

Chapter 1 : East Canada Fly Drive Holidays / | Canadian Affair

*This Way Eastern Canada: Quebec, Newfoundland and the Maritimes (This Way Guides) [Claude Herve-Bazin] on calendrierdelascience.com *FREE* shipping on qualifying offers. French, British and Amerindian cultures come together in Quebec and the Maritime Provinces, which have so much to offer the visitor.*

Which is the coast with the most? Will you opt for the eastern provinces with their spectacular whale watching, world heritage sites and rich maritime history, or will you head out west to British Columbia for First Nations culture, the Great Bear Rainforest and Inside Passage? Best for bear watching Western Canada Grand, green and groaning with grizzlies, the Great Bear Rainforest is also home to the Kermode spirit bear – a rare subspecies of black bear. Reached by floatplane, 80km from Campbell River, Knight Inlet Lodge is one of the best places in Canada to spot grizzly bears – up to 50 can be seen within 10km of the lodge during the autumn salmon-feeding frenzy. Best for self drive Western Canada The beauty of a self drive holiday in British Columbia is that you can combine the open road with ferry trips along the Inside Passage and a classic train journey on the Rocky Mountaineer. Eastern Canada How can the east possibly compete on this one? Eastern Canada Not to be outdone by the west, activities in eastern Canada include hiking in Gros Morne National Park, tidal bore rafting in the Bay of Fundy and paddling with icebergs off Newfoundland. Eastern Canada Gros Morne National Park in Newfoundland offers superb mountain hiking across stark, salmon-pink rocks sheared from the crust of an ancient seabed. Best for culture Western Canada Bald eagles, bears and orcas gain mythological stature in the minds and carvings of the First Nations people of the Pacific Northwest. Celtic influences, meanwhile, are evident throughout the Maritime provinces. Best for cities Western Canada For five years running, Vancouver has been voted the best city in the world to live. Take the ferry to nearby Victoria on Vancouver Island and you get two beautiful, waterside cities in one trip. Halifax in Nova Scotia has a modern feel, with trendy waterfront dining. Best for marine history Western Canada Forested islands, wedged against the mainland of British Columbia and Southeast Alaska, form a channel stretching km from Seattle to the old gold rush town of Skagway that. Follow in their wake by taking the ferry from Port Hardy to Prince Rupert and beyond. Atlantic Canada is renowned for its maritime heritage. Best for family holidays Western Canada Cities like Vancouver and Calgary have family friendly adventures waiting right on their doorsteps, whether you plan to hike, kayak, ride a horse or watch for whales. Eastern Canada Kids can also get stuck into the Great Outdoors way out east, with activities ranging from rockpooling along the coast of Nova Scotia to exploring. Best for whale watching Western Canada Johnstone Strait, between Vancouver Island and the British Columbian mainland, is one of the best places in the world to see orcas May to September. Humpback whales can also be seen, while grey whales migrate along the west coast of Vancouver Island during March and April. Eastern Canada The spring thaw sparks a food-chain reaction in the Gulf of St Lawrence that lures a variety of whales, including beluga, fin, minke, humpback and blue. Further south, the Bay of Fundy is renowned both for its enormous tides up to 16m and superb whale watching. Humpback shown right , fin, minke and the endangered northern right whale are all possibilities. Planning your Canada Holiday For further inspiration and itinerary ideas, view our collection of Canada holidays. Alternatively, you can contact our team of accredited Canada Specialists who are on hand to offer help and advice and can create the perfect holiday for you, from flights and stopovers to all your ground arrangements. In October our northern lights experts predicted the chances of seeing the northern lights would be extremely high from the November due to a strong auroral storm occurring. It happened and looks likely to occur again in early December

Chapter 2 : Eastern Canada driving - Canada Forum - TripAdvisor

Tour Eastern Canada's most spectacular cities on this 8-day railway adventure. It all begins in Montreal, a bilingual metropolis filled with ornate architecture, enthralling museums and some of the country's finest restaurants.

Alternatively we can arrange for a representative to meet you on arrival and for a private car to take you to your hotel. Please ask us for details and costs for this service. We do not recommend collection of your rental vehicle as it will not be required during your stay in Toronto and the vehicle would be subject to hotel parking charges. We will arrange for collection of your vehicle to be from a convenient downtown location on the day you leave Toronto.

