

Chapter 1 : Online Vedic Mathematics, Online Vedic Maths, Speed Maths techniques | E-Gurukul

Dr. B. Sai Kiran Vedic Maths Guru. Dr. B. Sai Kiran WORLD RECORDS. Guinness World Records; Global World Records; Lime Book Of Records Here is an opportunity to.

I was a great class. Thank you for helping others in quest for knowledge. I feel that these are the short cut techniques but not really original concepts? Thanks to E-Gurukul campus and a million thanks to Mr. Sai Kiran for teaching us with a great patience. Meghana12 Ganesh G Knowledge Gained: Thank you Gurukul and Sai Sir for that!! Anonymous Recommends You It was a great experience. Sai Kiran and Gurukul. Thanks a lot for teaching us this wonderfull art of math which I wanted to learn from my childhood but never got any opportunity. You were very polite and clear. Its not that people of India are not aware of this art. Its time now to reform our education destroy every sign of British rule, and made compulsory this kind of ancient Vedic Math and many things in education, teach right history and facts to Indian Youth, No one knows What exactly we were, and what exactly had happened. Thy have change Indra Knowledge Gained: Thanks to E-Gurukul team ,Mr. Sai Kiran and Ms. Usha for providing such excellent sessions. Regards, Sri Anonymous Knowledge Gained: It was one of the most priceless learning sessions I have attended. In such a short time, Mr. Sai Kiran covered so many important topics and made is so simple to understand. It was just great! We hope to see him again in near future with sessions on Advanced Vedic Math covering Algebra and Geometry. Thanks an area rarely covered even on the web. If we teach to youngsters it is knowledgeble. I recommend if schools follow this method very useful. Otherwise it is confusing young minds. Amazing techniques that were rusting are in dutiful hands of Mr. Sai Kiran who is dedicating his time to sharpen and share the wealth of knowledge. There is a need to spread the information about such a wonderful program you are creating. I had expected more than participants, however compared to hard work you are doing, the number of participants were very low. It would be useful to request every participants to pass on information about your website to atleast 5 of their friends. Thank you very much to Mr. However I have prior experience of attending WebEx sessions. I enjoy the profession of teaching and I teach my students too of Vedic maths, which I learned by books. I got to know things in different manner listening from an eminent personality in the field today. I express my heart-felt thanks to Mr. Sai Kiran sir and as well Gurukul team for providing us such a wonderful session. Regards, Ganesh G, Hyderabd, India. I have already passed on this information to a local college in chennai. Sai Kiran and e- gurukul team. The session was just awesome. Anonymous i learned a lot of fast techniques Anonymous.

Susheel Kumar Shinde in the year No of Live Sessions " 5 , Duration " Weekly session " 2. Anyone and everyone who is keen to develop their Mind power. Internet to support Live streaming of videos etc. Description of the Training: The participants will accomplish a super power Memory by the end of the session. All these techniques are based on vedic techniques called the ka ta pa ya di paddathi. These are the most kept secrets using a person can use his mindpower like a computer. The other way around these techniques are a wonderful exercises for both the left and the right brains. Mnemonics is the scientific approach to organise our memory. Many centuries ago, the ancient Indian sages did a lot of research on the mind and its abilities and invented many techniques how to use the mind effectively. They also invented some amazing Mnemonics to remember just about anything and everything. Memory, usually goes around remembering facts and figures about any given thing. Facts include remembering the terminologies and names whereas the figures include the numerics pertaining to it. Mnemonics show us how we can store in our mind this information in an easy and effective manner without the strain of rote retention. Mnemonics exercise incorporate use of both the left and right hemisphere of the brain, hence practicing it not only boost up the memory power but also the level of intelligence in a person. It also aids in developing lateral thinking and creativity in a person. Topics that will be covered in course Introduction to Memory Power Introduction to Mnemonics Introduction to Brain Mino Memorizing tangible data, intangible data, numeric data, Alpha Numeric Data, Memorizing cryptic and very difficult words without any difficulty, Memorizing lengthy text. Mind mappings, Judicious techniques, Ingenious techniques, the ancient technique of chekshu- rakshara-samyogam and many other techniques to remember just about anything.
