*The Bishop was evidently expected, for his foot-boy had scarcely knocked at the wicket before the gates in the wall were i-,ung Open, and an old serving-man ran to meet him. This man quickly helped the Bishop to alight from his horse, and informed him that the Count was absent; but he added that the*

Instead these people are baby-sitting the big red button This is some sick stuff. This strange and secretive group, which have received very little press coverage, have a foot owl as its central symbol. They also perform Druid-like ceremonies before a huge stone owl, complete with robes, fire, incantations, and other rituals. There is a small owl just to the left of the "1" which appears on the upper right hand corner of the Dollar Bill. But what does the owl symbolize? The owl is a symbol of wisdom. Owls can see in the dark. They can see what we cannot see. Likewise, members of the Illuminati are privileged to information that is hidden from the general public. The owl is a nocturnal bird of prey with strong talons. The owl has been associated with wisdom, books, Occult knowledge, shamanism and other spiritual matters. As mentioned, the owl is a bird of the night, so an association with the moon is also suggested. They have short tail feathers and are silent in flight, stealth like. They seem curious about things but are happy to sit and wait until the time is right to obtain their goals catch or conquer their prey. The demon goddess Lilith is represented throughout history as an owl. A study of the demon goddess of Lilith will reveal the dark secrets behind the owl of Bohemian grove. Few magickal orders exist dedicated to the undercurrent of Lilith and deal in initiations specifically related to the Aracana of the first Mother. Two reputable organizations that progressively use initiations and magick associated with Lilith are the Ordo Antichristianus Illuminati and the Order of Phosphorus. Author Joshua Seraphim has written three texts associated with the egregore of Lilith entitled "Rite of Lilith," "Confessionis ex Lilitu," and the "Lamentations of Lilith. She is sometimes identified with Babylon in Thelemic writings. A Thelemic rite, based on an earlier German rite, offers the invocation of Lilith warning: Read here about the wicked witchcraft of Lilith, and how it relates to the OWL Lilith is the mythological first wife of Adam. She, like Adam, was created by God "from the dust of the earth. It would seem that Eve came later, fashioned from a rib taken from Adam while he slept: Semitic legend describes Lilith as having a "base" nature and a taste for biting Adam and drinking his blood. The only mention of Lilith by name in the standard Christian Bible is in Isaiah, where a passing reference is made about her living in the desert. Lilith is described as either a winged serpent or a screech owl or a anthropomorphic combination thereof who murders infants it would appear from the perspective of modern medicine that infants who succumbed to Sudden Infant Death Syndrome would have been thought to have been victims of Lilith , and who torments men at night who sleep alone -- the original succubus. In modern mythology Lilith has become a symbol to many feminists of the independent woman, who refuses to submit to the control of men. She is more than just an "uppity woman", she is the power of primal lust in female form. And also, she is Death, and this cannot be ignored when working with her magically. Priests set fire to their sacrifice of a human effigy which screams in pain over loud speakers to the cheers of onlookers across the lake. Do you see how all these demonic occult organizations are linked together? She is said to come from the mud and dust, and is known as the Queen of the Sucubi. When she and Lucifer mate, they form an androgynous being called "Baphomet" or the "Goat of Mendes," also known in Luciferianism as the "God of Witches. The Church of Lucifer. Bohemian Grove is rooted in Luciferianism!!! Lilith here is seen as a goddess of witches, the dark feminine principle, and is also known as the goddess Hecate. On July 15, , Alex Jones and Mike Hanson, equipped with two hidden video cameras and disguised as members of the Bohemian Club successfully infiltrated the elite cult compound. The following detailed report of what they found is absolutely shocking I know how bizarre this all sounds, just remember that we have all of this on tape in my video, Dark Secrets: Inside Bohemian Grove watch now on Google for free , which has aired nationally in the United Kingdom, and might air here in the United States, unless it is suppressed. So, the priest talked about "goodly Tyre and Babylon. If you read your Bible, or any historical document of the time, they were burning children in the Babylonian and Canaanite kingdoms before the owl-god Moloch. Suddenly, again, we had initially been misdirected from the owl by the activities behind the curtains across the bank,

