

Chapter 1 : Blades of Chaos - God of War: Ascension Wiki Guide - IGN

The Blades of Chaos. The Blades of Chaos are a pair of chained blades that were fashioned by the God of War, calendrierdelascience.com had the blades made for a servant who would prove worthy of his service.

Jaffe said of the final version of the character, "[Kratos] may not totally feel at home in Ancient Greece from a costume standpoint, I think he achieves the greater purpose which is to give players a character who they can play who really does just let them go nuts and unleash the nasty fantasies that they have in their head. The tattoo was originally blue, but was changed late in production. They also changed his main weapon to a magical battle axe to make the combat more grounded. Several costumes were available exclusively via pre-order and other promotions e. He said that Kratos had made many bad decisions, which led to the destruction of Olympus, and wanted to know what would happen if Kratos made a good decision. We want to tell the story of Banner now. Commenting in response to the change, Carson said, "Sony went in a new direction. Backstory and comics past [edit] Main article: God of War comic series Throughout the series, Kratos is portrayed as an antihero, [27] often performing questionable actions. In Ghost of Sparta, it is revealed that the oracle had foretold that the demise of Olympus would not happen by the hands of the Titans "imprisoned after the Great War" but rather by a mortal, a marked warrior. Ares and Athena interrupted the childhood training of Kratos and Deimos in Sparta and kidnapped Deimos. Kratos attempted to stop Ares, but Ares swept him aside and scarred him across his right eye. Upon birth, Calliope was stricken with the plague. In order to save his daughter, Kratos was granted a quest to find the Ambrosia of Asclepius, an elixir with magical healing properties. Five of the gods entered into a wager with Ares: When Kratos was faced with total defeat at the hands of a barbarian horde led by the Barbarian King, the Spartan called to the Olympian god Ares for aid. Kratos was given the Blades of Chaos, destroyed his enemies, and blindly followed Ares, killing hundreds in his name. After Ares tricked Kratos into murdering his wife Lysandra and daughter Calliope in a temple dedicated to Athena, the Spartan was shocked out of his bloodlust and renounced service to Ares. As the temple burned, a village oracle cursed Kratos and condemned him to wear the "mark of his terrible deed"; the ashes of his family, which turn his skin white, earning him the title "Ghost of Sparta". Ascension, God of War: Chains of Olympus, and God of War video game In Ascension, it is revealed that because Kratos renounced Ares, it broke his blood oath to the god and as such, Kratos was imprisoned and tortured by the three Furies. He was helped by the oath keeper Orkos and eventually overcame and killed the Furies. Although free of his oath to the god, he was flooded with memories of killing his family. Kratos, however, was forced to reverse his decision when Persephone used the Titan Atlas in a bid to destroy the world and in turn, the spirit of Calliope. Knowing that while intervention would save Calliope, it would separate him from his family forever, a bitter Kratos killed Persephone, imprisoned Atlas, and freed Helios. When he confronted his patron Athena, she advised him that if he killed the rampaging Ares, the gods would forgive his sins. A dissatisfied and despairing Kratos tried to commit suicide but was saved by Athena, who guided him to Olympus. Ghost of Sparta and God of War: This time, he plans to destroy the Ambrosia to prevent the worshipers of Ares from resurrecting their former master. In this quest, Kratos overcame several enemies, including the Chaos Giant Gyges, before destroying the Ambrosia. Before dying, Callisto advised Kratos to search for his brother Deimos in Sparta. Kratos first freed the Titan Thera from imprisonment, which caused the destruction of Atlantis. He found and freed Deimos, who remained hostile toward his brother. After a skirmish between the siblings, Thanatos attacked Deimos, but after being rescued by Kratos, the pair joined forces to battle their foe. At this point, Thanatos realizes Ares, Athena, and Zeus chose the wrong Spartan; it was Kratos who should have been taken, the "mark" being his red tattoo. Although Thanatos killed Deimos, the god was in turn killed by Kratos. Kratos then returned to Olympus, enraged at the gods. He was falsely accused of murdering Argos, and he killed Ceryx, the son of Hermes, for interfering in his search for the true assassin, who escaped. Kratos then joined the Spartan army in Rhodes, intent on destruction. Zeus, however, weakened Kratos and tricked him into abandoning his godly powers into the Blade of Olympus, which Zeus used to kill Kratos. Kratos fell into the Underworld, but was rescued by the Titan Gaia. Kratos became

