Passion can be lethal Caressed by Moonlight Book 1 Dorian Vlakhos is no ordinary aristocrat. He is a vampire king, who will do anything to save his clan from complete annihilation, before an ancient curse can claim his immortal life. Penniless and orphaned, Victoria Kingston has nothing to bring to a marriage, yet she must shackle an unsuspecting gentleman into marriage by the end of the month or forfeit her rights as guardian of her younger sister. With the help of her dearest friend, Victoria begins her hunt, and vows to stay far away from the dark, mysterious, Dorian Vlakhos. After meeting the beautifully innocent Miss Kingston, Dorian had to have her. He would do absolutely anything to make Victoria his. His fingers held her immobile as he bent his head down and took in the clean scent of her hair. He placed a kiss on the top of her head and reached out with his mind seizing hers. He whispered soothing words to calm her fears. Victoria was captured in a net of dizzying pleasure. His mind dominated hers, filling it with a misty fantasy that stole her breath away. He snatched her roughly to him, pressing their hips together tightly, one arm wrapped about her waist as the other moved to cup the back of her neck. His lips hovered over the tempting pulse of her throat. She ran her fingers through his hair, tugging lightly, bringing him closer. Falcon slammed his fist against the wall of the cabin, the sound snapping Dorian back into reality. He cursed and shoved himself away from his tempting wife. She stumbled back from the force of his movements and the release of her mind. She shook her head, trying to clear it. Her eyes shot to Dorian, standing in the far corner of the cabin, his arms wrapped around his middle. He grimaced as pain drilled into his skull. He looked helpless and vulnerable. She took a step toward him and his eyes jumped with evil excitement. She did not understand what had caused such a drastic change in him. He had been romantic and seductive one minute and cold and angry the next. It was dangerous for her; he could not restrain his hunger. He could easily kill her. But he needed her. He needed her caring, warm touch and her smooth voice. The beat of her heart pounded in his ears. She was coming towards him now. He turned his back as she reached for his arm. She wanted to ease his pain and was willing to do anything to help her husband. Victoria ran her hand up his back and Dorian hissed. Her touch was the perfect blend of ecstasy and excruciating pain. His eyes grew black, his fangs burning to pierce her skin. He pulled away needing the distance. Victoria blinked with a start as he vanished and appeared in his chair before the window. How could he possibly move that fast? Victoria stood motionless and puzzled. She opened her mouth to speak again but he now stood in front of her and grabbed her shoulders, his fangs flashing. Her eyes were a peculiar blend of fear, confusion, pain, and love. Caressed by Night Book 2 Dimitri Arsov, the last remaining pure vampire, was thought to be dead for the past four hundred years. Now, he is back and has a score to settle with the traitor that had tried to kill him centuries ago. But as he waits for his prey to blindly step into his carefully laid trap, his overwhelming hunger for blood is triggered when he saves a beautiful art historian. Unable to resist his diamond blue eyes and intense kisses, she is drawn into his world of darkness and closer to her impending doom. While their desire consumes them, Dimitri is haunted by images of a bloody and deadly future. As his enemies draw near, he must find a way to save his mate from her destiny before fate destroys them both. Caressed by Night Excerpt In a flash of movement, he twisted Kerstyn around and shoved her hard against the cold brick wall of a bar, shielding her with his body. Dimitri stepped forward, freeing her. She grabbed his arm and spun him around to face her. Her eyes were large circles as they met his chest. Blood welled out of the holes in his clothing. She had left her cell at the house. She frantically worked the buttons of his jacket. Those damned humans had changed everything. He willed his eyes to focus on her, taking in deep, rapid breaths, his lungs filling with her rosy scent andâ€¦ His