then we were paying attention to the owl and the priests on the island back on the west bank, there was an old-fashioned river-style boat, with that grim reaper character who had been driving the wagon, and he was poling himself across the water with the bound body up on the bow. He brought the bound body to the high priest who was waiting for it at the foot of the owl, at the bottom of large circular steps on which the owl sits. Then, in very macabre fashion, the two black-clad priests rubbed and caressed the sacrificial body and brought it before the owl. The body begged for its life, over a speaker system. They refused it mercy. They took it up onto the altar. The "great owl" told them to burn the body which they called "dull care," which looks like a human wrapped up in black cloth. Right above the altar there was a large stone lamp that was burning that they call the "eternal flame. The body again begged for mercy. The high priest then walked down with some difficulty, because this high priest was so old, he could hardly even walk, and lit the pyre on fire. He began to say that he would read the signs in the remains, a deep occult tradition. This is not the Hollywood devil with red pajamas – this is the real deal, Babylon mystery religion-style. The body continued to scream in pain. Suddenly, all of those little metal crosses that we had seen along the bank during the day burst into flame. It was total insanity. So the ritual ended and all the old men started breaking up and going back to the big hall in the giant redwoods. Myself and Mike Hanson high-tailed it out of there, walking at a brisk pace. We encountered no resistance when we left. We walked right by guards and were out on the main road, Bohemian Avenue. It is a lot easier to get out of the Grove than it is to get in, because a lot of these world leaders that you read about in the news leave the Grove to go into the small town Monte Rio. They go into the bars for prostitutes that are flown in from around the world to service them. Down the road the British media was waiting to pick us up. They asked us, "Did you get it? Did you get it? I decided to have this interview transcribed and put on my website, www. A simple web-search using the terms "owl" and "symbol" turned up many references to owl as a symbol of the Greek Athena. Athenian coins bore the likeness of Athena on one side and an owl on the other. Indeed, these coins were called "owls. The owl is the unrivaled symbol of intelligence or wisdom. Remember, Athena is another name for Simiramas just in a different culture. It is also another name for Ishtar, a. The Bible makes references to men of wisdom being master builders. If you look carefully around Washington DC you will find that many of the government buildings which are pagan in architectural style, have owl statues on them. As some supporting evidence linking Athena to the Egyptian Isis I submit:

Lighting of the Guadalupana Torch 11 p. Remote Parking Shuttle busses to and from remote parking locations will be available every few minutes from 4 p. Use of remote parking is highly encouraged as Central Road between Wolf and Central is anticipated to close in the late afternoon on the 11th due to the high volume of pilgrims accessing the grounds of the Shrine. Emily Parish, E. Matt Foley, then pastor of St. Eighty-five people from St. Agnes participated in that first run. Word of the ceremony spread and the following year several other parishes participated in the event. Participation in the torch ceremony has grown to include dozens of parishes throughout the Archdiocese of Chicago. Every year, thousands gather in her presence as they implore for her intercession and protection. She asked him to go to the Bishop and to request in her name that a shrine be built at Tepeyac, where she promised to pour out her grace upon those who invoked her. The Bishop, who did not believe Juan Diego, asked for a sign to prove that the apparition was true. On 12 December, Juan Diego returned to Tepeyac. Here, the Blessed Mother told him to climb the hill and to pick the flowers that he would find in bloom. He obeyed, and although it was winter time, he found roses flowering. He gathered the flowers and took them to Our Lady who carefully placed them in his mantle and told him to take them to the Bishop as "proof". When he opened his mantle, the flowers fell on the ground and there remained impressed, in place of the flowers, an image of the Blessed Mother, the apparition at Tepeyac. Smyth, President of Maryville Academy, accepts a traveling statue of Our Lady of Guadalupe and provides a permanent home within the Marian chapel. The site is given the authority from the Basilica to be a site to satisfy mandas promises to Our Lady of Guadalupe. The larger than life bronze statues adorn the small hill at the center of the grotto. The Our Lady of Guadalupe statue measures 12 feet high and weighs pounds, while the Saint Juan Diego statue measures 6 feet high and weighs pounds. The original statues can be found at the Basilica in Mexico City. The cross is blessed by the Most Rev. Mercado as the first Rector.

