In March [13] or in early , [14] Nicholas Earp joined about other people in a plan to relocate to San Bernardino County, California, where he intended to buy farmland. Wyatt was only 13 years old, too young to enlist, but he tried on several occasions to run away and join the army. Each time, his father found him and brought him home. Newton and Virgil fought several battles in the east and later followed the family to California. In spring , Wyatt became a teamster transporting cargo for Chris Taylor. He learned gambling and boxing while working on the rail head in the Wyoming Territory , [23] and he developed a reputation officiating boxing matches [24] and refereed a fight between John Shanssey and Professor Mike Donovan [25] on July 4, , in Cheyenne, Wyoming in front of 3, spectators. Wyatt rejoined the family the next year. Nicholas resigned as constable on November 17, to become the justice of the peace, and Wyatt was appointed constable in his place. She was about to deliver their first child when she died from typhoid fever later that year. In late , Earp courted 20 year-old Urilla Sutherland c. Urilla was about to deliver their first child when she suddenly died from typhoid fever. On March 14, , Barton County, Missouri filed a lawsuit against him and his sureties. He was in charge of collecting license fees for Lamar which funded local schools, and he was accused of failing to turn them in. On March 31, James Cromwell filed a lawsuit against him alleging that he had falsified court documents concerning the amount of money that Earp had collected from Cromwell to satisfy a judgment. On May 15, an indictment was issued against Earp, Kennedy, and Shown. On June 5, Kennedy was acquitted while the case remained against Earp and Shown. Earp did not wait for the trial but climbed out through the roof of his jail and headed for Peoria, Illinois. Lake took notes of a conversation with Earp years later in which Earp claimed that he had been hunting buffalo during the winter of " A prostitute named Sally Heckell was arrested with him, and she called herself his wife. She was likely the 16 year-old daughter of Jane Haspell. They were men of poor character who were chronic lawbreakers, [35]: In early , Earp and Sally moved to the growing cow town of Wichita where his brother James ran a brothel. Roberts believes that he was more likely an enforcer or a bouncer for the brothel. The town would fill with drunken, armed cowboys celebrating the end of their long journey when the cattle drives arrived, and lawmen were kept busy. When the cattle drives ended and the cowboys left, Earp searched for something else to do. He also dealt faro at the Long Branch Saloon. On last Wednesday December 8 , policeman Earp found a stranger lying near the bridge in a drunken stupor. He was taken next morning, before his honor, the police judge, paid his fine for his fun like a little man and went on his way rejoicing. The integrity of our police force has never been seriously questioned. Lake years later to omit it from his book Wyatt Earp: Earp was appointed assistant marshal in Dodge City under Marshal Lawrence Deger around May , and he spent the winter of "77 in the gold rush boomtown of Deadwood in the Dakota Territory. Instead of gambling, Wyatt made a deal to buy all the wood that a local individual had cut and put his horses to work that winter hauling firewood into camp. Earp to such an extent as to provide a slap from the ex-officer", according to the account. Earp was given a temporary commission as deputy U. Shanssey told Earp that Rudabaugh had passed through town earlier in the week, but he did not know where he was headed. Shanssey suggested that Earp ask gambler Doc Holliday , who had played cards with Rudabaugh, [47] and Holliday told Earp that Rudabaugh had headed back into Kansas. Ed Morrison and another two dozen cowboys rode into Dodge that summer and shot up the town, galloping down Front Street. They entered the Long Branch Saloon, vandalized the room, and harassed the customers. Hearing the commotion, Earp burst through the front door to find numerous guns pointing at him; another version of the story has it that only three to five cowboys were there. George Hoyt shooting[edit] George Hoyt spelled in some accounts as "Hoy" and other drunken cowboys shot their guns wildly at about 3 a. Fortunately, no one was injured. Assistant Marshal Earp and policeman Bat Masterson responded, along with several citizens, and

opened fire with their pistols at the fleeing horsemen. The riders crossed the Arkansas River bridge south of town but Hoyt fell from his horse, wounded in the arm or leg. Earp later told biographer Stuart Lake that he saw Hoyt through his gun sights, illuminated against the morning horizon, and he fired a fatal shot which killed him that day; [51] but the Dodge City Times reported that Hoyt developed gangrene and died on August 21 after his leg was amputated. Virgil Earp was the town constable in Prescott, Arizona Territory, and he wrote to Wyatt about the opportunities in the silver-mining boomtown of Tombstone. He later wrote, "In , Dodge was beginning to lose much of the snap which had given it a charm to men of reckless blood, and I decided to move to Tombstone, which was just building up a reputation. Virgil was appointed deputy U. Marshal for the Arizona Territory Crawley