The Book of Spells: Vintage Edition: Ancient and Modern Formulations to Bring the Power of the Good to Your Life, Your Love, Your Work, and Your Play Apr 1, by Nicola de Pulford.

Free Easy Love Spells Nothing interests a person in witchcraft like the promise of love. And finding free easy love spells is your first step to adding some romantic magick to your life. But when you are looking for love magick, you need to be more specific than just "love spells". That can cover a whole range of possible intentions, desires and situations. Think about the reason you are looking for a free easy love spell, and make sure to target it for what you need. A true love spell is perfect if you are hoping to find a long-term and committed relationship. Or you can go all the way to a marriage spell if you are looking to really get serious. And as a related offshoot to the love spells section, I have a few lust spells that can put some spice into your romance if you need some help. I also have a page of friendship spells , if a full-fledged love spell is a little too strong for your situation. If this strikes your fancy, there are several love potion spells or love fragrance oils that you can try. Another great type of love spell, is the candle spell. Candles are wonderfully romantic and really give a witchy touch to any ritual. Others kinds of spells can use flowers, words written on paper, or crystals, so feel free to experiment a bit. Even really simple love spells or love spell chants can do the trick. For something a bit more potent, try some Voodoo styled love spells. You can also try Pagan love spells though they are mostly the same as Wiccan ones. Lastly, choosing an advanced love spell can be an option when nothing else seems to work. Regardless of the type of spell, you should know some tips on how to cast a love spell in the first place. Finding Love Ok, this is what everyone wants when it comes to love spells, something that will help them find the "one". You can find several easy love spells that work , all using different materials and rituals. Here is a quick index of the spells in this section:

Chapter 2 : Love Spells – Laugh Out Loud Paranormal Romance

Love spell books are great for people who do a lot of love spells and really prefer to have a good collection of magick right at their fingertips. I mean, our love spell collection is here is pretty impressive but books are sometimes the better choice.

Love spells I, spellcaster Maxim, am excited to present to you my large collection of love spells that I never stop expanding. The Love Spells section is a unique guide for everyone who wants to use magic to find true love. It offers a large selection of love spells to cover the needs of clients with different levels of preparation. It is no secret that one should study magic for a long time like any other art or science. In view of this I posted some training materials in the Love Spells section for you to learn and gain knowledge and experience in casting simple spells to make your dreams come true and live the life you want for a very long time. In this section you can also find spells designed for people who are intermediate in magic, as well as some complex spells that can be cast only by powerful magic practitioners. Each of the spells comes with a detailed description and tips and clarifications to enable you to perform the rituals to the best of your ability, as well as to evaluate your level of preparation. Black magic In this section I reveal some of the greatest secrets of black magic. This section is about professional black magic and the people practicing it. It contains some truly relevant and useful content for people who decided to become a black magic practitioner. I understand you might be surprised to find information like this at a website about love magic. However, it is my strong belief that we should always remember that people can face all kinds of problems and some of them cannot be resolved without black magic. In addition, I make no secret of the fact that sometimes to build a happy future, your past that you are tired of and that is making you unhappy needs to be destroyed, and this is exactly what black magic is used for. Besides love rituals and spells to help you make your spouse stop cheating on you or to reignite the spark in your relationship, there are spells designed to help you spot and break hexes, health-improving rituals, as well as magical formulae and algorithms to help you get rich or end your bad luck. However, you should always remember it is still black magic and use it with extreme caution. White magic Where there is darkness, there should be light. So I had to create a section about white magic spells and fill it with content. In this section you can find not only white magic love spells and rituals but also rituals to mend broken relationships. According to many esoteric teachings, the more you want something, the easier it is to get the strength to get it. However, they rarely mention that most people break basic laws of karma and the Universe, which is why their energies are in such a poor state that none of their wishes can come true unless professional magic spells are cast. With spells from my collection, you can make any dream you have come true, including the dream of getting married, staying healthy and beautiful, living a long life, living a fun life, or avoiding problems in life. Please review and try my spells and see it for yourself that all of them are effective! Money spells I, spellcaster Maxim, put all money spells and rituals, as well as the rituals to beat poverty and pay off debts in an individual section for a reason. People familiar with magic teachings and those who consider themselves mystics know that money energies are a substance that exists in isolation from the other energies, so special methods are needed for their attraction. Let me remind you that not all problems can be solved only with a spell or a ritual. Many people need additional magic means to improve their financial situation to the extent that others start to admire your wealth. These means include money amulets and talismans that can be found at the appropriate section. Remind yourself once in a while that no person deserves to be a loser and live in poverty all their life. So no matter how hard your life has been and how poor you are, you can change it any time and live the life you want to live any time. Tarot reading With the articles that you can find in the Tarot Reading section, you can learn to see your past, present and future. Some people think knowing the past is useless and knowing the future is dangerous, but I disagree. By knowing the reasons why you failed or were unhappy in the past, you can avoid it in the future, while knowing your future enables you to control it. Life is not a straight road you cannot go off. It is a labyrinth. All kinds of meetings and events are possible in life and it is the tarot cards that allow you not to miss them or give up when your happiness is just one step away. When you learn how to read tarot cards, you will be the only person who can see in a sea of

