

Chapter 1 : The Original Sinners Series by Tiffany Reisz

The official website of Tiffany Reisz, USA Today bestselling author of The Original Sinners series from Harlequin's Mira Books. It's not erotica until someone gets hurt. The official website of Tiffany Reisz, USA Today bestselling author of The Original Sinners series from Harlequin's Mira Books.

It was an accident. Kingsley mentally slapped them both. Blaise reached into her nearly translucent pale pink blouse and produced a folded note from inside her lace-trimmed bra. Kingsley unfolded the note, still warm from her body and read. He did have a guest after all. But no, he needed the leverage. With her on his lap he could feel the heat emanating between her legs. You two have so much in common, so much to talk about. The move allowed everyone in the room to get a much clearer view of her soft, ample cleavage. What do you do? And then she laughed, a warm throaty laugh that filled the room. I almost believed you. The man was human after all. Even if he was a priest. You two chat, become friends. Have a lovely evening. As a man who fought in a war, he is troubled by his past. As a businessman, he runs a strip club. As a bisexual, he enjoys all of the things the BDSM world has to offer. What none of these things can provide him is comfort, direction, or peace. Then Soren came back into his life. With that return began the Kingsley that we have come to love. Soren returns seeking help from Kingsley in regards to Nora. Kingsley and Soren spend time becoming friends again and reminiscing about their past. What Kingsley did not know is this one event will lead to a journey that shapes the future for Nora, Soren, and Kingsley. This is the journey of a broken man. The leading lady that helps him along the way will bring Kingsley into a class all of his own. There are ups and downs, betrayals and love, heartache and lust. This installment of the Original Sinners series was icing on the cake. After all, I love everything that is unique about Kingsley. As the story progresses, we see the broken man that Kingsley once was. Then we watch the journey that leads us to the inception of his Kingdom. The road is rocky and full of turmoil, but the layers add so much depth to the man we have all come to love. The unusual lifestyle that King is famous for adds to the many sides of this special and intriguing man!! I love this book!! Fans of the Original Sinners series definitely will not want to miss out of the tale of the man behind the Kingdom. Tiffany Reisz answers the questions you all wanted to ask!.. Once I had my stuffy Type A British editor nursing a broken heart in need of mending, I conceived of a Wild Child American woman to be his perfect foil and drive him nuts until he gets his head on straight. Kingsley is a joy to write. He feels everything deeply. Pain and pleasure and longing. That tension between his libertine tendencies and his desire to have children make for some fun drama to write. Do you have a personal favorite character in the series that you like to write more about than the others? While hiding out at the abbey, she meets a young beautiful novice who changes her life. Meanwhile Kingsley runs off to Haiti to lick his wounds after a personal crisis and meets Juliette. You get two erotic romances in The Virgin for the price of one! Nora and her young nun.

The King is part of Tiffany Reisz's erotica/BDSM series titled Original Sinners. It is book #6 in the series as a whole and book #2 in the prequel series distinguished as The White Years. This installment focuses on Kingsley's story.

Gone will be the woman who hid in a convent for a year. Gone will be the woman who gave herself, body and soul, to her beloved priest. In her place will be a new creation. A woman who will use her mind and her emotions, channeling them into power over those who long to submit. She will become Mistress Nora. This is the safest room in the world right now. Nothing and no one will harm you here. Your body will be honored. Your desires will be honored. Your trust in me will be honored. Do you believe me? But she is still caught between King, the master of the kink world in New York, and Soren, the Jesuit priest she loves more than anything else in the world. The provocative and risky relationship between the three of them holds the key to either their salvation or their undoing. What happens depends upon the choices they each make along the way. Not because I made you one or you stole a throne or a crown. You were born to be the queen and you are. The Queen is the final installment. In the game between Kingsley and Soren, she was still very much a pawn. I could never do it justice and it is something that has to be read book by book to be completely understood. It is a masterpiece of erotica. Actually, not just erotica, because this series has always been more than that. The characters are absolutely compelling and are so very complex that they have each captured a place in my heart. In the final book, we learn even more about how Nora made her transition from Eleanor Schreiber to Mistress Nora, and how Kingsley and Soren each played their part in it. As was done previously, the story starts off in present day and then flashes back to a particular time, ending with the present day again. I thought that this part of their journey was probably the most intense and emotional. But something about the sacrifices and decisions they made were heartbreaking and yet full of love. This is it Original Sinners fans! I cannot thank Tiffany Reisz enough for introducing us readers to their crazy, sexy, messed up, wonderful world. The time has finally come to keep their promises. Out of money and out of options after her year-long exile, Eleanor Schreiber agrees to join forces with Kingsley Edge, the king of kink. After her first taste of power as a Dominant, Eleanor buries her old submissive self and transforms into Mistress Nora, the Red Queen. With the help of a mysterious young man with a job even more illicit than her own, Nora squares off against a cunning rival in her quest to become the most respected, the most feared Dominatrix in the Underground. With a shattering final confession, the last link in the chain is forged in The Original Sinners saga.

