The birthday of a person is a very supporting influence for the course of his life. Following are your birthday dates irrespective of the month you were born and the related. Birthday, birth, day, numbers, numerology, for all dates 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, No 1 of any month gives you greater will power and self-confidence, and very often a rather original approach. This 1 energy may diminish your ability and desire to handle details with a broad brush. You may be sensitive, but your feelings stay rather repressed and subdued due to external bindings. Top 2 Your birth on the 2nd day of the month adds a degree of emotion, sensitivity, and intuition to your reading. You have a warmhearted nature and emotional understanding that constantly seeks affection. The 2 is a very social number allowing you to make friends easily and quickly. You are more prone than most to become depressed and moody, as emotions can turn inward and cause anxiety and mental turmoil. Napoleon, Edison, Thomas Hardy were born under the number 2. Top 3 Being born on the 3rd day of the month is likely to add a good bit of vitality to your life. The energy of 3 allows you to bounce back rapidly from all kinds of setbacks, be it physical or mental. You have a natural ability to express yourself in public, and you always make a very good impression. Good with words, you excel in writing, speaking, and possibly singing. You are energetic and always a good conversationalist. You are affectionate and loving, but sometimes too sensitive. You are subject to rapid ups and downs. Top 4 Being born on the 4th day of the month should help make you a better manager and organizer. You may be more responsible and self-disciplined. Sincere and honest, you are a serious and hard working individual. Limitations may be imposed by this 4 energy, especially if this number is active elsewhere in your reading. Your feelings are likely to seem somewhat repressed at times. The number 4 has something of an inhibiting effect on your ability to show and express affections, as feelings are very closely regulated and controlled. There is a good deal of rigidity and stubbornness associated with the number 4. George Washington, Lord Byron, Faraday were born under the number 4. Top 5 With a birthday on the 5th of the month you are inclined to work well with people and enjoy them. You are talented and versatile, very good at presenting ideas. You may have a tendency to get itchy feet at times and need change and travel. You tend to be very progressive, imaginative and adaptable. Your mind is quick, clever and analytical. A restlessness in your nature may make you a bit impatient and easily bored with routine. You may have a tendency to shirk responsibility. Top 6 A birthday on the 6th of the month adds a tone of responsibility, helpfulness, and understanding to your natural inclinations. Those born on the sixth are more apt to be open and honest with everyone, and more caring about family and friends, too. This is a number associated with responsibility and caring. Top 7 Born on the 7th day of month gives you a tendency to be something of a perfectionist and makes you more individualistic in many ways. Your mind is good at deep mental analysis and complicated reasoning. You are very psychic and sensitive, and you should usually follow your hunches. You may not take orders too well, so you may want to work alone or in a situation where you can be the boss. This birthday gives a tendency to be somewhat self-centered and a little stubborn. Top 8 Born on the 8th day of the month, you have a special gift for business, as you can conceive and plan on a grand scale. You should try to own your own business, because you have such a strong desire to be in control. You are generally reliable when it comes to handling money. Idealistic by nature, you are never too busy to spend some time on worthwhile causes, especially if managerial support are needed. There is much potential for material success associated with this number. Top 9 Your birth on the 9th day of the month adds a tone of idealism and humanitarianism to your nature. You become one who can work easily with people because you are broadminded, tolerant and generous. Your feelings run deep and you often find yourself in dramatically charged situations. This 9 energy always tends to give more than it gets. Top 10 Your birth on the 10th day of the month adds a tone of independence and extra energy to your Life Path. The number 1 energy suggest more executive ability and leadership qualities than you path may have indicated. A birthday on the 10th of any month gives greater will power and self-confidence, and very often a

