*Tangled Bond by Emma Hart is the continuation of Noelle and Drake's attempt at love and, of course, follows murder and mystery in Holly Woods, Texas. Let me say, for a small Texas town, they sure have some crazy hanky-panky and secrets going on and I love it!*

Until you take into account that my brother finally proposed to his girlfriend, so Nonna is on a warpath and the crazy old bat has Cupid by the balls. The victim is close to the mayor, but all he cares about is minimizing the damage to his campaign, so he hires me to work alongside Drake to close the case as quickly as possible. Bad news for our tentative relationship. Really, really hate it. He closes the slight distance between us and gently takes my hands from the mug. But saving and protecting are two vastly different things, cupcake. Nothing matters more to me than protecting you, bella. Because just about every time he says it, I stop breathing. He dives his hands into my hair and seals his lips over mine. Fireworks erupt across my skin as I curl my fingers around his neck. He devours me, plain and simple. Hand over the evidence. That was my plan when I returned home to Holly Woods, Texas, and became a private investigator. Finding the dead body in my dumpster? Yeah! Given the choice, I think I would have opted out of that little discovery, especially since all three of my brothers are cops. Of course, my connection to the victim is entirely coincidental. My nemesis, a persistent pain in my ass, and one hell of a sexy son of a bitch. Shame he still holds a grudge from that time I shot him in the foot twelve years ago, or we could have something. Or jump his bones. All while I hunt down the killer. She first put fingers to keys at the age of eighteen after her husband told her she read too much and should write her own. Sometimes, she kills people.

**Chapter 3 : Lost To Books: Review ~ Tangled Bond (Holly Woods Files, #2) by Emma Hart**

*About Emma Hart. Emma Hart is the New York Times and USA Today bestselling author of over twenty novels and has been translated into several different languages.*

Let me say, for a small Texas town, they sure have some crazy hanky-panky and secrets going on—and I love it! Every small town has secrets and Holly Woods is no different. This time, the duo is attempting to figure out whodunit, and the list of suspects includes some mighty influential people. I should probably tell you, the sheer number of cupcakes consumed while reading this series is obviously linked to the story. Also, get your dialing finger ready for some pizza action! I will refrain from calling Drake insufferable this time because, like Noelle, I find his parts oh, so yummy. I could just eat him up! Her sass is awesome and fun and she kept me laughing. Noelle promised one date to Drake, and he will collect on that date even if Noelle puts up a fight about it. This book is full of mystery and romance. Noelle and Drake heat up the pages even more in Tangled Bond, all while a new murder hits the town of Holly Woods. Emma Hart leaves you guessing with who killed who and who did what. I was left surprised by who did it. I had no idea. The snap-crackle-pop of the relationship between super sexy Drake Nash and the beautiful, smart, snarky Noelle Bond just gets better and better. After recently dealing with two murders, one would think life would settle back down to normal shenanigans in Holly Woods, Texas. Oh, wait, all this does happen along with yet another murder. With the upcoming Mayoral election, the incumbent Mayor wants this murder solved and quickly. Hired to work alongside of the police department, Noelle is forced to work with Drake and her brothers until the murder is solved. Noelle is completely out of her league. And let the sparks fly. Neither one can resist the other, but are all the arguments worth it? Are they willing to fight their way into a true relationship? Oh man, these two I want to both cheer on and smack upside the head. Their interactions with each other and their friends and family are both hilarious and tender. He really helped lead Noelle through her misgivings and out of her head. Emma has up her sleeve for these two next!

His eyes flash with the memory. Son of a bitch. Hell, my pulse is much stronger than it was thirty seconds ago. He takes my hand from his weapon, but instead of releasing it, he keeps his grip. Then I pull my favorite Tiffany-blue Glock from my thigh holster. Drake comes up behind me, reaches around me, and rests his hands next to mine on the desk. I briefly close my eyes as his hard body melds against mine, because the man has one fine fucking body. I can feel it now— all muscle and tone and pure, hard strength. His biceps brush mine, except his are way more— biceps— than mine. Like, seriously, how does he fit those into that hot-as-hell white shirt? This is what happens when he touches me. I go all giggly schoolgirl. I take a deep breath, but despite my efforts to inhale slowly, it fills my lungs in a rush that jolts me. Drake feels it, because he drops his face to the curve of my neck exposed by my sleek topknot. Every part of me wishes I could unravel the hairbands and pins, but still, his lips against my collarbone— Oh, hell. They feel so good. So sweet and hot. **Chapter 8 : Release Day “ Tangled Bond (Holly Woods Files) by Emma Hart | THHernandez**

*Emma Hart is the New York Times and USA Today bestselling author of over twenty novels and has been translated into several different languages. She first put fingers to keys at the age of eighteen after her husband told her she read too much and should write her own.*

I love how Emma Hart plays up their attraction for one another as well as their constant state of fury. Drake and Noelle blaze with hatred and passion for one another and that is definitely made clear in every interaction they have, both professionally and personally. Readers can play along as the Detective and PI work to solve the case, developing their own theories and uncovering the guilty parties, which actively keeps them engaged from start to finish. A complimentary copy was provided in exchange for an honest review. White sauce splatters across the cupboards. Some of them really do come with murderous tendencies. Put those wedding bells down, Nonna! Her whole marriage was spent trying not to kill Nonno. Dad, make her stop dancing. Then I slide the cup along the counter to him. He picks it up and sniffs. To be fair, Trent and Alison never really got it right until he finally learned how she takes her coffee on a morning before her shifts—and that took him eighteen months. So Drake does have a point there. Big word for this early. Yeah, all right, cupcake. Holy shit, and I thought I had no brain-to-mouth filter. Does Drake Nash spit out every sexy thought in that delightful little mind of his without a second thought? What kind of voodoo is this prick pulling on me? Handsome, part Italian, a Catholic in theory, killer eyes, deadly kiss— Oh, that voodoo. New Orleans, I need a cure, please and thank you. Hand over the evidence. That was my plan when I returned home to Holly Woods, Texas, and became a private investigator. Finding the dead body in my dumpster?