The King is the book I've been waiting to read since I bonded with Kingsley Edge in The Prince. Author Tiffany Reisz has at long last written the story of how a boy named Kingsley Boissonneault becomes Kingsley Edge, The King of Manhattan.

Beschreibung bei Amazon About Tiffany Reisz: Tiffany Reisz is an accomplished and unique American author of erotic and BDSM fiction with a passion for sexy, exciting fictional stories. She lives with her boyfriend and cats in Lexington, Kentucky. She has piercings in addition to tattoos and has a real passion for writing and sexual expression. Her books are published by Harlequin Mira. She has published a number of novels in her Original Sinners series. She does tours, signings, and readings for her books on a regular basis. Series Written By Tiffany Reisz Tiffany Reisz is the author of multiple series as well as essays, short stories, anthologies, and novellas. Tiffany Reisz has published a total of five short stories in anthologies. Tiffany Reisz has also completed other novels. Her first full length series is called The Original Sinners: All of the books have strong characters and explore sexual themes such as bondage and submission in exquisite length and detail. This first book follows the adventures of protagonist Nora Sutherlin. Nora is an erotic author whose books have been wildly popular with her fans. Each new book she publishes is more eagerly received than the last. But Nora has a new kind of style she wants to display in her manuscript. Easton is well polished and a successful British editor who takes good care of himself, even having the perfect polished manicured hands of a model. He agrees to allow her to publish the manuscript, but he has some conditions of his own that he wants the author to meet. In order for the book to see the light of day, the high maintenance editor demands that over a six week period, she must write the entire novel again to the standards he demands. Nora agrees to the deal and begins working with Zachary Easton to fine tune the manuscript. The hours are late, and they spend long sessions together. The time they spend together is totally exhaustive and Easton is demanding to ridiculous heights. But the more time Nora spends with him, the more aroused she starts to feel in his presence. At the same time, the presence of an ex lover enters into her life. Torn between her ex and her erotic attraction to the British editor, Nora must decide what to do. Sometimes in passion, nothing is as simple as it seems. Free to do what she wanted in the past, Nora hits a speed bump when she has to tone things down in order to protect her lover, Soren. Nora and Soren have a history that goes way back, and while things were hot between the two of them in the bedroom, Nora must back down for a while in order to protect Soren. Nora must now go into hiding to make sure that Soren will be safe. Soren is up for a promotion, and any word of his activities in the bedroom or secret fetishes could prove disastrous to his reputation, ruining his chances for advancement and his job in general. So she goes into hiding, hitting up old friend and ally Griffin Fiske for a place to stay away from all the business and away from the possibility of exposing Soren. Fiske is rich and very happy to provide Nora with a place to stay for a bit. Nora is traveling with her young friend Michael, who is both a looker and totally friendly and charming. Fiske and Michael take up and spend their time experimenting and learning the ways of love and dominance. Nora is no stranger to being in pain, but the pain and temptation of staying away are starting to play on her mind and body. In between worrying about Soren, Nora must contend with the entrance of an old flame back into her life. The Angel is another great read by Tiffany Reisz that is erotic and keeps readers in constant suspense. Jack Reacher is back! Family secrets come back to haunt Reacher when he decides to visit the town his father was born in. Because when he visits there he finds out no-one with the last name of Reacher has ever lived there. It leaves him wondering - did his father ever live there? Featured Author Our author of the month is Canadian author Opal Carew who writes erotic romance novels. Opal has written over novels with multiple book series such as the Dirty Talk series and the Abducted series. He did not do well in school, dropped out and worked at various odd jobs, usually for friends and relatives, and was involved in petty criminality, finally being arrested for burglary in

The King (Tiffany Reisz) at calendrierdelascience.com Cunning. Sex. Pure nerve. Only this potent threesome can raise him to his rightful place as ruler of Manhattan's kink kingdom.

