A depression or hollow, usually filled with deep mud or mire. A state of deep despair or moral degradation. The dead outer skin shed by a reptile or amphibian. Medicine A layer or mass of dead tissue separated from surrounding living tissue, as in a wound, sore, or inflammation. An outer layer or covering that is shed or removed. A solvent rather than a precipitate, a sedative rather than a stimulant, a slough rather than a precipice; blurring the edges of truth, the definition of virtue, the shape of beauty; a cracked bell, a mist, a death wish. Presidential Candidate Donald Trump. Democrats, the Loony Left, mainstream media and social media propagandists and censors, Marxists, liberals, globalists, elderly hippies, aging boomers, welfare moochers, unicorn chasers, transgendered bathroom rights crusaders, rabid feminists, rainbow dancing socialists, Black Lives Matter racists, Antifa agitators, Never Trumpers, the Millennial snowflake generation, and government drones who subvert the U. Constitution for their taxpayer-subsidized paychecks. Indeed, their arrogance never ceases to amaze. On a basis of liberal-humanism, there is no creature in the universe greater than man, and the future of the human race rests only with human beings themselves, which leads infallibly to some sort of suicidal situation. The efforts that men make to bring about their own happiness, their own ease of life, their own self-indulgence, will in due course produce the opposite, leading me to the absolutely inescapable conclusion that human beings cannot live and operate in this world without some concept of a being greater than themselves, and of a purpose which transcends their own egotistic or greedy desires. Alternatively, human beings relapse into mere carnality, into being animals. And it is in that situation that western man is increasingly finding himself. Truth, to them, is simply that which they WISH to be true. Of course, all of this illicit insanity would have especially come to surface if Hillary Clinton won the Presidential Election. This is why Former U. You cannot be civil with a political party that wants to destroy what you stand for, what you care about. At the same time, they called the judge a lying pervert, even as they desired to hang him in the public square on the basis of false allegations, and for purposes of political expediency. Conservative, and even politically centrist, white men are now excluded to the point they can have their reputations ruined by false allegations, slander, and innuendo. How did you get home? Where is the place? What neighborhood was it? Moreover, on October 8, President Trump boldly stuck his proverbial knife a little deeper into the mire: The Senate confirmation process was contentious and emotional. That process is over. My focus now is to be the best Justice I can be. I take this office with gratitude and no bitterness. On the Supreme Court, I will seek to be a force for stability and unity. My goal is to be a great Justice for all Americans and for all of America. I will work very hard to achieve that goal. It will be very interesting to see what happens next. Appropriately, the elephant is the party symbol of Republicans and elephants are said to have long memories. Perhaps, the dirty mob hates Trump because he forces them to face their own hypocrisy. Except, next time, it will probably be more serious. Can voting stall the inevitable? Is it worth another try?