P. He later said that he made most of his money in Tombstone as a professional gambler. Dodge as a shotgun messenger on stagecoaches when they transported Wells Fargo strongboxes. Hurst asked Deputy U. McLaury was a Cowboy, a term which was generally used in that region to refer to a loose association of outlaws, some of whom also were land-owners and ranchers. Legitimate cowmen were referred to as cattle herders or ranchers. They also found a branding iron which the Cowboys had used to change the "U. The Cowboys showed up two days later without the mules and laughed at Hurst and the Earps. In response, Hurst printed a handbill describing the theft, and he charged McLaury with hiding the mules. He also reproduced the handbill in The Tombstone Epitaph on July 30, McLaury angrily printed a response in the Cowboy-friendly Nuggett, calling Hurst "unmanly", "a coward, a vagabond, a rascal, and a malicious liar", and accusing him of stealing the mules himself. Hurst later cautioned the Earp brothers that the Cowboys had threatened their lives. Shibell appointed Earp as deputy sheriff for the eastern part of Pima County, Arizona on July 28, , which included Tombstone, [55]: Wyatt did his job well, and his name was mentioned nearly every week from August through November in The Tombstone Epitaph or the Nugget newspapers. He heard the shooting and ran to the scene, borrowed a pistol from Fred Dodge, and went to assist White. He saw White attempt to disarm Curly Bill Brocius and the gun discharged, striking White in the groin. Brocius asked, "What have I done? The shooting was lively and slugs were hitting the chimney and cabinâ€¦. Brocius expressed regret, saying that he had not intended to shoot White. The judge ruled that the shooting was accidental and released Brocius. Brocius, however, remained intensely angry about how Earp had pistol-whipped him, and he became an enemy to the Earps. The region was strongly Republican [64]: Earp was a Republican and expected that he would continue in the job. Southern Pacific was the major landholder, so tax collection was a relatively easy process. The precinct only contained about 10 eligible voters [75] another source says 50 , [76] but the Cowboys gathered non-voters such as the children and Chinese and had them cast ballots. They then gave names to all the dogs, donkeys, and poultry and cast ballots in their names for Shibell. The election board met on November 14 and declared Shibell the winner. He had been elected to the Arizona Territorial Legislature twice, representing Yavapai Country in the 7th Territorial Legislature in [77]: His lawsuit was finally resolved in April when the election commission found that a mysterious "Henry Johnson" was responsible for certifying the ballots. This turned out to be the same James K. Johnson who had been shooting up Allen Street the night when Marshal White was killed. However, the election was a moot point by then, as Paul could not replace Behan with Earp because Cochise County was created out of the eastern portion of Pima County on January 1, However, Behan had greater political experience and influence in Prescott. Corral hearing that he and Behan had made a deal. Behan received the appointment in February , but he did not keep his end of the bargain and instead chose Harry Woods as undersheriff, who was a prominent Democrat. Behan testified at first that he had not made any deal with Earp, although he later admitted that he had lied. He said that he broke his promise to Earp because of an incident which occurred shortly before his appointment [81] when Earp learned that Ike and Billy Clanton had one of his prize horses which had been stolen more than a year before. Earp and Holliday rode to the Clanton ranch near Charleston to recover the horse and overtook Behan along the way, who was riding in a wagon. Behan also was heading to the ranch to serve an election-hearing subpoena on Ike Clanton. The incident embarrassed both the Clantons and Behan, and Behan later testified that he did not want to work with Earp and chose Woods instead. Marcus

was deliberately vague about this period, causing modern researchers to question what she was hiding. She said that she first visited Tombstone as part of the Pauline Markham Theater Troupe on December 1, for a one-week engagement, [82]: Researchers have identified two women with similar names in the same region of the Arizona Territory whose lives bear many striking parallels. Sadie Mansfield and Sadie Marcus were both known by their friends as Sadie. Both made a stagecoach journey from San Francisco to Prescott, Arizona Territory; both traveled with a black woman named Julia; both were sexual partners with Behan; both were 19 years old, born in New York City, and had parents from Prussia. Earp had a common-law relationship with Mattie Blaylock. She suffered from severe headaches and became addicted to laudanum , a commonly used opiate and painkiller, and later committed suicide. When Marcus learned that Stuart Lake had discovered the existence of Blaylock, she successfully demanded that he omit her from his book I Married Wyatt Earp. Tombstone diarist George W. Parsons never mentioned seeing Wyatt and Josephine together and neither did John Clum in his memoirs. The Earp posse went to Albuquerque, New Mexico, for two weeks. Like Josephine, Jaffa was Jewish.
