

Chapter 1 : - NLM Catalog Result

A common starting point is to share findings and best practices with the program's board (if applicable), project partners, and other stakeholders. Rural programs also disseminate by presenting findings to different organizations and sharing materials.

Subjects Description Designed for easy reference, this concise manual provides hospital board members and executives with practical guidance on how to become actively engaged in the transformation of their organization. It focuses on how the healthcare industry as a whole is transforming and stresses the importance of having board members who are knowledgeable and skilled enough to provide leadership during this time of great opportunity. This manual is ideal for orienting new board members and for providing more experienced members with insight on key issues. It supplies a list of questions to ask stakeholders that will facilitate engagement and ultimately encourage participation. Each of the chapters is organized around action steps referred to as Top Healthcare Transformers. These are designed to disseminate best practices, build organizational quality, establish transparency, and develop the culture and leadership needed to facilitate change that is intelligent and progressive. Each of those 10 chapters includes "The Problem: A brief, quantitative look at the problem The Transformer: What will transform and make healthcare different Best Practices: Examples of current best practices indicative of the transformer Board Questions: Includes a foreword by John R. This book is a must read for board members and hospital executives. This important book provides hospital leaders and Boards key information for that dialogue. The content is supported by extensive knowledge and practical current experience of the authors. Disseminate Best Practices Healthcare Transformer 8: Patient-Centeredness Healthcare Transformer 6: Care Coordination Healthcare Transformer 5: Health InformationTechnology Healthcare Transformer 4: Transparency Healthcare Transformer 3: Payment Reform Healthcare Transformer 2: Joshi was previously the president and chief executive officer of the Network for Regional Healthcare Improvement NRHI , the mission of which is to accelerate the improvement of the value quality and cost of healthcare delivery in the United States by building and strengthening regional, multistakeholder coalitions and influencing national policy for regional coalitions. During his tenure at the Delmarva Foundation, the organization was the recipient of the U. Senate Productivity award, the highest-level award in the state of Maryland, on the basis of the national Malcolm Baldrige criteria for performance excellence. Horak holds a PhD from The George Washington University with specialties in health services administration and organization behavior and development. He has held other positions including that of chief operating officer, associate administrator for Clinical Services, and administrator of a family practice clinic. Horak has also been a consultant in the areas of patient safety, teambuilding, cultural change, strategic planning, worker satisfaction, leadership development, customer service, and the use of information technology to improve patient care. He was awarded the Bronze Star for his leadership of medical units during the Gulf War.
