Hope has been searching for the brother she has never met for a long time. She has found out he is at the WKB biker compound and goes there to be the club mechanic. Lots of plot twists and mysteries still to be solved. Sep 06, D. Reynolds rated it really liked it 3. But the characters are great. I loved Mad Dog aka Max, and Hope was surprisingly refreshing. Their relationship was engaging and warm, a perfect romance in the midst of a war. Oct 08, Teresa Stirewalt rated it it was amazing The story of Max and Hope has such an emotional depth to it that it will be one of those stories that remains me for a very very long time. There is so much going on in this story that involves not just Max and Hope but the entire Red Team. It kept me on the edge of my seat the entire time holding my breath chewing my nails as I turned page after page, gasping and catching my breath as the details became more clear, though at the same time causing other details to only sit there and make you go The story of Max and Hope has such an emotional depth to it that it will be one of those stories that remains me for a very very long time. It kept me on the edge of my seat the entire time holding my breath chewing my nails as I turned page after page, gasping and catching my breath as the details became more clear, though at the same time causing other details to only sit there and make you go HUH, WTF?? One of the best series I have read. I highly suggest that you start this series with book one so that you can fully understand what is going on as the books feed from each other directly and build the mystery of what is going on. Max is a smart guy with a complicated past. Hope is a brave girl looking for her long lost brother. It only seems right that Max would jump in head first to help the damsel in distress and he loses his heart in the process. And OMG the piercings!!! My only issue bated breathe My only issue is the nice little teaser or dear Elaine added to the end. I will be biting my nails until the next story.

Chapter 3 : Twisted Mercy (Audiobook) by Elaine Levine | calendrierdelascience.com

Twisted Mercy (Red Team #4) Prologue. Ten years ago. Colorado's Callum Penitentiary. Special Housing Unit. Max watched the thin puddle of sewage twitch beneath the edge of his cell door.

Currently, Elaine resides on Colorado plains with her husband, a rescued pit-bull and a parrot. Apart from suffering a severe case of PTSD, Silas is also on the verge of ending everything with the hopes of escaping his suffering, guilt, and nightmares. While serving in Afghanistan, Rocco experienced extreme difficulty and suffered a great loss as well. When Rocco eventually returned to the United States, he was a traumatized and broken man. Apart from being not able to sleep, Rocco also did not like to be touched and experienced episodes where he constantly blacked out. Rocco was a man who walked on a fine line between death and life. There are instances, when Mandy felt as if she was soothing a skittish and wild horse. With that said, author Elaine Levine has done a brilliant job of creating a protagonist, who is suffering from the traumatic experience that he had in Afghanistan. Mandy has a gentle and healing touch that works wonders for Rocco. Apart from being understanding, Mandy is also extremely gentle, while at the same time not allowing him to hide and back down from some of the horrors that he is required to face. Readers are going to fall in love with Rocco. Author Elaine Levine has done a brilliant job of creating a character who is not only real, but also brings out the many horrors and problems that many soldiers face, when they head home. Furthermore, Elaine Levine has also given the readers a glimpse into what exactly happens when their family and friends do not understand what the soldiers are going through. Elaine Levine has also shown how a little patience and understanding can be all these soldiers need to recover fully. The Edge of Courage was not only faced but also an easy read. The world that author Levine has created is realistic, while the characters were also realistic and quite enjoyable as well. Elaine has also done a fantastic job of taking the current events and then in the process bringing them to life. It picks up from where the first installment, The Edge of Courage had ended and in turn, focuses on Ty Bladen. To know the players, the readers are advised to read the books in the right order. Author Elaine Levine brings to life a narrative with interesting parts, and the characters that she has created are full of texture such that the readers may want to know who they are. However, Kit Bolanger his best friend who had rescued him when he was still a teenager. Nonetheless, Ty still manages to carve out a life for himself. Ty returned to his hometown, so that he could effectively heal from a bullet wound on his thigh. A sniper from one of the radical groups in Afghanistan on the thigh shot Ty. The house that Kit was raised in does not have the warmth that it initially had. Honor Unraveled Honor Unraveled is an exciting special operation romantic novel and the third installment in the Red Team book series. Elaine Levine knows how to pen down suspense novels which have the right blend of dangerous suspenseful and swoon-worthy romance scenes to maintain the interest of the readers and pique their curiosity of what was to come next. Author Levine has the aptitude of creating compelling heroes who are extremely fierce protectors of the people that they are love and are willing to put their lives on the line to protect the people who are under their care. The heroes in Honor Unraveled are imperfect. Apart from battling with past traumas, they are also dealing with their insecurities as well as their inner demons, which have prevented them from leading a normal life. Female protagonists on the other hand, not only fall but also love deeply and support the red team. Honor Unraveled centers on the member of the Red Team, a military team which works in the private sector. Now, the team has joined forces with Homeland security and the FBI, to track one of the largest terrorist groups, that is under the command of a drug lord.
