone, Boone housed and fed Shawnees who were captured during the raid, and helped to negotiate a truce and prisoner exchange. Although the war escalated and would not end until the American victory at the Battle of Fallen Timbers eight years later, the expedition was the last time Boone saw military action. Boone was initially prosperous, owning seven slaves by a relatively large number for

Kentucky at the time , [36] but began to have financial troubles while living in Limestone. According to the later folk image, Boone the trailblazer was too unsophisticated for the civilization which followed him and which eventually defrauded him of his land. Boone was not the simple frontiersman of legend, however: According to Faragher, "Boone lacked the ruthless instincts that speculation demanded. When Virginia created Kanawha County in , Boone was appointed lieutenant colonel of the county militia. The next year, Boone applied to Isaac Shelby , the first governor of the new state of Kentucky, for a contract to widen the Wilderness Road into a wagon route, but the contract was awarded to someone else. This engraving by Alonzo Chappel circa depicts an elderly Boone hunting in Missouri. A portrait of Boone by John James Audubon , circa after Having endured legal and financial setbacks, Boone sought to make a fresh start by leaving the United States. Charles County , Missouri , but was then part of Spanish Louisiana. The Spanish governor appointed Boone " syndic " judge and jury and commandant military leader of the Femme Osage district.

### Chapter 5 : Tales of the Ohio Land by Jack Matthews

*CBF Morning Run: Angering millennials with tales of college, talking turkey with Lincoln and sipping special Land-Grant and Wolf's Ridge brews (Video).*

In , in the blue-collar city of Portsmouth, Ohio, a company built a swimming pool the size of a football field; named Dreamland, it became the vital center of the community. Now, addiction has devastated Portsmouth, as it has hundreds of small rural towns and suburbs across America--addiction like no other the country has ever faced. How that happened is the riveting story of Dreamland. Together these phenomena continue to lay waste to communities from Tennessee to Oregon, Indiana to New Mexico. Introducing a memorable cast of characters--pharma pioneers, young Mexican entrepreneurs, narcotics investigators, survivors, and parents--Quinones shows how these tales fit together. Dreamland is a revelatory account of the corrosive threat facing America and its heartland. A stunning journalistic journey that follows the history and narrative trajectories that lead to this entirely new style of cultivating drug addiction. I just love this book. With prose direct yet empathic, he interweaves the stories of Mexican entrepreneurs, narcotics agents, and small-town folks whose lives were upended by the deluge of drugs, leaving them shaking their heads, wondering how they could possibly have resisted. Veteran journalist and storyteller Sam Quinones provides investigative reporting to explain the latest surge. But he also goes way deeper; he tells the social and human stories at the heart of the opiate trade and how it tortures the souls of America and Mexico. You cannot understand our drug war and Mexican immigration to the United States without reading this book. Dreamland offers an eye-opening, enlightening and mesmerizing account of one of the most important stories of the last few decades. Quinones is a master storyteller, with a knack of bringing hundreds of characters to life. Dreamland stands as a model of meticulous investigative reporting providing important insights not only the current opiate epidemic but also into the sometimes negative symbiosis between our country and our neighbors to the south. Using expert storytelling and exhaustive detail, Quinones chronicles the perfect storm of circumstances that cleared the way for the Mexican narcotic to infiltrate our small and midsize communities over the last two decades. Featuring voices from every corner of the crisis, including pharmaceutical bigwigs, young Mexican drug runners, police, doctors, addicts, survivors, and families touched by epidemic, Dreamland is a must-read for anyone grappling with the story of heroin addiction in the United States. Quinones combines thorough research with superlative narrative skills to produce a horrifying but compulsively readable book about opiate addiction. And I state that without reservation. This book is as much of a page-turner as a good mystery, as well as being thoroughly and disturbingly illuminating about a national crisis. Spanning the central U. Read this true story! He changed the spelling of his middle name to Sydney in His parents were Dr. When William was three, his mother died after birthing her third child, and he and his father moved into the home of his paternal grandmother. He then enrolled at the Lindsey Street High School. His aunt continued to tutor him until he was At the drugstore, he also showed his natural artistic talents by sketching the townfolk. Hall to Texas in March , hoping that a change of air would help alleviate a persistent cough he had developed. While on the ranch, he learned bits of Spanish and German from the mix of immigrant ranch hands. He also spent time reading classic literature. Porter resided with the Harrells for three years. He went to work briefly for the Morley Brothers Drug Company as a pharmacist. He also began writing as a sideline and wrote many of his early stories in the Harrell house. As a young bachelor, Porter led an active social life in Austin. He was known for his wit, story-telling and musical talents. He played both the guitar and mandolin. He sang in the choir at St. Porter family in early s Athol, Margaret daughter , William Porter met and began courting Athol Estes, 17 years old and from a wealthy family. Her mother objected to the match because Athol was ill, suffering from tuberculosis. Smoot, pastor of the Central Presbyterian Church , where the Estes family attended church. The couple continued to participate in musical and theater groups, and Athol encouraged her husband to pursue his writing. Athol gave birth to a son in , who died hours after birth, and then daughter Margaret Worth Porter in September The salary was enough to support his family, but he continued his contributions to magazines and newspapers. The castle-like building he worked in was even woven into some of his tales such as "Bexar Scrip No. His job at the GLO was a political appointment by Hall. Hall ran for governor in the election of but lost. Porter resigned on January 21, , the day after the new governor, Jim Hogg , was sworn in. The bank was operated informally, and Porter was apparently careless in keeping his books and may have embezzled funds. In , he was accused by the bank of embezzlement and lost his job but was not indicted at the time. He then worked full-time on his humorous weekly called The Rolling Stone, which he started while working at the bank. Although eventually reaching a top circulation of 1,, The Rolling Stone failed in April because the paper never provided an adequate income. However, his writing and drawings had caught the attention of the editor at the Houston Post. Porter and his family moved to Houston in , where he started writing for the Post. Porter gathered ideas for his column by loitering in hotel lobbies and observing and talking to people there. This was a technique he used throughout his writing career. While he was in Houston, federal auditors audited the First National Bank of Austin and found the embezzlement shortages that led to his firing. A federal indictment followed, and he was arrested on charges of embezzlement. He was due to stand trial on July 7, , but the day before, as he was changing trains to get to the courthouse, an impulse hit him. He fled, first to New Orleans and later to Honduras, with which the United States had no extradition treaty at that time. William lived in Honduras for only six months, until January There he became friends with Al Jennings , a notorious train robber, who later wrote a book about their friendship. Unfortunately, Athol became too ill to meet Porter in Honduras as he had planned. When he learned that his wife was dying, Porter returned to Austin in February and surrendered to the court, pending trial. Athol Estes Porter died from tuberculosis then known as consumption on July 25, He was sentenced to five years in prison and imprisoned on March 25, , at the Ohio Penitentiary in Columbus, Ohio. Porter was a licensed pharmacist and was able to work in the prison hospital as the night druggist. He was given his own room in the hospital wing, and there is no record that he actually spent time in the cell block of the prison. He had 14 stories published under various pseudonyms while he was in prison but was becoming best known as "O. A friend of his in New Orleans would forward his stories to publishers so that they had no idea that the writer was imprisoned. Porter was released on July 24, , for good behavior after serving three years. Margaret

