Chapter 1 : The Farmer's Daughter (Hörbuch Download) | Mary Nichols | calendrierdelascience.com

The Farmer's Daughter has 57 ratings and 10 reviews. Dale said: Three and a half starsThe novel starts in June World War 2 is in progress and has.

I really enjoyed this book. One of my favourite eras is WW2. They fall in love quite quickly even though it is unacknowledged for some time. Her parents live at the farm but her father is an invalid. Everything is going to plan. Karl is happy working there. Jean works hard and they are surviving. Of course this causes problems. At this stage the village accept the Germans who work on the local farms. But then the Germans plan an escape and Karl warns Jean. Things go badly wrong and Karl gets beaten up, badly, by his fellow prisoners. When the war ends, Gordon comes home, minus a leg and proceeds to take it out on all and sundry. It then continues with Gordon treating Karl badly. He eventually sorts himself out. Karl goes back to Germany to find his family and Jean hopes he will come back to her. This was a great read. I finished it in just over a day. I had to grit my teeth at times, reading about the way women were treated. Jean had been running the farm successfully for all the war, yet as soon as Gordon came back everything had to be run by him first, even though he was less than useless at the time and had no interest. The male chauvinism of the time was incredible. Young Jean Coleman is desperately trying to run the family farm in Norfolk after her father has had a stroke. When Karl Muller reports for duty, she finds him eager and willing to help and, as time passes, the two become close. As is the section, when Gordon comes home and has to learn to adopt to life minus a leg. When Karl is repatriated to Germany, he has to travel through the Russian zone secretly to try and locate his parents. The scenes in Germany, I found particularly moving. The book was well written with a good story line. A good insight into what life was like for German prisoners in this country. Jan 01, Tanya Boulter rated it liked it this book was a bit slow to start but was still a good read.
