

Chapter 1 : Word Study: The Complete Word Study Dictionary New Testament (, Hardcover) | eBay

The Complete Word Study Dictionary: New Testament is perfect for the lay person who wants to take bible study to the next level. You will need the Complete Word Study:New Testament as a companion so that you can go to the dictionary and look up the Strong's number.

You only need to do this once. Tap Tools, Options, Username from the main Bible reader screen. Tap Username and then enter your user name. Tap Password and then enter your password. Tap Done at the top of the screen. Now, any newly purchased Bibles will show up automatically, where you can tap and install them at any time. Tap the button in the top left i. This is the "Bookshelf" screen. By default, the list of Bibles shows up. Tap at the bottom to view Commentaries, Media, Dictionaries, and other Books. Just tap them to begin downloading. To do this, just tap "Check for Updates" then tap "Get Updates". This will "freshen" the list of titles. It can take from a few seconds to several minutes to download each title, depending the size of the title and the speed of your network connection. A Wifi connection is highly recommended for downloading. Each Bible translation or other reference work you purchase is licensed for use only on a single device iPhone or iPod Touch or iPad. An exception is made if you personally own two or more devices, such as an iPhone and an iPod Touch and an iPad. In this case you may enter your user name on multiple devices up to 4. If you change to a different device because you receive a replacement phone or you upgrade to a new phone, for example you can enter your user name on the new device, run "Check for Updates", and download all your purchases to the new device. If you have any problems, please contact our support department here and we can reset your user name for you.

Chapter 2 : Complete Word Study Dictionary: New Testament by Spiros Zodhiates

Every word in the Greek New Testament is explained in great detail, covering all context usages for these words. Numbered to Strong's numbering system, each word has a basic definition and further commentary is provided by Dr. Spiros Zodhiates, noted Greek scholar.

Illustrations allow us to explain these principles more clearly and assist the hearer or reader in remembering the precepts emphasized. To help you in illustrating the truths of the Bible, we present you with this collection of over four thousand illustrations, anecdotes, and poems compiled by AMG Publishers and Pulpit Helps magazine. Illustrations are arranged alphabetically by topic for quick, easy reference. Spiros Zodhiates was born to Greek parents on the island of Cyprus. Zodhiates has been the recipient of several honorary doctorates. He is the author of numerous exegetical books and booklets in both the Greek and English languages. In addition, he is heard daily on the New Testament Light radio program, released over a network of stations across the United States and Canada. Christ in the Old Testament Author: Jesus emphasized this point with two of His disciples as they walked and talked together on the road to Emmaus. These are organized into three groups: Drawing on the clear and direct revelation of the New Testament, Spurgeon uncovers the thorough and systematic way in which the life and ministry of Christ fulfills His integral and eternal role in the redemptive plan of God. Spurgeon was a British Particular Baptist preacher who continues to be highly influential among Christians of different denominations. Although Spurgeon never attended theological school, by the age of 21 he was the most popular preacher in London. He preached to crowds of ten thousand every Sunday for over 40 years. This collection of sermons focuses on Old Testament characters such as: New Testament Sermon Starters Publisher: Sermon Starters can help! Covering topics such as: Each outline follows in order from Matthew to Revelation, one for every week of the year. Faith, Love, and Hope: An Exposition on the Epistle of James Author: Zodhiates spent three years studying the book of James, and it changed his life dramatically. He brings from the depths of thought of the Greek text of James the immense spiritual wealth of this life-changing epistle. Zodhiates does this in such a way that the result will be useful both for the preacher and the general Christian reader and worker. Sermons for All Seasons.

Chapter 3 : The Complete Word Study Dictionary: New Testament - Google Books

I find this to be a wonderful supplement to my reading of the New Testament. Like nearly everyone, I don't read Greek. However, I know that the New Testament was written in that language. This book gives the King James Version in English with the Strong reference numbers above each word and the.

On this page I will explain the process and introduce the lexical aids used in basic Greek word study. You may be surprised that I use exclusively "old-school" lexicons and concordances. It is vitally important that you learn to use these tools first, before you move on to using Greek word study software. In the United Kingdom most cars have a manual transmission. I learned to drive "stick" in . I did not encounter automatic transmission until I drove a rental in Los Angeles in . When we came to live in the United States in we discovered that nearly every American learns to drive an automatic transmission and many never drive a manual transmission car. In fact, we found that stick-shift cars are rare. Even though I have driven automatics since , I believe I am a much better driver because I learned to drive stick shift. When you drive a manual transmission car you learn the feel of the motor, the clutch, the transmission, and the revs required to change up or down. You understand when, how, and why the engine must change gear in response to road and driving conditions. Learning Greek word study using "old fashioned" lexicons and concordances is learning to do WordSearch with a manual transmission. After you have mastered these techniques, you can move on to using Greek word study software. This ensures that students not only understand what the word study software is doing, but more importantly how and why it does it. Without this knowledge a student will more than likely arrive at superficial conclusions, make inaccurate and even inappropriate use of the data, and misinterpret the biblical text.

The Path to Follow Step 1: This Bible is available in the following versions: This Bible incorporates under one cover many of the tools that are necessary for word studies in the original biblical languages. Some of these important and unique word study tools are: This Lexicon gives the etymology, meanings in context, derivatives, synonyms, antonyms, and compounds to selected key Hebrew and Greek words. There are alphabetical codes at selected words in the New Testament text to show the grammatical usages of the underlying Greek. These codes are defined and explained along with other peculiarities of the Greek language in a Grammatical Notation section. Study information given on each key word in the Lexicon as well as grammatical codes. Use the WordSearch Bible study worksheets for your Greek word study. The grammar codes give you information about the usage of the Greek word in context. WSNT allows you to study the part of speech and other information for each key word in context. This dictionary is expository in nature, setting key Hebrew and Greek words in their historical, technical, and etymological context. Where an English word translates several Greek words the latter are given in English form. Where there are no such variations, each word is dealt with according to its occurrences and usage in the New Testament. The Dictionary provides an exhaustive presentation of synonyms. Where a word in the original has a variety of English renderings, a list is given of these at the close of the article on each word. This assures a comprehensive Greek word study of any given word. You will find the additional study of synonyms and antonyms, as well as possible Old Testament and Septuagint parallels very rewarding. The fourth German edition was translated to English by William F. Wilbur Gingrich in . Arndt died that same year, to be replaced by Frederick Danker, with whom Gingrich prepared the second English edition published in . The second edition was commonly known by the acronym "BAGD". Danker published the third English edition in . Given the extensive improvements in this edition including over 15, new citations , it is now known as "BDAG" or sometimes "The Bauer-Danker Lexicon". It provides dictionary definitions for each word and relates each word to its New Testament usage and categorizes its nuances of meaning. I have found many students overwhelmed by the size and volume of information contained in BDAG Complete Word Study Dictionary: The WS Dictionary contains the result of over 50 years of research by the editor, Dr. It offers definitions and explanations for every Greek word in the New Testament. You will be able to explore every idiom and nuance of the original Greek text. This is the most inclusive one-volume dictionary of New Testament Greek available. The WS Dictionary is the primary tool you should use for an in-depth discussion of every Greek word. Under the general editorship of Gerhard

Kittel more than scholars contributed to the work, including specialists in Old Testament, Septuagint, Hellenistic, Semitic and Rabbinic studies. Attention is concentrated on theologically significant terms and their usage. The discussion of meanings and usage of theologically significant New Testament words is designed. Entry words are set in Greek type not transliterated and arranged in Greek alphabetical order. Entries can be easily located by students with no formal Greek training by using the index to the dictionary. Kittel is the ultimate Greek word study tool for advanced-level research. An abridged edition of the dictionary is available "Little Kittel". Other Greek word study tools There are many other excellent lexical aids that will further enrich and add depth to your Greek word study research. One that I use extensively is: NIDNTT is divided into articles under English titles arranged alphabetically, which in turn contain one or more studies of the relevant terms in the New Testament Greek. These have been grouped under key words. For example, the article under the English title "Baptism, Wash" is divided into separate studies under the key Greek words baptizo, louo, and nipto. Key Greek words are discussed according to their meaning and use in classical and secular Greek literature, Old Testament, and New Testament. You will find these helpful summaries of the WordSearch method and process. The Path to Follow.