was never told that her father had been in prison—just that he had been away on business. While there, he wrote short stories. His wit, characterization, and plot twists were adored by his readers but often panned by critics. Porter married again in to childhood sweetheart Sarah Sallie Lindsey Coleman, whom he met again after revisiting his native state of North Carolina. Sarah Lindsey Coleman was herself a writer and wrote a romanticized and fictionalized version of their correspondence and courtship in her novella *Wind of Destiny*. In , Sarah left him, and he died on June 5, , of cirrhosis of the liver , complications of diabetes , and an enlarged heart. She married cartoonist Oscar Cesare of New York in ; they were divorced four years later. She died of tuberculosis in and is buried next to her father. Stories[ edit ] Portrait of Porter used as frontispiece in the posthumous collection of short stories *Waifs and Strays* O. In his day he was called the American answer to Guy de Maupassant. While both authors wrote plot twist endings, O. Many take place in New York City and deal for the most part with ordinary people: Henry had an inimitable hand for isolating some element of society and describing it with an incredible economy and grace of language. Some of his best and least-known work is contained in *Cabbages and Kings* , a series of stories each of which explores some individual aspect of life in a paralytically sleepy Central American town, while advancing some aspect of the larger plot and relating back one to another. *Cabbages and Kings* was his first collection of stories, followed by *The Four Million*. Henry, everyone in New York counted. He had an obvious affection for the city, which he called "Bagdad-on-the-Subway", [7] and many of his stories are set there—while others are set in small towns or in other cities. His final work was "Dream", a short story intended for the magazine *The Cosmopolitan* but left incomplete at the time of his death. The essential premise of this story has been copied, re-worked, parodied, and otherwise re-told countless times in the century since it was written. Despite efforts at petty theft, vandalism, disorderly conduct, and "flirting" with a young prostitute, Soapy fails to draw the attention of the police. Disconsolate, he pauses in front of a church, where an organ anthem inspires him to clean up his life; ironically, he is charged for loitering and sentenced to three months in prison. He goes to a town bank to case it before he robs it. They immediately fall in love and Valentine decides to give up his criminal career. He moves into the town, taking up the identity of Ralph Spencer, a shoemaker. Just as he is about to leave to deliver his specialized tools to an old associate, a lawman who recognizes him arrives at the bank. Knowing it will seal his fate, Valentine opens the safe to rescue the child. In later film and TV depictions, the Kid would be portrayed as a dashing adventurer, perhaps skirting the edges of the law, but primarily on the side of the angels. In the original short story, the only story by Porter to feature the character, the Kid is a murderous, ruthless border desperado, whose trail is dogged by a heroic Texas Ranger. The twist ending is, unusually for Porter, tragic. Pen name[ edit ] Porter used a number of pen names including "O. Henry" or "Olivier Henry" in the early part of his writing career; other names included S. Dowd, and Howard Clark. Henry" seemed to garner the most attention from editors and the public, and was used exclusively by Porter for his writing by about He gave various explanations for the origin of his pen name. It was during these New Orleans days that I adopted my pen name of O. I said to a friend: Help me pick out a good one. In the society columns we found the account of a fashionable ball. I want something short. None of your three-syllable names for me. I replied, "O stands for Olivier, the French for Oliver. Dispensary which Porter used working in the prison pharmacy. Henry Award is a prestigious annual prize named after Porter and given to outstanding short stories. A film was made in featuring five stories, called *O. Henry House* and *O. Henry Hall* , both in Austin, Texas, are named for him. Henry was convicted of embezzlement.