Overnight Toronto Day 3 Niagara Falls Excursion from Toronto This morning board your motor coach excursion outside your hotel for a day at one of the wonders of the world – Niagara Falls. This full day excursion to the falls is fully narrated by your experienced driver guide and includes lunch and a journey to the base of the falls on the Maid of the Mist. This area has long been a favourite for the people of southern Ontario for vacations and weekend getaways to the cottage by the lake. Segwun – an elegantly restored 19th-century steam ship. Discover the beauty of Georgian Bay Islands National Park – home to wildlife, waterfowl, woodlands and plenty of game fish in the surrounding waters near Honey Harbour. Whatever you choose to do you are sure to delight in the natural beauty and serenity of this treasured Canadian region. With unique history, geography and lifestyle, it offers a wide variety of urban attractions:

Overnight Ottawa Day 7 Ottawa There are many different sites for you to visit in the Capital Region, perhaps you will take a cruise on the Rideau Canal – one of the oldest landmarks in Ottawa and filled with boats in summer or maybe take a journey on the Hull – Wakefield Steam Train. Consider taking lunch at Byward Market – This traditional farmers market surrounds a two-floor building of boutiques and features some fine restaurants as well as numerous places to grab a snack or a glass of wine or beer. Extending from southern Quebec to the shores of the St. In addition to this mighty mountain range and its highest peak, Mont Tremblant, the region is also home to an abundance of immense lakes, wandering rivers, dense forests, rich agricultural plains, and foothills dotted with picturesque villages. Other sites around the city worth visiting include the Plains of Abraham – This grassy field was the site of a famous battle between the French and the English in Citadel – Constructed by the Duke of Wellington to fortify the city following the War of , this huge old fort can be toured. Basilique Cathedrale – Notre-Dame-de-Quebec – This famous 17th-century cathedral has been restored several times but still provides visitors with an ambiance of centuries past. Board a ship designed specially for marine mammal watching as a naturalist guide invites you to discover the Beluga and Finback whale environment. We recommend you take warm clothes. The cruise lasts 2 hours and thirty minutes. Montreal showcases its history and its future in architecture with graceful gray stones, sultry red bricks, shiny aluminium, and dazzling green-blue-tinted glass. Take, for example, the grand museums: Steps away, the Old Port brings you back to where it all began, at the shores of the majestic St. People come here for panoramic cruises, lazy quayside promenades, and further upriver, whitewater rafting. Located on the shores of the Ottawa River, the Fairmont Le Chateau Montebello is the largest log structure in the world. There are more than 70 lakes and over 65, acres of carefully protected wildlife habitat, virtually unchanged since its years as the Papineau Seigniorie. Whitefish Lake Picnic Area – Whitefish Lake, one of the largest lakes on Fairmont Kenauk with more than acres of clean, clear water has over 2. Picnic tables, barbecues and a dock from which you can boat, canoe or swim are available on-site. A professional guide will inform you about these exceptional animals, their life in their natural habitat. Along the trail, deer, moose and many species of birds can be observed. This is a safe, educational and exciting experience for all to enjoy.

Overnight Montebello Montebello to Montreal 80 miles After breakfast this morning a short drive allow approximately 1.

Chapter 3 : Travel Map of Canada

Canada is the second largest country in the world, so even when limiting your potential vacation destinations to its eastern region, there are plenty of attractions to consider.

Valley Weather As Canadians we talk about the weather relentlessly, I just talk about it a little more! I hope to provide useful information to my family, friends and all those who simply enjoy talking about the weather. While I try to include information of interest from all over North America, my primary region of concern is the St. This Blog is dedicated to my late father for inspiring my interest in weather. Monday, December 04, Major pattern change on the way for eastern Canada The pattern of alternating warm and cold weather that has been around most of this fall, will come to an end this week. An arctic front will bring in much colder air, that is expected to remain in Ontario and Quebec through December. Environment Canada has issued a wind warning for the Richelieu Valley for late tonight and early Tuesday. No, but seriously, Arctic air is set to invade the Great Lakes over the next 48 hours, sliding into eastern Canada by the weekend. The catalyst will be a major winter storm developing over Colorado, and moving northward toward Lake Superior. Montreal, southern Ontario and Quebec will be on the warm side of the system, with a surge of mild air through Wednesday. Closer to the center of the storm, heavy rain is forecast from Michigan into central Ontario. West of the storm track, blizzard conditions are expected from the Dakotas into extreme southeast Manitoba and northwest Ontario. Forecasters are calling for 30 to 40cm of wind driven snow in some regions, along with dropping temperatures. Travel is not advised tonight and Tuesday across portions of the Dakotas, Minnesota and northwest Ontario. In Montreal, sunshine on Monday will fade away as clouds increase. Tuesday will be cloudy and very mild, with high temperatures soaring to 9C 48F. A cold front, the leading edge of the arctic air, will sweep across the area on Tuesday night into Wednesday, with gusty winds, rain and dropping temperatures. The balance of the week will be much colder, with the chance of flurries through Saturday. Temperatures are forecast to become increasingly colder as we head into the weekend. Daytime highs will struggle to reach 0C 32F by Friday. At this time, it looks like the balance of the month will remain below freezing in southern Quebec, with frequent chances for accumulating snow. Next week, daytime high temperatures will be no better than -3C 27F. The details will become clearer as time moves along, but expect much colder weather starting late this week.

