

Chapter 1 : The Secret Country (Eidolon Chronicles) () by Jane Johnson

*The Secret Country (The Eidolon Chronicles) [Jane Johnson, Adam Stower] on calendrierdelascience.com *FREE* shipping on qualifying offers. Ben wants a Mongolian Fighting Fish more than anything.*

But, Ben knows in his heart that eventually his mother will have to go back and assume her rightful role as Queen of Eidolon. Even though part of Ben hopes that he might be able to go, too. Ben is speechless, big sister Ellie is jealous, and Dad is more than a little bit concerned. And Ellie forms a little crush on the centaur. Ellie sends her father and Ben back to the car so she can be alone for a minute. Presumably she is upset, but what she really wants is a chance to explore the entrance. When she disappears through it, Ben and his father have no choice but to follow. Suddenly everyone seems to be in a huge mess! Ellie is captured by the Dodman and locked in a dungeon. Ben has to rescue her, without letting his mom find out -- she has enough to worry about. Isadora is trying to form alliances and put her country back together. Ben seems almost worse off than before. Not only are there a whole bunch of new creatures who may or may not be friends, there are old enemies that he knows enough to be afraid of, plus his big sister to rescue, and his parents and baby sister to worry about! With the help of new and old allies, and a mysterious prophecy, they should be able to make it out alive and relatively unharmed. The characters from the first book just get more and more interesting as the story continues, and the new ones are great fun, too! The adventures continue almost non-stop as well. And everything has just the right edge of humor mixed in. I did buy it only because of the halfnaked or entirely naked? Is fur considered to be clothing? Before I bought it, I knew nothing of the book, or the series it belonged to, or the author who wrote it. And I liked the book, that much I remember. The boy Ben from book 1 is a great character, and his fashion-conscious sister Ellie is great here as well as she stumbles into a magical kingdom, loses her favorite sandals, offers an ogre some lipstick, flatters her way past various monsters, and works with her brother to This is very cute! The boy Ben from book 1 is a great character, and his fashion-conscious sister Ellie is great here as well as she stumbles into a magical kingdom, loses her favorite sandals, offers an ogre some lipstick, flatters her way past various monsters, and works with her brother to save their family. Perfect for children of all ages, The Shadow World is everything the middle book in a trilogy needs to be:
