

Chapter 1 : Birgit O'connor - Watercolor Workshops, Watercolor Painting, Art Gallery

"The Watercolor Workshop" video course is a comprehensive learning experience designed to provide the student with the most comprehensive approach to watercolor painting through easy to understand modules that include HD videos and Ebooks.

Become a confident watercolour artist in 6 hours. Dedicate just 1 hour per week for 6 weeks to learn a new skill! Paint Follow along with your brush No previous skills needed. Grow Continue to grow with step-by-step videos, projects, and downloadable sketches. How watercolour enhanced my life and my business Hey! I was able to skyrocket my business and develop new products from home all thanks to watercolour painting. Although I have a lifetime of art training, for over a decade I spent my time building my career as a website and digital designer. I worked with celebrities, huge corporations, and thousands of businesses and individuals every single day. I rediscovered painting during a struggle with anxiety. I fell in love with watercolour and how calming the practice was. I was able to eliminate stress and express my feelings through art, unlike I had before. With my extensive background in technical digital work, I was able to incorporate my artwork into my business strategy! I began creating patterns and watercolour designs for home decor items, tech accessories, and even branding elements! My first watercolour book is set to be released nationwide in August, All because I took the leap and honed in on a new skill. Now, I want to help you. I know how intimidating it can be to start a new medium. I also know how it feels to deny your inner artist, doubt yourself, and deal with stress and anxiety. But I want you to know that you can do it. A place where imaginative people like you can become experienced with watercolours and improve your skills and painting techniques so you gain the confidence to paint fearlessly. I will help you overcome the fear of trying new things by letting you take the first step without being judged. You can learn how to watercolour paint at your own pace in your relaxed home environment and connect with others just like you through our Facebook group. Imagine if you could eliminate negative thoughts and express yourself through your own artwork! What if you could offer hand-painted products to your existing customers? Or add a new skill to your design arsenal? What if you could feel confident in teaching your children a creative project and allowing their inner artists to shine? Or what if you just dedicated a small amount of time each day to focus on yourself and zone out? There are so many reasons to start! Seriously, getting in touch with my creativity, with your guidance is amazing. Please keep up the good work and I so enjoy learning and growing in skill with your calm direction! This is a blast.

Wet on Wet Techniques The process of painting wet on wet. What it means, how to do it, and what not to do!

Making Patterns Pattern making with Photoshop is a skill that can be used for so many applications like products and digital downloads.

Wet on Dry Techniques How and when you should use this technique to create bold artwork.
