

Normally countries shift from agriculture to industry and then later to services, but India shifted directly from agriculture to services. There is also a point of view that agriculture produce market committees APMCs set up under the state acts have not only impeded the development of agriculture but also have been the cause of food inflation in India. What implication would it have on industrialisation and agriculture in India? Foreign direct investment in the defence sector is now said to be liberalised. Should the pursuit of carbon credit and clean development mechanism set up under UNFCCC be maintained even through there has been a massive slide in the value of carbon credit? Drought has been recognised as a disaster in view of its party expense, temporal duration, slow onset and lasting effect on various vulnerable sections. The diverse nature of India as a multireligious and multi-ethnic society is not immune to the impact of radicalism which has been in her neighbourhood. China and Pakistan have entered into an agreement for development of an economic corridor. Hence a Lot of hard-labour gone to waste from my side in writing, and from your side in memorizing them. But in economy-agriculture-security portion, there was good amount of material scattered around.