determined and utterly ruthless” in the pursuit of his goal he wounded a Titan, killed several Greek heroes without hesitation, and deliberately sacrificed two scholars. All three of the Sisters of Fate were killed when they opposed Kratos, who was prepared to kill Zeus in a final confrontation. Zeus was only saved when Athena intervened and sacrificed herself for him; only then does Kratos show remorse. He learned from a dying Athena that Zeus is, in fact, his father, a fact Zeus kept secret because he wished to avoid a repetition of what he did to his own father, Cronos. Kratos rejected any notion of a relationship and vowed to kill Zeus and destroy Olympus. Encouraged by Gaia, Kratos used the power of the Fates to retrieve the Titans before their defeat in the Great War, and with their assistance, stormed Mount Olympus. Stranded in the Underworld and now betrayed by both the Olympians and Titans, Kratos learned from the spirit of Athena, who also provided the Blades of Exile, that he needed to find the Flame of Olympus, which is the key to defeating Zeus. Kratos murdered both Titans and gods, ignoring the warnings of his victims as he sought the Flame. Kratos showed humanity when he attempted to stop Pandora from sacrificing herself to quench the Flame, but reluctantly allowed the act when she said there was no other option. Although Gaia interrupted and tried to kill Kratos and Zeus, she was destroyed by Kratos, who then apparently defeated Zeus. Zeus returned in spirit form and attacked Kratos, who retreated into his psyche. Kratos forgave himself for his past sins with the help of Lysandra. Pandora later appeared and told Kratos that hope would save him. Kratos was revived and easily destroyed Zeus. Athena, disappointed with Kratos, removed the Blade and departed as Kratos collapsed next to the Blade of Olympus. God of War video game Many years after the events of God of War III, Kratos having survived his apparent death from releasing the power of Hope in Greece, ended up in ancient Scandinavia in the Norse realm of Midgard with a young son named Atreus, who is unaware of his true nature. Her last wish was for her ashes to be spread at the highest peak of the nine realms. Around this time, Atreus falls ill, and after curing him, Kratos reveals to Atreus that he is a god. Kratos also recovers his old weapons, the Blades of Chaos, in order to battle the beings of Helheim as the Leviathan Axe is useless there. While retrieving the blades, Athena appears and goads him about his past. The pair also receive assistance from a Witch, later revealed to be the Vanir god Freya, the mother of Baldur who had cast a spell of immortality on Baldur to protect him, but it also caused him to no longer feel pain or pleasure, which he resented her for. Kratos decides to let Baldur go, but Baldur attempts to kill Freya, forcing Kratos to kill him. Freya swears revenge against Kratos for killing her son and taunts Kratos for not revealing his troubled past to Atreus. Kratos decides to tell Atreus that he had killed his fellow Greek gods, including his father Zeus whose illusion he and Atreus saw in Helheim alongside an illusion of a younger Kratos from God of War III showing their final confrontation, but he and Atreus should learn from these experiences and not repeat past mistakes. It is also revealed that Faye originally wanted to name their son Loki, but Kratos preferred Atreus, which was the name of an honorable Spartan comrade. In Midgard, Fimbulwinter began, and after returning home, Atreus has a vision that Thor will come for them at the end of Fimbulwinter. Out of Bounds along with his Clubs of Chaos. Broken Destiny, which includes his own story mode. The character has been parodied twice in The Simpsons franchise. He appeared as the "God of Wharf" on a billboard advertising a chowder restaurant in The Simpsons Game. The novels are a retelling of the games and offer deeper insights into their stories. The second set included a twelve-inch figure that plays six game quotes. Vinyl Figure was released. GamesRadar listed him as one of the 25 best new characters of the decade, stating that while he appears at first to be a generic character, players eventually learn that he is both an "unstoppable force of nature" and a "broken, tragic man". Broken Destiny and Mortal Kombat in [] and as the sixth "most badass" video game character of all time in

Product Description Blades Of Chaos from the Video Game God Of War. It is made of foam for.

Share Copy No God of War game can be ever be complete without engaging in frantic and now even tactical combat in God of War. Our God of War Weapons Guide will help you gain an upper hand on enemies because of knowing which weapon to take into which combat scenario. God of War Weapons In addition to the arsenal of weapons you have at your disposal in the game, you also have a special shield. This can come in quite handy in Tactical Combat Situations. If you have a good sense of timing and precision, kind of like the SoulsBorne games, you can parry attacks and follow them up with brutal results. A bit on the safe side, you can just block attacks with the shield. Moreover, in God of War, you have a son who can help you in the midst of battle. Atreus can help when it comes to distracting enemies, especially if you are overwhelmed with a swarm of enemies. His Talon Bow will keep enemies at bay and his arrows will stun enemies. By default, Atreus attacks the enemies you are facing but you can also command him to attack a specific enemy while you deal with the rest. This will temporarily freeze your enemy, giving you room for some follow-up attacks. Do note that the Stun Meter does not go up unless knocked against the surrounding environment. Oh, and you can damage opponents by throwing your axe as well. It is like Mjolnir as it comes back no matter how far you throw it; tearing through the flesh of enemies in its path, it will always get back into your palm. For more help on Leviathan Axe including the locations of all its Runic Attacks, best skills, upgrades, pommels, and tips to use it; refer to our detailed Leviathan Axe Guide by heading over to the page. Talon Bow You can command your son, Atreus, to distract enemies with his Talon Bow while you take care of the baddies as any dream daddy would. Arrows will be shot at the precise location you will be aiming at direction Kratos is facing. The marker in the bottom corner of the screen shows you the number of shots that are still available for Atreus to fire. You can check out our Talon Bow Guide for in-depth information including upgrades, skills, and Runic Attacks. Guardian Shield Featured for the first since the inception of God of War, Kratos can use the Guardian Shield to block incoming damage along with many other uses. You can use the Guardian Shield as both offensive and defensive tool. Similar to other weapons in the game, the Guardian Shield comes with its own Runic Attacks, upgrades, and skills. Feel free to refer to our detailed Guardian Shield Guide for more help on how to best use the shield, Runic Attacks locations, skills, and more. Blades of Chaos The Blades of Chaos are added to the game when Kratos realizes that he needs some diversity in the weapons that he uses. The Blades of Chaos have a lot of complexities to them including upgrades and skills, and you can check out our God of War Blades of Chaos Guide to understand them all. This is all we have in our God of War Weapons Guide. If there is anything else that you would like to add, let us know in the comments section below!
