The forever Part 1 novel by Sapna Gul The forever Part 1 novel by Sapna Gul. Is a social romantic novel by the writer. The Forever novel by Sapna Gul.

This is the 2nd book which i loved as well A perfect one-night stand is never supposed to mean more But it did, for her! Raashi Dean runs a successful chain of restaurants and is beautiful young lady. Sameer Sehgal is handsome and and always get what he wants. Raashi had fallen for Sameer who had once pursued her relentlessly and than he had walked away. But than after few months he walks into her in the restaurant which is owned by her but he has no knowledge about it because he never did any effort to know about her life. Sameer dreams of owing a world class spa next to his Hotel Marquis but when he expresses his wish to his grandfather Janak Sehgal he comes to know that he has gifted it to Raashi. Than starts the story about how he tries and convince Raashi to agree and help him fulfill his dream. He leaves no chance to pursue and impress Raashi but due to his 1st mistake of running away she has turned more strong and is not impressed easily now. But as the story continues Sameer starts understanding his feeling for her and realises that he had made a mistake of running away from her. There is a twist in the end which you get to know when you read the book. Will they end up together? Will Raashi forgive him for his biggest mistake of running away? Go and grab yourself a copy. Its a 4 star read for me. Thanks to the author for the review copy. This book was so so worth the wait. This story had it all beautiful romance, emotions and perfectly apt relationships. The story also does shed light on negativity of social media. A must recommend for all. Hats off to Sapna for a fabulous job! Just like Take a Chance on me this novel too is a Gem. I finished this novel in just one Go. The plot and characters are so strong that we cannot just stop reading. The way author added each and every element of suspense, romance and love always added curiosity to know what will happen next. Like Kabier and Keya I liked the chemistry of two strong c After reading her first Novel which I loved it, I had very high expectations from this novel and the author succeeded in fulfilling my expectations. The way the author plotted the story is just outstanding. One cannot leave the book without completing it. She used very simple language which made it easy for readers to connect easily with the story. The tempo is once again Amazing. The story is second part of Take a chance on me but can be read individually too. But I would suggest reading another gem of this author too. Waiting for your next book with lots of excitement. This story had everything in it and is full of curiosity. Strong characters, amazing plot, simple language, a beautiful story. If you love romance, Do not forget to read this book.