rather original approach. This 1 energy may diminish your ability and desire to handle details, preferring instead to paint with a broad brush. You are sensitive, but your feeling stay somewhat repressed. You have a compelling manner that can be dominating in many situations. Top 11 Your birth on the 11th day of the month makes you something of a dreamer and an idealist. You work well with people because you know how to use persuasion rather than force. There is a strong spiritual side to your nature, and you may have intuitive qualities inherent in you. You are very aware and sensitive, though often temperamental. Although you have a good mind and you are very analytical, you may not be comfortable in the business world. You are definitely creative and this influence tends to make you more of a dreamer than a doer. Top 12 Being born on the 12th day of the month is likely to add a good bit of vitality to your life. The energy of 3 allows you to bounce back rapidly from setbacks, physical or mental. There is a restlessness in your nature, but you seem to be able to portray an easygoing attitude. You have a keen imagination, but you tend to scatter your energies and become involved with too many superficial matters. Your mind is practical and rational despite this tendency to jump about. You are affectionate and loving, but very sensitive. Top 13 Being born on the 13th day of the month should help make you a better manager and organizer, but it may also give you a tendency to dominate people a bit. Sincere and honest, you are a serious, hard working individual. Limitations may be imposed by this 4 energy, especially if there is additional indications the number elsewhere in your number. Your intolerance and insistence on complete accuracy can be irritating to some. Top 14 With a birthday on the 14th of the month you are inclined to work well with people and enjoy them. You are talented and versatile, very good at presenting ideas, and you are also very good at organization and systematizing. A restlessness in your nature may make you a bit impatient and easily bored with routine, and rebel against it. You have a tendency to shirk responsibility. Top 15 With a birthday on the 15th of any month, you are apt to have really strong attachments to home, family and domestic scene. The 1 and 5 equaling 6, provide the sort of energy that makes you an excellent parent or teacher. You are very responsible and capable. You like harmony in your environment and strive to maintain it. You tend to learn by observation rather than study and research. This number shows artistic leanings. Queen Victoria, Napoleon 1, Joan of Arc, Warren Hastings and Max Muller were born under the number Top 16 Your birth on the 16th day of the month gives a sense of loneliness and generally the desire to work alone. You are relatively inflexible, and insist on your being independent. You need a good deal of time to rest and to meditate. You are introspective and a little stubborn. Because of this, it may not be easy for you to maintain permanent relationships, but you probably will as you are very much into home and family. This birth day inclines to interests in the technical, the scientific, and to the religious explorations. You may be emotional, but have a hard time expressing these emotions. Because of this, there may be some difficulty in giving or receiving affection. Top 17 Your birth on the 17th day of the month suggests that you are very fortune financially, because this date is very good for business interest and a solid business sense. Although you are probably very honest and ethical, this birthday enables you to be shrewd and successful in the world of business and commercial enterprise. You have excellent organizational, managerial, and administrative capabilities enabling you to handle large projects and significant amounts of money with relative ease. You are ambitious and highly goal-oriented, although you may be better at starting projects than you are at finishing them. A sensitivity in your nature, often repressed below the surface of awareness, makes it hard to give or receive affection. Top 18 Your birthday on the 18th day of the month suggests that you are one who can work well with a group, but still remain someone who needs to maintain individual identity. There is a humanistic or philanthropic approach to business circumstances in which you find yourself. You may have good executive abilities, as you are very much the organizer and administrator. You are broad-minded, tolerant and generous, a compassionate person that can inspire others with imaginative ideas.

If Today is Your Birthday: October Twelfth Personality Profile for People Born on October 12 The following descriptions reveal some of the characteristics of people who share a birthday—those who are born on October 12th of any year—based on various methods used in Astrology, Numerology, and Cartomancy. Note that both Astrology and Numerology reveal much more depth when a birth year, and in the case of the former, a birth time and place are included. The ruler of your Sun is Venus. Venus bestows a charming, sometimes indulgent nature, with a love of comfort and peace. Secondary rulers of your decanate and quadrant signs are Uranus and Mars. Uranus adds a sometimes rebellious and willful spin to the personality, and Mars adds spunk and assertiveness. You are a charming, enigmatic person with a dual personality. Sometimes extravagant, and at other times cautious, your contradictory nature often baffles others. However, overall, you possess personal charisma and others find you fascinating. You have an unusual intelligence and insight into human nature. You are not always successful in your attempts to use tact, however! Curbing your excesses is something you can spend a lifetime attempting to do, simply because although you are aware of the self-indulgent side to your nature, you are not always in control of it. Kirk Cameron, born October 12, Actor. Aleister Crowley, born October 12, Occultist, controversial in his times. Your Sun Sign Libra is fair-minded, socially aware, and likable. Uncomfortable with anything that throws things out of balance, Libra aims towards harmony and equality. Decisions are often hard to make, and when there are too many of them to make, they can feel drained. This is because Libra always sees both sides to any situation. For the most part, Libra is accommodating and concerned about keeping the peace. Opal; Part of Body Ruled: You should be prosperous in your work, but you may be inclined to excesses. At the very end of a sign just before changing signs, individuals may make life-changing, impulsive decisions. Your progressed Sun enters Scorpio at age 10. The ages of 10 to 12 mark a critical turning point in the development of your personality. Circumstances are such that you develop a slightly thicker skin. You become more passionate and have less of a need to rely on others for support, and your power to make decisions improves. Because this changeover of signs occurs at this time in your life, you may have had an especially tumultuous or introspective adolescence. Your progressed Sun enters Sagittarius at age 12. The ages of 12 to 14 mark a critical turning point in the development of your personality. After some sort of crisis of consciousness, and perhaps elimination of circumstances that have been limiting your growth, you begin to feel lighter, freer, and decidedly more outgoing. Your desire to learn increases, and your sense of humor is enriched. Sabian symbols present imagery associated with the degree of your Sun in Libra. Either of the following may apply, depending on the exact degree of your Sun: If Sun is degrees Libra: The following is the degree meaning of your Sun 19 degrees Libra based on harmonic sign influences. Prone to excess in eating and other pleasures. Tends to alternate between wastefulness and severe self-control. Your opinions are strong and your faith that things will work out carries you through life with grace. Factoring in the 10th month of October, you are a number 4. These contradictory personal numbers accentuate the duality of your nature. You enjoy the good life, yet you are drawn to a simple lifestyle at the same time. Factoring in your birth year gives you your Birth Path Number—a highly personal number for you. Second-choice favorable days of the month are 6, 9, 18, 24, The best colors for you are all mauve, violet, or purple. Second-choice best colors are blue, rose, and crimson. You might want to wear amethyst gemstones next to your skin. Properties associated with amethyst are the easing and soothing of transitions, and the building of intuition. This is a year of relative contentment. It is a time when love is the easiest to attract, and partnerships formed under this vibration have a better chance for longevity. You are able to attract others, and material things as well, this year. This is a good year for establishing harmony in the family and in the home. Advice—develop existing relationships, be positive and receptive because these kinds of energies help you to attract what you desire. This is a year of preparation, chance, and refinement. It is not a time of dramatic changes. Forecast for the Year Ahead: As a Libra, you can always benefit from more decisiveness in

your life, and in the year ahead, you have it. You are more able to prioritize and focus on things that truly matter to you. Your emotional life is steadier, although love can be up and down at times as you learn more about your needs for closeness versus freedom and independence. Work is demanding but also rewarding. These people are good for you, although they might not challenge you to grow. February , June , August , December On-again, off-again attraction. This is a complex connection, and you make an odd yet interested couple. March , May , September , November A mysterious attraction that can be very romantic or completely platonic! This is a spiritual connection that has a magical quality to it. Push me, pull me. You could complement each other well if you allow yourselves to learn from each other, or you could actively war against each other. April 4-April 14 Attraction of the soul; challenging, intense, rich, and binding. August September 3, November Powerful, tumultuous attraction—you are aware of the distinct differences between you, but may be drawn to each other because of the simultaneous awareness of a need and a lack. January , February , May , July , August , October , November Creative, communicative, inspiring, and spiritually rewarding connections. Each birthday of the year is associated with a main playing card, the Birth Card , and each tells its own story. The card associated with your birthday is the Ten of Clubs. Success comes to you through your wit. You are rather willful and you value your freedom. You never stop learning, and you accumulate knowledge easily because you are so open to it. Your love card is the King of Spades, suggesting that you need to fully respect a partner in order to be attracted to him or her. Note that both Astrology and Numerology reveal much more depth when a birth year, and in the case of the former, a birth time and place are considered. You May Also Like.