The club and annual encampment were founded by newspaper editors and other creative spirits from San Francisco over years ago. Over time, especially when the club experienced down financial times in the Depression years, more wealthy members were sought who could pay premium rates. Over the years, it has become an increasingly exclusive gathering of U. While the Bohos like to downplay the gathering as harmless pranksterism, a look at the above links will go a long way toward helping understand the concerns of people who worry that this gathering is too elite to be so secretive. It is a lethal cocktail of politicians and their wealthiest supporters getting regular, off-the-record face time together. What is even of more concern is what he is saying off the record in one-on-one conversations to the presidential candidates and other political and business leaders who go there. The literature is abundant that regular, informal gatherings like at the grove leads to bonding at least deep enough to allow business calls to be made and, more importantly, returned. We do not know how deeply Dr. Bohemian Grove literature confirms enough information was passed to inspire the seed money for what would become Lawrence Berkeley Labs and the Manhattan Project, whose first meeting was held at the Grove. Apparently not by Grove standards! What is the Lakeside Talk? The Lakeside Talks are talks given each day during the encampment by members and invited guests on various topics. Week-ends are reserved for higher ranking speakers, Fed Chairmen, ambassadors, cabinet members, politicians, talking of more important issues. These talks are secret, for Boho ears only, although over the years we have been able to get speaker lists and other information out, and a lot of that information is available at [sonomacountyfreepress.com](http://sonomacountyfreepress.com). There is a growing call for these speeches to be made public. Is it true the atomic bomb was developed at Bohemian Grove? They were influential men who helped him obtain money for his energetic nuclear particle investigations. Less well known is who exactly attended this meeting and the prideful publication of its history in Bohemian Club library notes. The atom bomb made this particular meeting at the Grove world famous, but it was not an isolated case of business and government planning through Bohemian club facilities. This was but one in a long series of historical business-related activities done in the context of a Bohemian corporate family network. The Club takes pride in this event, and members often tell new guests this story while at the Grove. Participants at the Grove meetings of September 13 and 14, Radiation Lab Robert L. Physics Department James B. Army Major Thomas Crenshaw, U. This annual rite opens the encampment each year. Claims have been made by sensationalistic media mongers like Alex Jones and others of babies being sacrificed at the Owl alter by Moloch initiates. This has opened a floodgate for ever more speculative realms of secret societies and their role at the grove. And many of us would rather not make the categorical statement that nothing as scurrilous as human sacrifice has EVER taken place there- boys will be boys!

Stewart August Leviticus I am the LORD. Molech also Moloch was the national deity of the heathen Ammonites, a fire god commonly worshiped throughout the ancient near East and North Africa, by Canaanites and Philistines, Arameans and Semitic peoples and later, Phoenicians. He was known by many names, all signifying the same false god. There are many different names for Molech. These names all refer to the same false god, spelled in various different ways: In Islam, Molech is called Malec or Malik meaning king , believed to be the principle angel in charge of Djahannam, the Islamic version of hell. Molech worship was prevalent among the Canaanites when Israel entered the land, evident from the fact that God warned Israel against Molech worship as an abomination the Israelites were forbidden to practice, Leviticus An abomination is a sin coupled with disgust. Fire gods like Moloch and his fertility goddess consort, Ashtoreth, exercised captivating power over the primitive Canaanites. Their pagan worship often led to sacrificing their children upon the fiery alters of Moloch. They literally killed their children and burdened their bodies in worship of Moloch. Listen or right mouse-click to save KB I believe this was a form of abortion back then, done under the good intention of worshipping Moloch. Wade , and tens-of-millions of Americans are sacrificing their children on the alter of abortion. Is it mere coincidence that abortion was legalized in , when Bohemian Grove has existed for over years? Are Americans in reality offering up their children to Satan in a sacrifice? The FACT of the matter is that the leaders who legalized abortion do worship Moloch, and do offer burnt human sacrifices to him every year at Bohemian Grove. That is a fact, not mere speculation. Ashtoreth was the fertility goddess consort of Molech. Ashtoreth is mentioned three times in the Scriptures 1st Kings Ashtaroth is mentioned 12 times in the Old Testament. The word is used as the name of a town in ancient Israel in Deuteronomy 1: That towns were named after the fertility goddess indicates that her worship was already widespread when the children of Israel entered the land of Palestine. Molech represented the male principle of life and reproduction while Ashtoreth represented the female principle of fertility. Molech, a