blind people; or the only one with a flashlight while the rest are wandering in the dark. With tarot cards and the content presented in my articles you can analyze different periods of your life, see your future and change your fate. There is also information about the methods to study karma and energies, as well as the methods to find your true purpose in life. With my articles, you can look into the heart of any person and find out what they really want, think and strive for. You can find out if the person you are with really loves you, as well as if there are any ill-wishers among your friends. Professional magic will give you the power and wisdom to find out the truth and make your dreams come true. This is what my website is about which content I keep updating on a regular basis.

Chapter 4 : The Most Powerful Spell Book

With a little love spell, I believe that this cynicism and misery can turn around for the better. And, as a love spells expert, I intend to do my part and helping people realize the beauty and wonder that is true love.

Vetiver Place this powder in a red flannel bag. Carry it between your breasts for seven days; sleep with it beneath your pillow for seven nights. This may be enough to attract new love. If there are no results or promising leads after seven days, burn a pinch of the powder every morning for seven days. Magically enhance the power of your love letters. For maximum effectiveness cast these spells in conjunction with each other. Love Powders Once upon a time most perfumes were dry. They were easier to transport, both in terms of trade and in terms of personal use: Powders are versatile and can be used in various ways: Dust powders on the body Sprinkle them around the bed Sprinkle them around a lover Cast a circle for a love spell Sprinkled on the sheets, any vigorous activity that heats up the bed will simultaneously cause the erotic fragrances to intensify. Sweat encourages the powder to adhere to the skin. The advantages of edible powder cannot be overemphasized: Choose one or any combination of the following: Blend them with rice powder, cornstarch, potato starch, or arrowroot powder, distributing the botanical material evenly. Use a sifter to help you achieve a smooth, even consistency. Test it on your skin to make sure that you have a comfortable dilution: Place in a covered container and use. Aphrodite Spells The most celebrated love spirit of all, aphrodisiacs are named in her honor. The finest are believed to share in her essence. Aphrodite most commonly manifests as either a mermaid or as an impossibly beautiful woman. She shines so brightly that she dazzles the eyes. She is the Queen of Wild Beasts and the Lady of Flowers, and she accepts devotion from both men and women. A friendly, sociable although temperamental spirit, she is usually accompanied by a host of lesser spirits as well as her companion animals. She likes a party. Love is her sacrament. To acknowledge the need and desire for sex and romance is to honor her and acknowledge her authority: Aphrodite is at the height of her power during the Summer Solstice. Her planets are the sun and Venus. Her day is Friday. Call her with myrtle, myrrh, and roses. Ancient worshippers offered her triangle-shaped honey cakes. Aphrodite is a versatile spirit and her altars take many forms. The bottom line is that they, like the spirit that they honor, must be beautiful. Decorate with seashells and other motifs from the sea. Aphrodite Spell 1 Apples of Love Aphrodite is a bountiful spirit; she has not one but many sacred creatures and a multitude of sacred botanicals. Ask her to charm the fruit so that whoever eats these apples will fall madly in love with you. Give an apple to the one you choose. Aphrodite Spell 2 Enchanted Charms Have Aphrodite empower your love charms so that they will become romantic talismans to draw, maintain, and protect love. Create an altar for Aphrodite. Consecrate it with offerings to her such as flowers, fruit, perfume, or jewelry. A belt or waist beads are traditional but any small charm or piece of jewelry is effective. Let the charm rest on the altar overnight. Give it to your beloved as a gift or use it to draw new love. Apollo Spell Apollo is a spirit of omnivorous sexuality. His romantic desires for men and women are equally strong; what seems to be the bottom line of attraction for him is beauty, intelligence, and talent, rather than gender. His is a complex myth. Classical Greek mythology paints him as the handsomest, most talented, most clever spirit of all, yet the women he pursues inevitably run from his embrace. Apollo had better luck with male lovers, with whom he had happy, successful relationships. Carve and dress a large yellow or gold candle and dedicate it to Apollo. Use any of the love drawing oils. Burn it and make your appeal. Significant or surprising appearances may signal your response. Artemis Spell Women seeking other women may request assistance from Artemis and Athena. Petition Artemis at night. Offer her cool spring water and white or silver candles. Small images of the wild animals that she loves are appropriate offerings. Tell her that if she will grant your wish you will make a contribution toward the preservation of wild life. Athena Spell Athena is a complex spirit, torn between her roots in the ancient Libyan religion of the Great Mother and her later fervent embrace of conservative patriarchy. Appeal to her earlier instincts: Call Athena with a dish of olive oil dressed with olive flower essence remedy and a glass of wine. Decorate her altar with images of snakes and gorgons. Speak to her lucidly and articulately and tell her what you need. Spells to Make Her or Him Love You In the same manner that certain medicines or hormone treatments affect men and