*October 25 Lucky Number Number 8 - This number stands for materialism, good luck, fame, wealth, Karma and spirituality. Number 7 - This is a thoughtful number that is symbolic of solitude, analytical thinking, and spiritual enlightenment.*

Search by your birthday Intuitive and very perceptive, you often sense things before they happen and seem to develop very strong ideas about people, before you get to know them well. In early years, you have a tendency to go with the flow but then get more calculated. Prepare to read an exceptional horoscope profile below. The zodiac sign for October 25 is Scorpio. This symbolizes resilience, willfulness and plenty of desire. It influences people born between October 23 and November 21 when the Sun is in Scorpio, the eight zodiac sign. The brightest star is Antares and its neighboring constellations are Libra to the West and Sagittarius to the East. The name Scorpio is the Latin name for Scorpion. In Spanish, Escorpion is the name of the sign for October 25 zodiac sign. In Greek and French it is used Scorpion. This sign as the opposite or complementary of Scorpio reveals intuition and sentimentalism and shows how these two sun signs have similar goals in life but they reach to them differently. The modality shows the broad minded nature of those born on October 25 and their loyalty and passion about most life aspects. This house rules over the material possessions of others, and directs towards the struggle of an individual to own whatever those around own. It also refers to mystery and the ultimate unknown that is death. This celestial planet reveals preoccupation and down to earthiness and also highlights help. Pluto is consistent with Hades, the god of the unseen in Greek mythology. This element sheds light on the consistent but adaptable approach of people born under the October 25 zodiac sign. It is also said to influence these individuals in recognizing the chances around them and in pursuing them in a natural way just like water flows. Ruled by Mars this day symbolizes clairvoyance and dedication and seems to have the same efficacious flow as the lives of Scorpio individuals. Beside this great sense of social awareness they are also passionate beings and try to live life as intensely as possible. These natives are persuasive and inquisitive and love a good challenge. They are mysterious and secretive but at the same time their life reactions could be summed in two words: They are jovial companions and have mastered the body language and are often putting on small shows for those close just to convince them to embrace their beliefs or do something that they want. Scorpio needs to learn to stop being so domineering and understand that people can do better when addressed nice words and when they are not under total control. Those born on this day are jealous and possessive with those they care about and can be very cruel with people who deceive or make any mistake to them. They are very spiteful when sometimes disappoints them. They rarely forget and excuse. Love and Compatibility for October 25 Zodiac Lovers born on October 25 are passionate, sensual and secretive. They find it very hard to commit to one person, but when they do they become very loyal and reliable. However they keep many things to themselves as they are afraid to appear sensible and weak in front of someone else. They are attracted to someone who shares the same exciting lifestyle as them. They are a sensitive lover who knows exactly how to adoringly treat their loved one. They offer the world to the person near them. However, the problem is that sometimes they prefer to suffer from unrequited love rather than make a move and win the heart of the person they want. Despite the fact that they are friendly and generally happy persons it is quite difficult for them to settle for someone, probably because they are expecting things to happen instead of making them happen. They are most compatible with those born on 1st, 2nd, 10th, 11th, 19th, 20th, 28th and 29th. October 25 Zodiac people are very attracted to the other water signs: Cancer and Pisces as they tend to share the same vision of life. In life, Scorpio is constantly seeking for stability, protection and trustworthiness and the most suitable to offer them this is the native from Taurus. Scorpio is thought to be least compatible with Libra. As for the rest of compatibilities between the other star signs and Scorpio, you know what they say, stars predispose but people dispose. Lucky color Deep red is the color that is considered lucky for those Scorpio natives with October This zodiac color should be used in objects that surround the natives. People with deep red as sign color are strong willed personalities that are careful with every detail of their lives and work. Someone who wears it is seen as serious and conservative but this can

sometimes be a front for an insecure and avoidant personality. Other colors indicated for Scorpio are purple, scarlet and carmine. Representative birthstone The Scorpio birthstone used in astrology for those with October 25 is the graceful Topaz. Topaz presents a precious stone that reflects constancy and altruism. This zodiac birthstone should be used in pendants, bracelets and other accessories. This birthstone is said to be beneficial for blood disorders, respiratory system and insomnia. This is an orange stone with pink undertones that was worn by the Russian Czars. Another gemstone considered influential for Scorpio natives is Garnet. It suggests understanding and balance. Characteristic flower Chrysanthemum is the flower of preference for Scorpio natives, especially those born under the October Chrysanthemum suggests introspective and warm soul in every individual. This zodiac flower is advised to be used for gifts and decorations. This is a flower thought to clear negative energies from around it so it can be used as a joyous decoration or even as a lucky charm. You can enjoy this flower during midsummer to late fall. Other flowers for Scorpio people are Poppies and Lavender. Symbolic metal The metal for Scorpio natives born with the October 25 is Iron. Iron symbolizes aggression and action.
