

Chapter 1 : "Friends" The One Where Rachel Goes Back to Work (TV Episode) - IMDb

After many years, Rachel returns for Ann Williams once more, begging for the gorgeous woman's pity, love, and forgiveness. Now, Ann is a successful college professor, with a cold loveless heart that Rachel had destroyed many years before.

After Chill is murdered for testifying against Mafia boss Carmine Falcone Tom Wilkinson , Bruce reveals to Rachel that he intended to murder Chill himself, and is angry that he was deprived of revenge. Rachel is horrified and tells Bruce that his late parents would be ashamed of him. Soon afterward, Bruce leaves the United States and Rachel continues her studies in law school. Years later, she becomes an Assistant District Attorney. Rachel dedicates her life and career to eliminating crime in Gotham, in the process making enemies of Falcone and later Dr. Rachel is intrigued by the masked crime-fighter, unaware that he is her old friend Bruce. After her boss is murdered by thugs working for Crane, Rachel takes over his job until a replacement can be found. Shortly afterward, Falcone has a psychotic break in police custody, and Rachel believes he is faking it to avoid trial, unaware that Crane drugged him with his fear toxin. When she goes to Arkham to evaluate the situation, Crane drugs her with fear toxin as well. He then sedates her and has his butler, Alfred Pennyworth Michael Caine , take her home. Crane, who has now assumed the criminal alter ego of "The Scarecrow", attacks her again. Batman saves them at the last minute and gives Rachel a hint as to his secret identity. Towards the end of the film, Rachel visits the remains of Wayne Manor, finding Bruce and Alfred sorting through the wreckage. She and Bruce share a kiss, but she tells him that they cannot be together until Gotham no longer needs Batman. The Dark Knight[edit] Main article: Dent soon asks Rachel to marry him, but she does not have a clear answer, being torn between her love for both men. Batman arrives and fights off the men, but the Joker grabs Rachel and throws her from the skyscraper window. Batman jumps out the window after her, breaking their fall on a car below. Rachel is next seen at the funeral of police commissioner Gillian Loeb Colin MacFarlane , who was murdered by the Joker. At the funeral, the Joker attempts to assassinate Mayor Anthony Garcia Nestor Carbonell , and leaves behind evidence indicating that Rachel will be next. There she and Bruce briefly rekindle their romance. He admits that he desires to turn himself in as Batman and hopes they could eventually be together, which Rachel says cannot happen if he goes to prison. Dent holds a press conference and claims to be Batman. Rachel is disgusted that Bruce would let Dent take the fall for him, and gives Alfred a letter to be delivered to Bruce "when the time is right. Batman interrogates the Joker and learns that the lives of both Dent and Rachel are at stake. The Joker tells Batman that he must choose which one of them to save and gives him both locations. Both Rachel and Dent are tied up in rooms surrounded with gasoline drums and remote-controlled explosives, with phones attached so they can talk to each other. Rachel tells Dent that she wants to marry him. She explains that while Gotham may come to no longer need Batman, she now feels that the day when Bruce no longer does will never come. She urges Bruce not to give up faith in other people, even if she has disappointed him. When Bruce relates to Alfred that his only solace is the knowledge that she would have waited for him, Alfred decides to burn the note, sparing Bruce the pain of the truth. The Dark Knight Rises[edit] Main article: Bruce, having given up the mantle of Batman, is portrayed as still mourning Rachel eight years after her death, rarely leaving Wayne Manor and failing to move on and find a normal life that Rachel once promised him. In an attempt to stop him, Alfred finally confesses to Bruce that Rachel chose Dent and that he burned the letter in order to spare Bruce the pain. Throughout the film, Bruce keeps a picture of Rachel. By the end of the film, however, he is in a relationship with Selina Kyle Anne Hathaway , and has passed on his legacy to Detective John Blake Joseph Gordon Levitt so he can finally get on with his life.