hand shot out and Kerstyn jumped back. He could smell it. Kerstyn could not take her eyes off his bare, bloody torso. His muscles contracted, contorted, and pushed one bullet out. Five bullets in total clattered to the pavement. Her face paled, her eyes glazed over, her mouth hung open, and her breathing stopped. She was in shock. He grabbed her shoulders and lowered his head until their eyes met. Still she stood unblinking and not breathing. A steady stream of curses fell from his lips. The humans had been driving down the street possessed by the haze in their heads. A spur of the moment decision had altered everything. Releasing her, she stumbled, but he did not reach out to steady her. His fingers drew into fists at his sides. Instinct told him not to touch her; she needed space. Her eyes fell to the bullets that decorated the ground. Then, ever so slowly, her gaze began to travel up his body, beginning at his leather shoes, up his long, pinstripe-covered legs, pausing at his chest, and finally settling on his face. His lungs failed to expand and his heart stilled. He tried to look into her thoughts, but they were as blank as his. Panic sparked at the base of his spine. For the first time in centuries, he did not know what was coming next. Her voice was rough and her throat ached from her screams. Why did it have to happen this way? He cursed, damning Fate for the tricks she played. He had not wanted it to happen this way. He wanted them to take their time, to get to know one another before he shared his secret with her. Now he was cornered. He would not erase her memory; he could not disrespect her that way. He had to tell her. What if she rejected him? What if she hated him? What if he repulsed her? She was his mate, but that was no guarantee that she would understand, that she would stay with him, or that she would love him. Her thoughts screamed at him. He forced his gift aside, shoving it back into the darkness of his mind. Caressed by a Crimson Moon Book 3 Consumed by madness and tormented by dark memories of blood and death, Hadrian Lucretius, King of the Validus Clan, has returned after living in self-imposed exile for nearly three hundred and fifty years. To maintain peace with the vampires, Eva Maldonado is offered as a sacrifice to the crazed vampire king by her father, the alpha of the Silveria Shifter Pack. When Eva arrives at the ancient fortress high in the Carpathian Mountains, she is shocked to find a ravaged man with dark burning eyes filled with loneliness and dangerous desire. Would she be his lover Would Hadrian lure her into madness or would their perilous passion be their redemption? Caressed by a Crimson Moon Excerpt Hadrian materialized in the kitchen, the small action draining the remaining energy from his exhausted body.

*In Tempting Darkness, the third entry in Rene Lyon's Templar Knight Vampire series, the story veers a bit from the intrigue around The Daystar and The Relic that the Templar Knights cum Vampires are sworn to protect.*

Organization[ edit ] The Sabbat, as a whole, is not a very structured sect. Though they lack the structure that can be found in the Camarilla, the Sabbat does not regard generation as a guideline for promotion. Instead, simply the most capable of vampires fill the positions they are most suitable for. Despite its open structure at the bottom, the Sabbat maintains several Ranks, listed from "high" to "low" in the sect organization. The highest rank being Regent, although the sect considers this a stewardship until Caine, the Father of all Vampires assumes leadership. The formation of these Packs happens on a voluntary basis. The Vaulderie ritual ensures loyalty to the Pack, reinforcing their loyalty to each other and the Sabbat. Sabbat packs are divided into two types, founded and nomadic. Founded packs usually stick to one place and do not move around much, instead making one location their base of operations. Nomadic packs, as their name implies, travel from area to area, helping to keep the Sabbat as a whole unified and vital. Every Pack has a Ductus a vampire of higher status and experience who functions as leader and most have a Priest. Priests lead or oversee the rituals of a Pack. There are some universal rituals within the Sabbat, but Packs usually develop their own, with a wide variety of uses.

Territories[ edit ] The Sabbat headquarters is located in Mexico City , Mexico , the heart of Sabbat power and influence and seat of the regent. Much of the southern and eastern United States cities belong to the Sabbat, except New York City , which was retaken by the Camarilla vampires in In Europe, the sect presence is much smaller, although several domains of Europe are held by founded packs of the Sabbat, made up of vampires much more powerful and experienced than those elsewhere. One exception is Spain, where they are in prominence, Madrid and Cadiz being great Sabbat strongholds. The Masquerade books and role-playing games. The name comes from their symbol, an inverted black hand print. The Black Hand, or simply the Hand, are the assassins of the Sabbat. They comprise a special sub-division of the Sabbat, a sect within a sect. They are an elite group of vampires recognized as separate from all other members of the Sabbat. The Black Hand is not truly a separate body, however, since all its members are loyal to the Sabbat over all else. Often the Black Hand is called to hunt down especially troublesome vampires during a blood hunt. The sect was often confused with the Black Hand , which it claimed to have created. Also called the True Black Hand, the sect was secretive and claimed to have infiltrators in all other factions. The extent of this power and infiltration was debatable, due to the very nature of the sect. Dedicated to bringing about Gehenna and the return of the Antediluvians , these vampires hoped to serve the ancients and gain positions as favoured servants. The surviving members quietly blended into the sects they once infiltrated. The Bloodlines unique to this sect were the Old Clan Tzimisce who avoid the mainstream Clan use of Vicissitude , the True Brujah who wish to avenge their Antedeluvian Ilyes, who was diablerized by her childe Troile, founder of the mainstream Brujah Clan and the Nagaraja a necromantic and cannibalistic cabal of Euthanatos Magi who turned themselves into vampires long before the Tremere. The sect also contained members from various other vampire consanguinities. The Shadow Crusade of the Sect was a campaign against Vicissitude, which they believed to be a parasitic entity contracted by a Tzimisce Methusulah named Andeleon while in plane of reality known as the Deep Umbra. This came to a halt when their base of operations, the shadow realm answer to the classic Enoch, was destroyed. They chose that place not only for its historic value, but also because four creatures thought to be Antedeluvian vampires slept within it, known collectively as the Aralu. While their spirits were visible through Auspex, they were impossible to find. It is later realized that it was not Enoch, but the illusion created by at least one of the Torpid ancients to better mask his presence. The Shadow Crusade ended with the destruction of Enoch, and further White Wolf books revealed Vicissitude to be an active piece of the Tzimisce Antedeluvian. The true nature of the Aralu was never disclosed. Inconnu[ edit ] Supposedly the oldest known sect, the origin, goals and even very existence of this group are largely unknown to the

