

## Chapter 1 : Titansgrave News - Titansgrave RPG

*The Hermit's Road is designed for characters of levels You only need the Fantasy AGE Basic Rulebook to run it, though having Titansgrave: The Ashes of Valkana is certainly helpful. SKU: GRRRe.*

Here at Green Ronin we have been rousing ourselves from our holiday torpor and getting ramped up for As long time fans know, I traditionally write a message in January to discuss what we have coming up in the new year. Today I will talk about what we have coming your way through the Spring, then in June I will do a second one of these that covers the rest of the year. He is a 17 year veteran of the game industry who has done a boatload of work for White Wolf and Onyx Path, amongst others. Malcolm will be doing design and development work for us on a variety of lines. You can think of him as a sort of developer-at-large. Please help me welcome Malcolm to Team Ronin! The Atlas of Earth-Prime releases in just two weeks. The BackerKit went live over the weekend. Those should all come out in the Spring. This is a full campaign setting book that greatly expands the information in Titansgrave: A lot of stuff that was only hinted at in the show will be revealed in Titansgrave: The World of Valkana! People have been asking us if they can publish Fantasy AGE content since the game came out and soon that will be possible. Ours will be similar to these but not identical. For starters the products you can do will be limited to settings and adventures because that is the support Fantasy AGE needs most right now. There will be more info about the program and how it all works when we launch it. That should happen in a couple of months. Meanwhile, the Return to Freeport adventure series continues. The first is Book of the Righteous, which presents a fully detailed mythology and pantheon you can use in your campaigns. The original edition of Book of the Righteous was our most critically-acclaimed book in the d20 era. We did a Kickstarter for a new 5E version last year and it should be out in May. As with Blue Rose, Book of the Righteous will have a general release after books ship to Kickstarter backers. We wanted a big marquee release for the show and the Critical Role: We want to make this a real event and hope to have the cast out to Gen Con again. Love 2 Hate Towards the end of last year we released Love 2 Hate: Politics, the first expansion for the game. We are following that up in April with Love 2 Hate: Both expansions have cards. You can mix them in with the core game, or play with them on their own for a more themed experience. It could be one week or three months depending. Last year we had a room dedicated to Green Ronin games for the whole convention and that was great. There are still cabins available the cruise is in March and this year we have the entire ship to ourselves. Should be a great time. If you are a game retailer, come see us! We also have some exciting news to share in the coming months. Thank you for your continued support over the years. Come back in June when I reveal our Summer and Winter plans. Until then, game on!