Can you describe how your faith has developed throughout your adulthood? I grew up a conservative evangelical, so I was pretty into the Bible. I had memorized large portions of the book of Romans before I was eleven. As I became a young adult, I started to question some of the things that I had learned within that conservative evangelical culture, including some things about how I was supposed to read the Bible. I encountered stories in scripture that troubled me, like the ones where God commands the people of Israel to commit genocide against their enemies, stories about women that were squarely rooted in a patriarchal culture, and these weighed on my mind to the point that I started to question everything about my faith. I wanted to share that with people in a way that they might find entertaining and intriguing and fun. Are you still an evangelical? I think that ship has sailed! There are a lot of people who want to stick around and reclaim the evangelical label, and I support them in that. But I think the election of Donald Trump was a final nail in the coffin for me. Plus, now that I attend an Episcopal church, it feels a little disingenuous for me to say that I identify as an evangelical. My views are now so far afield from the typical political and sometimes theological views of most evangelicals that I guess I would say I am squarely Episcopalian now. Do you give much thought to the invariably male pastors and seminarians who will be on Twitter criticizing your hermeneutics or your exegesis? Do you think that will happen? But I am a voracious reader and I cited my sources. I also had two biblical scholars look over it and give me feedback. I sent it to everybody to make sure that I was on the right track. My thinking is that reading and engaging the Bible is not left to the scholars. What would the floor be made of? What would they be sitting on? Who would be there? What would it smell like? But every page of this book was significantly informed by the work of biblical scholars. People like Walter Brueggemann and N. Wright, of course, and significant portions were informed by womanist scholars. Also some feminist theology, some liberation theology I did my research for this book and I stand by it. You advocate a midrash approach to Biblical interpretation. What is that, and why is it preferable to literalist or inerrancy approaches? Midrash is a Jewish rabbinical interpretation of scripture. In the Jewish community, there is this appreciation for differences and contradictions and questions that are left in the text. This is very different from how Christians tend to approach the Bible. We treat it like a zero-sum game. It clings to a single, narrow, vulnerable view that has to be defended at all costs. You are very sensitive to certain concepts from the progressive vocabulary like privilege and marginalization and to the influence they have on Biblical interpretation. So how do you react when someone like Franklin Graham says that progressive is another word for godless? A white man at an evangelical seminary is also in a context. Is that protest godless? It seems like the righteous thing to be doing. So given your approach to scripture, how do you react when Jeff Sessions quotes Romans 13 to justify that policy? Sessions seems to have forgotten that Jesus was executed by the state for subversion, as was the Apostle Paul, who wrote Romans. At minimum, it was a misuse of scripture. As I note in the book, if you go the Bible looking for a weapon, you can find or make one. People have looked to scripture to justify slavery, genocide, atrocities against indigenous people. You can twist the Bible to say just about anything you want. Shakespeare said it well even the Devil can quote scripture to his own purposes. The point of scripture is to teach us to love God and to love our neighbors. So if you are using the Bible to harm your neighbor, you are using it wrong. Most white evangelicals now use the Bible to justify their marriage to Donald Trump. How should the Bible be used by the Resistance? But I think his election is significant to the story of American religion. Xerxes was a misogynistic, fragile, pathetic racist who had been entrusted with this huge empire and relied on his advisors to tell him what to do, who took the smallest personal slight and blew it up into a huge crisis there are so

many parallels between his reign and the Trump administration. And ultimately, Xerxes was bested by a Jewish orphan and a few eunuchs. This one reminds me that beneath all the bluster, the emperor has no clothes.

