*The Official Preppy Handbook [Lisa Birnbach] on calendrierdelascience.com *FREE* shipping on qualifying offers. A facetious guide to emulating the look, speech patterns, thinking, and lifestyle of those who attend prep schools and are a part of high society.*

A tongue-in-cheek field guide to the madras-clad masses of the day, it decoded the habits of the upper crust with just the right mix of knowingness and satire, and reached an audience far broader than its subjects. It struck a particularly strong chord in the South, where preppy style flourished and still does. A year later, the book was still on the New York Times bestseller list. Eventually, it would be reprinted a whopping 32 times before publication ceased in 1985. When the idea struck, she was fresh out of college, a twenty-one-year-old reporter working for the Village Voice. As part of the original book tour, Birnbach spent years crisscrossing the South, signing autographs on Lacoste shirts, watching fraternity members gator for her approval, and learning the fine points of different Southern barbecue traditions. A guide to preppy gents; Lisa Birnbach in the early 80s. There were things that just floored me—the beauty, the manners, the hospitality. Oh, and the concept of the Southern gentleman—that was very, very attractive. In those pre-Starbucks, pre-everything-looking-the-same days, there was so much local culture and particularity, especially in the South. Barbecue, and discovering that Memphis barbecue was a whole different thing from Texas barbecue. Go cups and Goo Goo Clusters. Southern food was a huge thing for me. You could always tell where you were based on the food and the accents. I had never seen or heard of one before. People think that everything starts in New York. An anatomical breakdown of prep style. Richmond was an important early stop and a frequent stop. It was a very preppy place. I remember there was a big radio station on top of a hill, and I was invited to be on a show to talk about the book. I remember sitting at a desk in the middle of a busy intersection in the store aisles, and there being a long line. The next time I came back through town, the same guy was there, only this time he was wearing a webbed canvas belt on top of his uniform. He showed it to me with pride. The secrets to a perfectly tricked out tailgate spread. In Charlottesville, I met the mayor and got a key to the city. And somewhere along the way, I learned to put on makeup properly in a sorority house. Birnbach styled all of the models—mostly friends and professional associates—herself. I was on tour basically for two years. At one point, I was gone for so long my phone or electricity—one of them—was cut off. Fraternity guys were gatoring for my approval. I autographed Lacoste shirts. Girls were teaching me about add-a-bead and add-a-pearl necklaces. Those necklaces were a revelation. Really, though, I was just putting my adult life on hold. It was a great, great time.
