## Chapter 1 : Garfield fat cat 3-pack - Evergreen Indiana

*Garfield Fat Cat 3 Pack/Three Books in One/Garfield at Large, Garfield Gains Weight & Garfield Bigger than Life Paperback -*

When the restaurant owner sold him to a pet store, "little" Garfield thought he was history. Instead he made it For on that fateful day, a hapless gentleman named Jon Arbuckle walked through the pet shop doors. Believe it or not, Garfield weighed five pounds, six ounces then. Watch and watch out! Meets a long lost relative Falls head over tail in love Gets hijacked by a duck Escapes from the city pound And as always, manages to fit in plenty of food, sleep and sass! He hassles Odie, Jon and Nermal and enchants kids of all ages. Garfield Sits Around the House See the famous furry feline as he Here is Garfield in his funniest book yet!! Debonair, wise beyond his years - and funny! So take a look inside at the latest collection of vignettes from the life of the most lovable cat around. Getting in over his scruffy neck and sassing his way back out again, this is one scrappy cat who knows how to have fun. Garfield Hangs Out Down on the farm, lost in a world of his own, or camping out with the gang, Garfield always finds a way to keep life interesting. Or, as Garfield might say, when the going gets tough, the tough takes a nap. Live it up, Garfield, and take your millions of fans along for the ride! He enjoys long naps, big dinners, and watching Jon fall flat on his face. Garfield by the Pound Garfield, the furry food processor, is back for another helping of tastefully outrageous fun! Garfield Takes His Licks Just as day becomes night, summer becomes fall, and breakfast becomes lunch with ample time for snacks in between! So keep the comedy and the calories coming! Garfield Bigger and Better But out lovable ball of full will take the leftovers, too!

### Chapter 2 : Garfield Fat Cat 3 Pack (Vol 1) : Jim Davis :

*A triple helping of classic Garfield humor! Three books in one means three times the fun! This Fat Cat 3-Pack includes Garfield At Large, Garfield Gains Weight and Garfield Bigger Than Life.*

To be completely honest, I found staring at the poster and wondering what a great Garfield movie would be like far more satisfying than watching the huge pile of garbage we eventually got. Garfield is known for being a fat cat, as he is called this repeatedly in the comics. The Movie Is this movie set in a lasagna-less dystopian future? Not every star needs to be 12 pounds thinner than when you found them. Given how much Garfield hates diets second only to Mondays: Two paws way down. At least that was true until this Nermal of a movie. Continue Reading Below Advertisement Garfield started walking on his hind legs in , due to a collaboration between creator Jim Davis and godfather of comics Charles Schulz. Does Peter Hewitt know better than Schulz? That said, the real spoiler alert should be given whenever this movie is played, for spoiling all of our childhood memories. Everyone cheered this hero, and we carried him out of the theater on our shoulders. Furthermore, the up-to-date reader of Garfield will notice that Jon has had a girlfriend for approximately one month since the character was created in Jon successfully kisses her once during this period, but this period is in , well after the release of GTM. So, not only does GTM give us a Jon who kisses, that perversion of the character leaks back into the original source material like Nermal coming back from Abu Dhabi. Just one more reason to hate this abomination. Luca the doberman next door is just a mean dog. Nothing more to him. No one wants you here. Continue Reading Below Advertisement Compare that to one of the original characters we love, like Odie, who is a dumb dog; Jon, who is a sad man; or Liz, who is a mean lady. Gee, I wonder why they would force a bunch of extra, flimsy characters into the script. Could it be to sell more toys?! Also, the Stephen Tobolowsky action figure is poorly constructed. The Movie will go down in history as yet another great comic movie ruined by CGI. Peter Hewitt seems to have been more interested in what CGI could do rather than what it should do. All us lasagna heads wanted was classic Garfield storytelling about hating Mondays and loving sleeping. Did we need him scrambling around air ducts, risking his life like a dumb dog? This proves that he misunderstands the Garfield property at its very core. Far less distracting than a CGI Garfield would have been simply dressing Bill Murray up in a full-body Garfield costume and creating a giant house set so that he looked cat-sized. The errors go on and on: In this so-called Garfield movie, he moves around a ton for a notoriously lazy cat, he talks to himself instead of thinking to himself did the director even read a single comic? This is what a Garfield love interest must look like, no exceptions. Continue Reading Below Advertisement One wonders how Peter Hewitt could have messed up a comic so perfectly suited for the big screen movies have three acts, and Garfield usually has three panels: But I do know two things. One, we true fans can only hope that the franchise rights revert to Jim Davis so that we can reboot with the movie that Garfield deserves. Two, this film should have been released on a Monday. Aaron Kheifets is an occasionally mustachioed comedian, writer, and director. You are allowed to follow him on Twitter , watch his videos , and look at his website. Deep inside us all behind our political leanings, our moral codes and our private biases, there is a cause so colossally stupid, we surprise ourselves with how much we care. In this episode of the Cracked podcast, guest host Soren Bowie is joined by Cody Johnston, Michael Swaim and comedian Annie Lederman to discuss the most trivial things we will argue about until the day we die.