fire-god of ancient Canaan. The sexual relationship between these false gods set the example for unbridled sensuality among their worshipers. Anal sex between male and male worshipers homosexuals and male and female worshipers was viewed as an offering to the goddess. This explains why members of Bohemian Grove purported engage in massive orgies of homosexual sex. The grove is known to bring in paid homosexual male prostitutes to service the moguls. One anonymous former male employee of Bohemian Grove said he was propositioned for sex by one of the moguls attending the club. Nearly 2, carefully selected government officials, corporate tycoons and other luminariesâ€”men with power to shape the futureâ€”assemble privately every July in a redwood forest about 65 miles north of San Francisco. The meeting includes a somber ritual that features the Druidic burning of an effigy on the alter, chants from a robed chorus, and wild drinking and promiscuity. The meeting is held every July. Homosexuality is a horrible, vile, abominable sin in the eyes of God Romans 1: It is against nature and a perverted lifestyle of degradation and debauchery. God created Adam and Eve, not Adam and Steve. Any moron knows that. Anyone who attempts to legitimize homosexuality is the enemy of God James 4: Righteous king Asa drove the wicked sodomites out of the land as God wanted him to do 1st Kings Sodomites today actually attempt to diminish the awfulness of homosexuality on the basis that the Word of God does not make more mention of it as being evil; but may I remind you that the Bible is equally silent about other sins as well. The reason is because it is quite obvious that certain sins are so heinous and evil that nature and conscious itself teach us the truth. Clearly, homosexuality is synonymous with a decadent society. In a moral, God-fearing-society none of these things would be allowed. If God spared not Sodom, nor the angels that sinned, nor the world before the flood; then neither will He spare America!!! Some years after Leviticus, the Apostle Paul references pagan worship in Romans 1: The Molech idol was a large, hollow brass statue with the head of a bull and the bulging belly of a man. It was designed like an old fashioned pot-bellied stove, with the belly as the firebox. A child sacrifice laid on the hands, would roll into the fire in the belly cavity. Scripture describes this practice as "passing

through the fire to Molech," Leviticus Cleitarchus On Molech Cleitarchus, an ancient historian, around BC, gives this description of a fire god at Carthage. Kronos is the north African name for Molech. When the flames fall upon the body, the limbs contract and the open mouth seems almost to be laughing until the contracted body slips quietly into the brazier. The general name, used throughout Palestine and in the Bible, for this type of fire god, was Baal. According to the Jewish Encyclopedia, the Hebrews first learned Baal worship from the agricultural Canaanites. Cremation of Care Ceremony The High Priest must light the pyre with the flame from the Lamp of Fellowship, located conveniently enough on the "Altar of Bohemia" at the base of the Shrine. In their arrogance, they criticize and condemn people like me, when they ought to be exposing every work of darkness as Ephesians 5: Most pastors choose to avoid research the occult, having the mindset that we ought not learn about the workings of Satan. There is a preponderance of verifiable, documented evidence to expose these criminals. It is an alarming paradox in our nation! A genuine man of God is a truth seeker!!! In a word, everything! All those innocent women and children were murdered for no reason. Lesbian Janet Reno was Secretary of State at the time. This was intended to arouse and please demon spirits of hell, while also terrifying the helpless Branch Davidian men, women and children inside. They were an offshoot of a Seventh Day Adventist church a false religion. Yet, I support their right as Americans to believe freely as they so chose, without fear of persecution and being murdered for their beliefs. All of the talk about child sexual abuse was purportedly fabricated by the government to demonize the group. The Mormon church abuses children regularly and it is Americas most guarded secret. On April 19th, federal troops stormed the Branch Davidian building with 50 cal. Only a few escaped, just to be wrongfully convicted by a Masonic judge. Just like the ruthless tyrannies against the innocent folks at Ruby Ridge in Idaho and The Roloff Homes in Corpus Christi, Texas; tyranny has gotten out of hand in the federal government. Big government has always led to big trouble!!! No, not at all. Truth i stranger than fiction. We are living in the End Times of civilization. This is what is happening in the world today. The attacks were an incredibly, sophisticated, orchestrated, and engineered plan to have been mere renegades who stole some jets. The attacks were executed with exactness. Such a strategic elaborate mission of this nature could have never been realized without having access to U. It should not come as a surprise that war games were used as a cover for the real attacks, but the games were never announced. With all these books out, it resembles a circular firing squad, where no one takes responsibility. They are expect liars. The mainstream newsmedia sport themselves in hiring paid professional liars. America is a land of liars! Judges, lawyers, politicians, corporate executives, Federal Reserve bankers, mainstream news media