Chapter 4 : Best ways to tour Eastern Canada? - Toronto Forum - TripAdvisor

Immerse yourself in the coastal beauty of Eastern Canada, with a journey from the historic center of Quebec City, through New Brunswick and Nova Scotia and out to Prince Edward Island, where Scottish culture comes to life.

Written by Lana Law Planning a trip to Canada and figuring out an itinerary may seem monumental due to the size and geographical layout of the country. Bordered by three oceans, the Canadian motto "from sea to sea to sea" becomes more relevant when you start planning a cross country tour. Most travelers with a limited amount of time tend to focus on one area of the country. This is a good idea unless you incorporate some long distance internal flights. Canada stretches more than 5, kilometers from east to west, and much of the remote north is all but inaccessible. The best option, unless you have plenty of time, is to focus on Western, Central, or Eastern Canada. Central Canada is most well-known for its vibrant cities, including Toronto , Montreal , and Ottawa , but also consists of prairies and the forests and lakes of the Canadian Shield. The eastern Maritime Provinces are known for their seemingly endless Atlantic shorelines, quaint coastal villages, and friendly small-town atmosphere. A scenic seven-day trip will take you from Vancouver to Kelowna for a stop along the beautiful Lake Okanagan, and on to Banff National Park. From here, do a side trip up the Icefields Parkway to Jasper and end your trip in Calgary. This route runs through some of the most spectacular scenery in Canada. Kelowna is a pleasant city that caters to skiers in the winter, with nearby ski hills of Big White and Silver Star. In summer, this is a popular area for renting a cottage, golfing, or exploring the lakes by houseboat. Banff and Jasper National Parks, including the area around Lake Louise, are highlights of this route, and offer some incredible day hikes. Even if you are not interested in getting active, there are all kinds of scenic pull outs, particularly along the Icefields Parkway. The town of Banff, in the park of the same name, is a beautiful mountain tourist town with all kinds of accommodation, dining, and too many stores and shops to count. Just an hour and a half east of the park is the city of Calgary, home to the famous Calgary Stampede held in July. Flights run regularly between Calgary and Vancouver. Another option for returning to Vancouver is a train trip on the Rocky Mountaineer, a high end rail journey through the mountains. Drive or catch a bus up to the posh ski town of Whistler for a day, a fun destination any time of year, and head back down to Vancouver where you can catch a ferry to Victoria. For some people, depending on how much time you allow in Vancouver and Victoria, this might be enough to fill seven days. However, if you find you still have more time, there are some great side trips from Victoria. For a day trip from Victoria catch a car ferry to Salt Spring Island for a day of sightseeing, or visiting local farms and artisan studios. With a few days available, drive up Vancouver Island to Tofino for a night or two, where you can stay in a seaside lodge. Spend some time surfing or walking along the beaches in Pacific Rim National Park, enjoy a day hike near the village of Ucluelet, and see the pristine coastal forest all along this remote stretch of the island. A car makes this trip simple and is the best way to see the attractions. If you are using public transport, it will be cheaper and include a bus to Whistler and walk-on ferries to Victoria and Salt Spring Island. With a car, be aware that taking a car ferry may require some wait time, especially around holidays. If you add on a trip to Tofino a car is almost essential. Toronto, Niagara Falls, Ottawa, and Montreal With Toronto being a major point of entry for many travelers to Canada, this is the best place to start a tour of Central Canada. Spend a few nights in Toronto to see the sights, take in a Broadway show, and do a day trip to Niagara Falls. There are several tour operators offering day trips to the falls, which usually include a stop at the lovely little town of Niagara-on-the-Lake. Montreal is another must-see city in Central Canada. You can get there easily from Ottawa, or directly from Toronto if you choose to skip Ottawa. Trains run regularly from both cities to Montreal, and by car, it is quite an easy drive 4. With more time available, you can continue on to Quebec City to tour this historic French city. This is a city definitely worth visiting, and may even serve as an alternative to visiting Montreal if you are unable to visit both. The most practical way to tour this area is with a car. If the weather cooperates, take some time to enjoy the beaches. There is plenty to see and do here, but the most popular activity is driving the scenic Cabot Trail, which runs through Cape Breton Highlands National Park. If this is the end of your time, head back to Halifax. If you have another seven or 10 days for exploring the Maritimes, tack on a tour of