women differently, so some botanicals have different impacts upon the different genders. Thus these are spells to attract a man or a woman. The gender of the spell-caster may or may not be significant so unless told otherwise, assume that these spells are equal opportunity spells. Basil True Love Spell Hand a woman a sprig of basil. Stick this paper into the center of the grapefruit. Put it inside a disposable pan or baking dish or line a permanent pan with foil. Sprinkle the grapefruit with salt, pepper, and brown sugar. Arrange five golden candles around the grapefruit in the dish and light them. Many women find success with it as a charm for luck, money, and general good fortune. When it comes to love and sex, however, this charm works best for men. High John, like lodestones, is divided by gender: For love, sex, and romantic domination spells, obviously the more phallic the High John the better. High John has heterosexual proclivities: Men seeking other men traditionally substitute Sampson snake root. High John Attraction Spell To attract a specific woman: Steep High John in a jar of olive oil for seven days. Reserve the oil for use as dressing oil. Wrap them around a High John the Conqueror root, making knots. Anoint with a love drawing oil and place it inside a red drawstring bag. Sleep with this under your pillow, and carry it with you during waking hours. Anoint with one drop of the love drawing oil daily. High John Sexual Domination Spell In addition to stimulating sexual generosity, this spell also allegedly produces a compliant nature. Add a few drops of tuberose absolute to a bottle of Command and Compel Oil. Use this oil to dress a High John the Conqueror root. Keep this bag under the mattress on the side where the woman usually sleeps. Dress the root once a week with the oil to ensure cooperation. It invokes famous lovers in the hope that you too will achieve their ecstasy. As you pick them, call on her: Isis, Great of Magic! Make [Name] daughter of [Name] love me like I love her. Make her love me like you love Osiris! Make her love me like Penelope loves Odysseus! Make her love me like Ariadne loves Dionysus! Make her love me like Aphrodite loves Adonis! Make her love me like Juliet loves Romeo! From the moment you grasp the leaves, until your arrival home, keep up your chant and petition. Carry the leaves home inside your shirt against your skin.
