Find Great Twenty-fifth Anniversary Gift Ideas on Amazon Celebrating Your Twenty-fifth Anniversary A quarter of a century, when you say it that way it sounds like a significant amount of time and it is. You should celebrate the twenty-fifth anniversary even if you have skipped a few of the others. One of the most personal and special gifts you could give your partner or parents on a twenty-fifth anniversary is a time capsule stuffed with mementos from the twenty-five year relationship. Another great idea that everyone can contribute to is a charm bracelet with charms representing significant events over the past twenty-five years. You, your children, extended family members and friends could all contribute a special charm for the bracelet—all made of silver or sterling silver of course. Many couples chose to renew their vows to each other on their twenty-fifth anniversary. If you chose to have a formal ceremony to commemorate the renewal of your vows a video display or pictures or movies taken over the twenty-five years would be a fun addition to the celebration which the guests would enjoy and that you would have as a keepsake for years to come. Silver Gift Suggestions Silver has been prized as a precious metal for a long time. Silver has been used to make coins, jewelry, and silverware utensils. Today silver is also used for electrical contacts and conductors, photographic film solutions, mirrors, dentistry, disinfectants and occasionally for its antimicrobial properties in medical settings. The twenty-fifth anniversary traditional and modern anniversary gift suggestions are both silver. Silver is certainly an appropriate choice for the twenty-fifth anniversary symbols as silver is recognized as a symbol of faith and purity. Silver jewelry is the first twenty-fifth anniversary gift that comes to mind and there are lots of types of silver jewelry gifts to choose from.