Newfoundland. When you leave St. This scenic little seaside village with colorful houses looks out onto oceanfront cliffs. Tour some historic buildings to get a feel for the culture, take a whale-watching tour, or go for a hike. If you are visiting in the late spring, you may even see an iceberg. From here, continue up the coast through Terra Nova National Park and on to the village of Twillingate to experience a quaint maritime community. After a night in Twillingate make your way to Gros Morne National Park for a boat tour or some hiking in this spectacular landscape. Afterwards, make your way back to St. Keep in mind, driving in Newfoundland may take longer than you expect, with winding roads and last-minute decisions to turn off the highway and visit coastal towns or scenic areas. The region is extremely remote, and the highlights are, in many cases, geographically distant from one another. Here are some options for seeing the north: If your goal is to see wildlife you should consider a trip to Churchill, Manitoba in the late fall to see the polar bear migration. Many different tours leave from Winnipeg , offering multi-day stays that include options to see the bears in a Tundra Buggy and stay in a Tundra Lodge. Most tours involve a flight from Winnipeg to Churchill, but it is also possible to take a train to Churchill. The two main cities of the north are Whitehorse , in the Yukon, and Yellowknife , in the Northwest Territories. Both of these cities are accessible by car. Many people incorporate the Yukon into a driving trip to Alaska. This route typically involves driving up through northern British Columbia and runs from Haines, going through Skagway, Carcross, Whitehorse, Dawson City, and into Alaska to the cities of Fairbanks and Anchorage , then back into the Yukon to Haines Junction and back to Haines. This route will give you a chance to experience some of the characters and cultures of the north, learn about the history of the Klondike Gold Rush, and see some of the beautiful landscape. To see more of the north from Yellowknife, flights are in order. Vancouver, Toronto, Montreal Optional: But if you want to probe a little deeper, you could easily add on Calgary , Halifax , St. There are regular flights to all of these destinations and quick and convenient train connections that run between Toronto and Montreal. Flights to the eastern cities of Halifax and St. Montreal is an incredibly vibrant city known for its French culture, shopping and fashion, and trendy Old Town. For a more complete picture of Canada , catch a flight to either Halifax or St.

Chapter 5 : Where to Visit in Eastern Canada | USA Today

The only thing on the Eastern Canada tour I would change is to have an extra day at Toronto & a longer time at Niagara Falls. This was the main reason for our trip to begin with. We would have liked more time to see the aquarium and tower in Toronto.

Chapter 6 : River Cruises St Lawrence River Cruise in the Islands Calm Water - St. Lawrence Cruise Lines

Eastern Canada hosts some of the most popular cities in the calendrierdelascience.como is home to the CN tower and hockey games, Montreal has poutine and famous music festivals and Nova Scotia is famous for its fish, apples and blueberries. The East Coast is a delight for any food lover to visit.

Chapter 7 : Eastern Canada | VIA Rail

Canada stretches more than 5, kilometers from east to west, and much of the remote north is all but inaccessible. The best option, unless you have plenty of time, is to focus on Western, Central, or Eastern Canada.

Chapter 8 : Eastern Canada Contrasts - Complete North America

Answer 1 of I am trying to plan a trip to Canada for roughly 11 nights. I would need to fly in and out of Toronto and would like to see Ottawa, Montreal and Quebec City as well.

Chapter 9 : Eastern vs Western Canada | Blog | Discover the World

Ottawa may be Canada's capital, but Charlottetown is the nation's birthplace. In September , delegates from the British colonies of New Brunswick, Nova Scotia, Prince Edward Island, and the province of Canada (QuÃ©bec and Ontario) gathered at Charlottetown's Province House to discuss banding together as one country.