supernatural population at large. The Inconnu has been linked variously to Infernalism, Golconda , Saulot and a host of other conspiracies. Several cities in the World of Darkness have Inconnu monitors , mysterious elder vampires who do little, other than watch the events of their chosen city. The official storyline for V: TM ended before much was revealed regarding the Inconnu. They were the last secret left unanswered. The Inconnu were elders Methuselahs who wished to withdraw from Kindred politics the Jyhad , [1] kindred seeking Golconda, and hunted clans and bloodlines like the Salubri. All have sworn an oath of Autarkis, the vampires who have turned their back on the Jyhad, refusing to serve a sect, Camarilla or Sabbat , or associate with their Clan outside of the Inconnu. One Gehenna scenario offered the possible answer that the Inconnu elders were antediluvians besides the 13 who, for the most part, never sired and were loyal to Lilith. In the scenario they help Lilith defeat Caine. The sect was founded by Suleiman ibn Abdullah, a Lasombra Methuselah who had heard the Prophet Muhammad speak, and was much more important to the setting in Vampire: The Dark Ages in part because of the Crusades and Moors. Although they were comparatively rare in the western world, the Ashirra were still powerful in Middle Eastern countries like Saudi Arabia , Egypt , Iran and Afghanistan , where neither the Camarilla nor Sabbat held much influence.

### Chapter 7 : Werewolves - Free Vampire Books

*Book Three of the Templar Vampire series Once a proud Templar Knight, Lucian of Penwick lost his faith when God damned him as a vampire. Tormented by guilt, he is dragged back to his ancestral home and forced to confront the sins of his past.*

Rape After months of searching, attempted kidnappings, attempted assassinations, and a whole lot of pain they have a name: Responsible for genetically modifying creatures and setting them out to secure his criminal empire, Starr is a madman, and they have finally found him. Now, Riley is going undercover for a chance of taking him out, for good. Tempting Evil is essentially the end of the arc that started the series, but not the end of the series. It feels easy and sort of rushed. It is so final, yet I know there are more books after this. Because I have actually read this before, I know that this is definitely the end of the clones arc, and the series takes a new direction. We spend most of the book undercover in the enemies compound. And what a fucked up place it turned out to be. It is interesting to read because of how fucked up it is. Yet there is a lot of rape, illusion to rape, and more than that in the realm of sexual violence that happens in this book. It makes it a bit more unpalatable than I remembered. Riley is slowly changing over the course of the series. Then her choice was taken from her, and revenge has taken hold in her. She has gone through too much to just let this go now. She is becoming a Guardian over the course of Tempting Evil. It is slowly breaking her. She hates it, she hates everything she has to do to get her revenge, to do her job, yet she is still doing it. It makes it less fun to read when you know the main character hates everything that is going on. Riley also just does such a terrible job at her job. She actively defies orders. She does whatever she wants to and damn the consequences of which there seem to be none, except her being in danger. Her boss, Jack, is just enamored with her. He keeps insisting she is going to be great, one of his best. He is blind to the fact she hates it, that it is eating her like, either willfully or not. I kind of really hate her boss. We knew this was going to happen, because we were told it was going to happen. I have to say, these changes are a combination of incredibly unique and fairly average. I thought he had promise in the first two, but he is just such a fucking shithead. He is distracting Riley in the middle of a very dangerous situation. But mostly, I hate him because he did what I consider to be unforgivable: This is some abusive shit, and I kind of really wish he would just go away. In good news, my favourite character of the series has finally shown up! I love Dia, our lovable, blind clairvoyant. I find it hard to believe sometimes that it takes three books for her to show up. I consider her integral to the series. Yet, the personality she has makes up for it. An end of an arc, but not the end of the story.