He urges them to post it online when Finn suggests it, saying, "You guys need to stop being such asses and start being badasses. He claims that the song Ice Ice Baby "should be arrested for the crime of sucking. Jesse says that being triple-cast with two other guys opposite your girlfriend is humiliating. She explains to him that she has a "pathological need to be popular," saying that a fellow star should understand. He asks her not to talk to him at ballet club, furthering the point that he is actually hurt by what she did. There is then a scene with Jesse and Rachel and what is presumed to be the ballet club, where Jesse takes over the song for a brief period of time. Back in the choir room, the members of the club leave the room, until it is just Rachel and Jesse. He looks up at her, hurt, before leaving the room as well. Dream On Jesse returns to help Rachel find her biological mother. Nothing is said as to whether her motives also include sabotaging New Directions. Jesse calls Rachel asking her to meet him in the parking lot where Vocal Adrenaline eggs her, during which Jesse looks guilty and hurt. Jesse holds his egg, not wanting to throw it. When Giselle pressures Jesse to be "one of them," he looks at the egg in his hand and walks slowly to Rachel. She tells him to "break it like you broke my heart. New Directions get back on Vocal Adrenaline at the end of the episode, performing Give up the Funk and Jesse confesses he is "truly depressed" because Vocal Adrenaline was never able to "pull off a funk number. Though he has no lines in the episode, he does continually look over at Rachel when the results are announced. He seemingly cannot take his eyes off her, looking over at her again even after Vocal Adrenaline is named the winner of Regionals, making it the fourth consecutive year that they have won. After he is lifted into the air by his teammates, holding the first place trophy, Jesse looks over at Rachel again. Prom Queen Jesse shows up when Rachel is practicing Rolling in the Deep as a potential song for prom. He interrupts her after she sings the first two lines, and they continue the song as a duet. When they finish singing Rachel asks Jesse what he was doing there and he says he was kicked out of college for not attending his classes and that he also wanted to see Rachel. He goes to the prom with Rachel, Sam , and Mercedes as friends. While the four are at dinner, he proposes that he start a show choir consultant business, which Rachel takes to with enthusiasm, calling him the "show choir whisperer. Finn shoves Jesse and he retaliates. Sue returns right as Finn tries to punch Jesse, and they both get kicked out of prom. Funeral Will announces that Jesse is going to be helping the glee club. Schue that they should hold auditions to see who should be lead at Nationals. The club does not take his advice and help with the funeral anyway. When Santana, Kurt, and Mercedes audition, he offers biting criticism in return, to which they take offense. In a later scene, Jesse is having Brittany tape him and Mr. Schue announcing the results. Brittany asks Jesse to come onto Fondue for Two to judge her cat. Jesse then tells Mr. Schue that with Rachel as their lead, they will win Nationals. Later we see Rachel in the auditorium. Jesse walks in, and Rachel asks why he wanted to meet her there. He said she was going to sing lead at Nationals, but then he said the real reason he came back was for her. He admits that he once thought that fame was the most important thing in his life, but now he knows that there is something more important: They kiss, not knowing that Finn is there and sees them. Schue then announces that he will not be picking a lead vocalist based on their auditions, and that they will be doing original songs at Nationals. After New Directions performs Rachel and Finn are talking about how they did and the kiss they shared on stage and when Finn says it was "The kiss of the century," Jesse says he was wrong and that it was unprofessional and it cost them the competition. Finn tries to tell Jesse to back off, claiming he was jealous of what they shared together. This does not move her, she does not continue talking to him and kisses Finn later in the episode. Jesse can also be seen at the back of the group when New Directions goes to look at the results. He looks disappointed and upset. In a later scene, Kurt tells Blaine that afterwards Jesse told the others that it was the kiss that cost them Nationals. Blaine agrees that the kiss was unprofessional. Although it is unconfirmed, it is most likely that Jesse officially resigns after Nationals from assisting New Directions win the competition. Saturday Night Glee-ver Jesse accuses Kurt and Mercedes of being sent by Will Schuester to spy on the

Regionals performance of Vocal Adrenaline , the glee club which he has now become the coach of. Jesse then reveals his intention of firing Wade Adams to the two of them following the competition. He is mortified upon seeing Wade dressed up as a woman as he leads the performance, and he forces his way past the audience to get to the stage, ordering Wade to get off the stage. Wade refuses, and receives a standing ovation from the crowd as the performance concludes. As he tries to get under her skin, she points out that they dated long enough for her to know that when Jesse gets nervous he gets mean. She also reminded him about the attention Unique is getting. When Finn arrives, she walks away, and he and Jesse share a tense moment until Jesse ultimately congratulates Finn on his engagement to Rachel, resulting in the two shaking hands. You can tell that Jesse is also showing remorse for his past actions and is proud of Rachel. Later, Jesse stops Carmen in the lobby, reminding her that when he auditioned for her a few years ago, she told him he showed promise. She acknowledges that she probably did say that, but adds that she auditions hundreds each year and attempts to blow off what she thinks is going to be a professional appeal. Jesse insists she listen: This is the last time he is seen in Season Three. After the performance, Rachel asks him what he is doing there. He is in town because his mom is having a tummy tuck and he is helping her out. He asks about the Broadway role that she was offered and tells her that he is the male star that will be playing in the show. He convinced the producer that Rachel was perfect for the role. He tells her that she belongs on Broadway and needs to get back to New York. Later, Jesse is sitting in the auditorium and Rachel comes and talks to him. They discuss missing performing in glee club and Jesse offers that Rachel can stay with him in New York while she looks for a place. They share a sweet kiss and he says that he will see her soon. Jesse is later seen accompanying Rachel to the Tony awards as a caring husband. When Rachel wins the Tony Award for Best Actress in a musical, she thanks him along with her friends from the glee club and Mr. Schue in her speech. He is later seen in the auditorium during the performance of I Lived. Personality Jesse is essentially the male equivalent of Rachel Berry. Jesse tends to come across as vain and conceited, and his hardcore desires have forced him to supposedly create an overly confident personality, which is arrogant, dismissive and rude. He claims that this behavior is a Jesse threatening Finn to a sing-off. He also seems to rush into things, like Rachel does, such as a relationship with her in which both confess to be "deeply in love."