With the help of a secretive new assistant, he is soon ruler of a debauched new world. Until the time comes for me to say goodbye, I consume these books with glee. Yes, we were getting more backstory to Kingsley and Soren, but I was wondering at what price. The sub plot of this book seemed to concern Grace and her son, along with their connection to Soren. I was never too sure what purpose this served, other than allowing Kingsley to explain how he came about with the infamous club, The 8th Circle. The majority of this book takes a retrospective look at the events that led up to Kingsleys acquisition of the club. Soren is forced to turn to Kingsley to help get a more lenient sentence for her. For the first time in ages, Kingsley begins to feel alive when Soren comes back into his life. Soren gives him something to live for, that and the fact that a far right Church group threatens his lifestyle choices and the lines of battle are drawn. This chronicles his rise from nightclub owner, to the man who knows all the secrets of the people who matter in New York. Watching the metamorphosis of Kingsley to his role as ruler of the underground BDSM, is a brilliant character study. Apart from Soren, Kingsley has always been one of my favourite characters and this book does nothing to diminish this. Soren and Nora do play a big part of this, but it is two new characters that really do accelerate him growing as person. She has experienced first-hand what Reverend Fuller, the man on a moral journey to rid society of his opinion of perversions on society. She is invested in bringing him down due to a horrible incident that happened at her time there. Kingsley takes her under his wing, but she helps to heal him, as much as he helps her get justice. Sam really was one of the most complex and interesting characters in the whole book. She was sweet and yet tough as nails. She showed a deep loyalty to Kingsley, even when I thought she had double crossed him. I do hope we get to see where she is before the book ends. The other character that was responsible for the evolution of Kingsley has to be Reverend Fuller. Everything seems so natural and has a flow to it that just sucks you in. There are scenes that make you laugh out loud Soren and Kingsley getting drunk or are so deeply erotic and sensual that you have to fan yourself. While the next minute your heart is breaking at what these characters have gone through Sam in the church camp. They are living, breathing people to the reader, well at least to me. Reisz shows how great erotic romance can truly be and is an author I recommend to anyone who loves a well written, complex and sexy series. Tiffany Reisz, along with Samantha Young are two authors who are on my instant buy list.

Chapter 5 : Blog Tour Stop! Giveaway and Review: The King by Tiffany Reisz | the windy pages

The King by Tiffany Reisz, Tiffany Reisz nails the complicated person inside all of us."-Cassandra Carr, author of Talk to Me "Tiffany Reisz is a smart, artful.

Warm air, a late-April rain and a little English magic had sent a soft white fog twisting and flicking its tail down winding streets, and Kingsley wanted to enjoy it. He wore a long coat and carried a leather weekender bag over his shoulder. It was late, and although the city was still awake, it kept its voice down. The only sounds around him came from the soles of his shoes echoing against the wet and shining pavement and the distant murmur of city traffic. When he arrived at the door he knocked without hesitation. After a pause, it opened. They stared at each other a full five seconds before one of them spoke. Kingsley took it upon himself to break the silence. Grace pulled back from the embrace and smiled at him, her bright turquoise eyes gleaming. She took his arm and ushered him into the house. He never used to believe in words like always, like forever, like everything. There might be something to it after all. I prefer the unreasonable hours myself. Would you like tea? I can put the kettle on. He unzipped his weekender bag and offered her a bottle of wine. She examined the label. She went to fetch wineglasses and a corkscrew from the kitchen, and Kingsley looked around. Zachary and Grace Easton lived in a small two-story brick house that made up one of many in a row of neat but narrow accommodations. It was an older neighborhood, a bit shabby but safe and clean from what he could see. Inside the house was the picture of quiet domesticity. Intelligent educated people lived here. And one very special baby. He took the corkscrew from her and opened the bottle. Grace had a low fire glowing in the fireplace and a table lamp on. Kingsley felt instantly at ease here. He took a seat in the armchair opposite her and crossed one leg over his knee. She curled up into a ball, her knees to her chest, her bare feet sticking out from the bottom of the robe. Her long red hair was knotted at the nape of her neck in a loose and elegant bun. In the soft light of the room she radiated a delicate beauty. A vision, freckles and all. How had he not noticed before how lovely she was? Next to her on the table sat a baby monitor. As soon as I was pregnant with Fionn I had so much creative energy. He thinks all writers are a bit mad. Did you know that? Said he liked it.

Chapter 6 : REVIEW: The Queen by Tiffany Reisz | Harlequin Junkie | Blogging about Books | Addicted to

â€œLawrence of Arabia This was my first read by author Tiffany Reisz. When I began reading the novel I was lost. When I began reading the novel I was lost. I did a little research on her website and began to place the characters together and continued on.

Chapter 7 : The King (The Original Sinners #6) read online free by Tiffany Reisz

The Red Years Quartet (The adventures of Nora Sutherlin, Dominant and erotica writer) 1-The Siren 2-The Angel 3-The Prince 4-The Mistress The White Years Quartet (The adventures of Eleanor Schreiber, submissive).

Chapter 8 : Tiffany Reisz - Book Series In Order

Every time I think that Reisz can't get any better, she proves me wrong. Before I started reading this book, I'll admit that I was a bit apprehensive, especially as I had read that there would be little or no Nora in this book.
